# 2020 BODDINGTON LIONS RODEO

Since its inception in 1976, the Boddington Lion's Club has successfully run the Lions Rodeo annually on the first Saturday in November each year. Recognised as the largest rodeo in Western Australia, the rodeo weekend has something in store for everyone. We look forward to welcoming Australia's best competitors to Boddington.

The 2020 Rodeo will feature a full day of events, commencing from 9am. Food trucks, markets stalls and children's entertainment will be available all day, with a fully licensed bar also operating. This event does not allow for BYO.

# WHAT GOES ON AT THE RODEO?

An explanation of some of the major points will assist you to understand the important aspects of major Rodeo events. At all times, contestants must ride to set rules, the judges allocating points for the style of the rider and performance of the horse or steer. At no time is the rider permitted to abuse or mistreat the stock.

## Saddle Bronc Riding

The contest is judged on the rider's ability to synchronise his movements with the bucking rhythm of the horse. To qualify, the contestant must 'mark out' (having his spurs resting forward of the horse's shoulders until the horse completes his first jump out of the chute). He is disqualified for touching any part of the animal or equipment, losing a stirrup or getting bucked off before eight seconds has elapsed.

## Bare Back Riding

Points are given for the rider's style and flair on a horse which he has no control. The contestant has one hand in the 'bare back riggin' leather handhold and he must keep the other from touching the horse or himself. The rider must mark out and stay on board for eight seconds.

## Team Roping

The two member team is made up of a header and a heeler. The header ropes the steer around the horns, then the heeler must rope both of the animal's hind legs. Official time is taken when both catches are made, the ropes are tight and the horses are facing each other.

## Barrel Race

Each contestant runs their horse in a clover pattern around three large barrels, with the fastest time deciding the winner

## Steer Undecorating

Contestants on horseback chase a steer that has a ribbon taped to its back. The rider must get the ribbon in the shortest possible time while a hazer keeps the steer running in a straight line.

## Break-away Roping

This is a timed event in which a rope is tied to the saddle horn with a ribbon. After the rider ropes the calf, they stop their horse. The running calf breaks the tie, pulling the rope from the saddle horn.

# WHAT GOES ON AT THE RODEO?

## **Bull Riding**

In the most dangerous event in the Rodeo, the contestant earns points for staying on a bucking bull for eight seconds. The tougher the bull and the greater control shown by the rider, the more points they earn. To help the rider keep his grip, a braided rope wrapped around the bull's chest is pulled tight by the rider's hand.

## **Steer Wrestling**

Two riders, being the steer wrestler and the hazer, follow each side of a running steer. At the right moment, the steer wrestler launches himself off his horse, taking the steer by the horns. He must stop the steer then throw it to the ground. When the steer is laying flat on its side, official time is taken.

## **Rope and Tie**

The mounted contestant follows the stock until he can throw his loop. If he makes a catch he then dismounts, runs down the rope and ties the stock by three legs. Time is then taken, but to qualify the animal must remain tied for five seconds.
