ACKNOWLEDGEMENTS

ACKNOWLEDGEMENTS

Please confirm the following:

☐ I understand this program supports planting on private property only and does not include verge or street tree planting.
☐ I understand that plant allocation is not guaranteed and is subject to eligibility, suitability and available supply.
☐ I understand that all planting, watering and ongoing care is my responsibility.
☐ I acknowledge that the Shire does not install plants and does not guarantee plant survival.

DECLARATION

☐ I declare the information provided in this application and attachments is to the best of my knowledge true.

☐ I understand false or misleading statements listed in this Application can result in the application being rejected or the withholding of any trees that may be approved as result of this application.

FAQs

1. **What is this program about?**
   This pilot program supports residents and landholders within the Shire of Boddington to plant locally appropriate native trees to increase shade canopy, improve biodiversity, and enhance landscape resilience.

2. **Who can participate?**
   a. **Stream 1** – Native Plant Subsidy (Large Landholders)
      Available to landholders with properties greater than 2000m² within the Shire.

   b. **Stream 2 – Backyard Tree Planting** (Households)
      Available to residents living within the Shire of Boddington. Proof of address and owners permission (if renting) is required during collection.

3. **How many trees can I receive?**
   a. **Stream 1 –** 1 tray (64 tubestock) per eligible property (subsidised at $25). You can share trees with other landowners if you do not have the capacity to plant all the trees on your property.
   b. **Stream 2 –** Maximum 2 free trees per household, first-come, first-served.

4. **How much does it cost?**
   a. **Stream 1 –** Subsidised tray cost – $25 per tray (64 plants).
   b. **Stream 2 –** Free (first come first served).

5. **What species are available?**
   Species are selected based on:
   a. Local suitability (Peel region conditions)
   b. Soil compatibility
   c. Bushfire considerations
   d. Biodiversity benefits

6. **When can I apply or collect trees?**
   a. **Stream 1 – EOI Required**
      i. EOI Open: 16 March 2026
      ii. EOI Close: 27 March 2026
      iii. Collection dates will be communicated at a later date.

   b. **Stream 2** – **No Application Required**
      i. Collection dates will be communicated at a later date.

7. **Where do I collect the trees?**
   Collection location and instructions will be advertised prior to the collection dates.

8. **Do I need to plant the trees myself?**
   Yes. Planting, watering and ongoing maintenance are the responsibility of the landholder or resident. The Shire does not provide follow-up maintenance or replacements.
   Please download the tree planting and care guide here.

9. **Will tree guards be provided?**
   Cardboard tree guards will be provided where available (subject to external funding confirmation).

10. **Can I choose any species?**
    No. Shire has pre-purchased the selected species and only these are available through the program.

11. **What happens if demand exceeds supply?**
    Shire is running this as a pilot program to know the interest. Therefore stock is limited.

12. **Is this program ongoing?**
    This is a pilot program. Outcomes and community interest will inform whether similar initiatives are considered in the future.

13. **What if I cannot plant all 64 trees in Stream 1?**
    Where appropriate, trays may be shared with another eligible landholder to ensure all plants are planted. This will be the responsibility of the prime applicant receiving the subsidised tray of trees.

14. **Why is the Shire doing this?**
    The program responds to:
    a. Historical vegetation loss
    b. Need for increased shade canopy
    c. Biodiversity restoration
    d. Council Plan objective 8.1.2 (street tree program)
