

NOW IS THE TIME

TO CLEAN UP YOUR PROPERTY AND MAKE IT FIRE SAFE FOR SUMMER

Clean up the long grass around your house and sheds, cut back those over hanging branches.

Stand at the front of your house and think if a fire came from this side what would catch fire and burn my house down?

How can I stop that happening?

Do this to every side of the house.

Now repeat this for every building or asset that may be affected by a fire

You now have the first stage of your own fire protection plan

PUT IT INTO ACTION

For more information contact your local Bush Fire Brigade Captain or the Shire office
