Differential Rates

The Shire of Boddington has utilised a differential rating strategy since 2017/2018 to achieve substantial improvements to facilities, maintain modest rate increases and ensure that all ratepayers make an equitable contribution to the operation of the Shire. For the full Objects & Reasons for differential rating, please visit the Rates page on the Shire website.

Code	Rate in $	Min. Payment
GRV	11.1213c	$900
UV Rural	0.6196c	$900
UV Mining	3.5258c	$900
UV Commercial	2.5432c	$900
UV Rural Residential	1.0326c	$900

Rating Information

Rates make up about 60% of the Shire's revenue to fund local community infrastructure and services. Annual rates are calculated by multiplying the property's rating valuation by the rate in the dollar. Rating valuations are reviewed by Landgate Valuation Services each year for Unimproved Valuation (Rural) Properties and every five years for Gross Rental Valuation (Townsite) properties.

Direct Debit Payment Method

Ratepayers have the option to pay their rates interest free by continuous monthly instalments via Direct Debit. Full payment and instalment options amounts can also be deducted by direct debit. Contact the Shire on (08) 9883 4999, or visit the Rates page on the Shire website to obtain an application form.

Credit Card Payment Method

Rates can now be paid using MasterCard or Visa credit card online via the Shire's website. Please visit our website to make payment using a credit card.

2022 - 2023 Ratepayer Information

A Message from the Shire President

It is with pleasure that, on behalf of the Elected Members of the Shire of Boddington, I present the 2022-23 Budget. This year promises to be an exciting one following several months of engaging with the community to plan for our future which culminated in the finalisation of the Council Plan 2022 – 2032. This Plan directly influenced the 2022/23 Budget, with all projects identified in Year 1 of the Plan being funded.

The progression of an appropriate and sustainable aged care facility remains a priority, with funding allocated for the continuation of the planning process and a masterplan for the facility. Council has also approved the community gym project, with an allocation of $100,000 expected to supplement a grant application of a similar amount. Planning for the rehabilitation of the Lions Weir and the adjacent waterway will also commence in 2022/23. In total, over $1,220,000 has been allocated to new capital projects that will deliver the community aspirations outlined in the Council Plan.

We have refocused on maintaining our existing essential assets with $165,000 set to be invested into footpaths, $1,355,000 into roadworks, $164,000 into buildings, and $100,000 into drainage improvements.

The charges in relation to providing domestic refuse collection services has increased due to rising costs, and therefore the rubbish charge for 2022/23 has increased by $25 per service. Limitations on domestic access to the refuse facility was removed in 2021/22, with this proposed to continue. Charges still apply for commercial customers and some waste types.

Significant amendments to the Shire's rating strategy have been made this year, after a full review of all differential rating categories. Full details of the amendments, as well as the annual budget and Council Plan are available on the Shire's website.

We look forward to a year of project delivery, strong leadership and continuing to plan responsibly for a strong future.

Garry Ventris
Shire President

What are rates used for?

Rates help the Shire of Boddington fund essential programs, services and facilities for the community. As well as maintenance of the Shire infrastructure, ongoing investment in areas such as roads, paths, parks and sports grounds is imperative.

Rates also help fund the many community services the Shire provides such as sports facilities, youth services, library services, arts and events programs, as well as business development.
