#### Summary

Council is requested to consider a revised proposal from the Boddington Community Resource Centre to make a financial contribution towards the Friday Night Festival and Saturday Street Parade events on an annual basis for three years, commencing November 2025.

#### Background

In September 2021, Council approved \$10,000 in funding to be allocated to the Boddington Community Resource Centre (CRC) for the 2021 Friday Night Festival as a one-time arrangement, due to event planning not occurring in sufficient time to source grant funding.

Subsequently, in April 2022, Council approved \$5,000 in funding to be allocated to the CRC for the Friday Night Festival event on an annual basis for three years, commencing November 2022. The multiyear funding arrangement provided the CRC with certainty of funding to enable forward planning and a longer lead up time to achieve better outcomes from Friday Night Festival delivered in recent years.

In June 2025 the CRC submitted a written request for a new multiyear funding agreement for the Friday Night Festival events in 2025, 2026 and 2027 at \$10,000 per year. In addition, the CRC submitted a request seeking the Shire's support with traffic management for the Saturday Street Parade, due to cost escalation. Council resolved to allocate \$10,000 in annual funding to support the delivery of the Friday Night Festival and Saturday Street Parade events, for a period of three years commencing November 2025.

In October 2025 the CRC confirmed (Attachment 9.1.1A) its intention not to proceed with the Saturday Street Parade. This decision was reached on the basis the costs are disproportionate to the level of benefit achieved. For instance, the expenses associated with delivering the Saturday Street Parade are documented to exceed \$19,000 for an event duration of approximately 30 minutes. It is the CRC's preference to add value to the existing weekend program, such as incorporating more elements for teenagers at Friday Night Festival.

The CRC have requested funding of \$10,000 be maintained, for the Friday Night Festival only, for a period of 3 years.

#### Comment

There are a number of advantages in maintaining a multiyear funding agreement with the CRC to deliver the Friday Night Festival. Providing stability will enable the CRC to maintain certainty in resourcing to plan more effectively and start to cultivate a more strategic outlook to planning and expanding the event in future years. There is then more opportunity to focus on event quality and innovation, including identifying options to grow the event to appeal to a broader spectrum of visitors and activate more areas of Boddington's primary tourism precinct, adjacent

to the Old School Oval, including Hotham Park. The multiyear funding agreement will strengthen the sense of partnership and collaboration with the CRC by encouraging shared ownership in delivering on People, Place and Prosperity outcomes contained within the Shire's Council Plan 2025-35.

The Shire's funding contribution is intended to be used for items of event expenditure, including entertainment, safety and compliance, as well as marketing. The CRC has pursued other grant funding and sponsorship opportunities to maximise the event's impact and has acknowledged the higher level of funding will address escalating expenditure associated with delivering the event, as well as broaden the scope of activities for youth.

It is acknowledged there are CPI increases that impact the associated expenditure in delivering events, particularly the cost of transport for entertainment and staff to Boddington. It is proposed to increase the annual contribution to acknowledge this impact to maintain the quality of event experience, however, noting it needs to be balanced with the CRC considering the targeted funding opportunities available to the not-for-profit sector.

The Shire currently supports the CRC in the lead-up to the Friday Night Festival through in-kind staff contributions. In considering the overall level of support provided to the CRC, both financial and in-kind contributions to the Friday Night Festival need to be taken into account when determining the level of funding.

It is recommended for the Shire provide a financial contribution of \$7,000 per year for 2025, 2026, and 2027. This funding is intended to continue supporting the delivery of the Friday Night Festival, while acknowledging the cost escalations and aspiration to incorporate additional elements into the event. In future years this will also strengthen the CRC's capacity to leverage higher levels of matching funding from other sources.

#### Financial Implications

The draft 2025/26 Budget contains an allocation of \$10,000 to support the resolution of Council from June 2025.

#### Economic Implications

Friday Night Festival is a tourism generating event that stimulates the local economy by attracting visitors to stay in Boddington a day prior to the Boddington Lions Rodeo. Visitors

spend on accommodation, food, transport, retail, and entertainment, which then enhances the economic multiplier effect for local businesses and community groups.

#### Risk Considerations

Risk Statement and Consequence	The Friday Night Festival functions as a gateway to the Rodeo weekend by shaping a positive first impression of the town and overall weekend experience. Should funding not be provided, the CRC may be unable to deliver the same density of activity as previous years which may impact the quality of experience for visitors.

Dear Sam

### **Friday Night Festival Funding**

As per my initial letter of request, I am writing to confirm that the Boddington Community Resource Centre would like to seek funding support from the Shire of Boddington for the Friday Night Festival.

After careful consideration, and discussions with those who attend the Rodeo meetings we decided not to proceed with the Street Parade this year. We believe it is more beneficial to focus our time and resources on delivering one high quality event rather than spreading our capacity across multiple activities.

The Friday Night Festival has become the pinnacle event leading into the Rodeo weekend, setting the tone for the festivities and drawing strong community participation and tourism.

While the Street Parade has been a valued activity in the past, the increase cost of running it outweighs the benefit to the community. From initial quotes and budgets, it is expected to be a \$19,000 plus event just for the Street Parade. For what is essentially a half-hour event, the funds required could instead support another meaningful community activity. Holding the parade on local roads was explored, but we felt this would not bring the same benefit to local businesses and may draw people away from the already well established Saturday morning markets.

For these reasons, we would like to focus solely on the Friday Night Festival and deliver an engaging, inclusive, and vibrant event that caters to all ages with a particular focus this year on providing more entertainment options for teenagers.

We would therefore like to request the full \$10,000 in funding, as this support has been instrumental in allowing us to plan a well rounded event, secure higher quality attractions, and enhance the overall experience for our community and visitors alike.

Thank you for your continued support of the Boddington Community Resource Centre and our efforts to create events that celebrate and connect our community.

Yours sincerely

**Loren Bryant**  
Manager  
Boddington Community Resource Centre

## 9.2 CHIEF EXECUTIVE OFFICER

### 9.2.1 Appointment to Committees

#### Summary

Council is requested to consider appointments to Committees of Council and to various external committees and advisory groups.

#### Background

The Council currently has two Council committees established under the Local Government Act 1995, one established under the Bush Fires Act 1954 and one established under the Local Emergency Management Act 2005.

In addition, the Council is represented on a number of external groups and committees, and Shire working groups, to assist with the progress of various initiatives.

Council appoints delegates and, in some circumstances, proxy delegates to these groups, following each Ordinary Council Election.

It should be noted that Council is not required to appoint a delegate to each of the external Committees/Groups and may choose not to appoint a delegate if Council is of the view that there is little value to the Shire in doing so.

#### Comment

The current delegates to committees and groups are as follows:

The Audit Risk and Improvement Committee is comprised of a maximum of six (6) members, of which two (2) must be independent. All members have full voting rights.

It is recommended that no delegates be appointed to the Youth Advisory Committee, as this group has not been active for several years, and doesn't anticipate any requirement to meet through to the next election in 2027.

Disclosure of Interest: Nil  
Voting Requirements: Simple Majority  
Attachments: 9.3.2A Monthly Financial Report 30 September 2025

#### Summary

The Monthly Financial Report for the period ending 30 September 2025 is presented for Councils consideration.

#### Background

In accordance with the Local Government Act 1995, a statement of financial activity must be presented at an Ordinary Meeting of Council. This is required to be presented within two months, after the end of the month, to which the statement relates.

The statement of financial activity is to report on the revenue and expenditure as set out in the annual budget for the month, including explanations of any variances. Regulation 34, from the Local Government (Financial Management) Regulations 1996 sets out the detail that is required to be included in the reports.

#### Comment

The attached monthly financial statements and supporting information have been compiled to meet compliance with the Local Government Act 1995 and associated Regulations.

#### Consultation

Nil

#### Strategic Implications

Aspiration	Performance
Outcome 12	Visionary Leadership and Responsible Governance
Objective 12.2	Responsibly manage the Shire's finances, human resources and assets

#### Legislative Implications

##### *Local Government Act 1995*

Section 6.4 Specifies that a local government is to prepare such other financial reports as are prescribed.

##### *Local Government (Financial Management) Regulations 1996*

Regulation 34 states:

- (1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:
  - (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
  - (b) budget estimates to the end of month to which the statement relates;

- (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
- (e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5, and 6 prescribe further details of information to be included in the monthly statement of financial activity.

#### Policy Implications

Nil

#### Financial Implications

As disclosed in the financial statements.

#### Economic Implications

Nil

#### Social Implications

Nil

#### Environmental and Climate Change Considerations

Nil

#### Risk Considerations

Risk Statement and Consequence	Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.
Risk Rating (prior to treatment or control)	Minor
Principal Risk Theme	Reputational / Compliance
Risk Action Plan (controls or treatment proposed)	Nil

**SHIRE OF BODDINGTON**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**FOR THE PERIOD ENDED 30 SEPTEMBER 2025**

**1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES**

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

**Local Government Act 1995 requirements**

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**Judgements and estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

**SIGNIFICANT ACCOUNTING POLICES**

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

**PREPARATION TIMING AND REVIEW**

Date prepared: All known transactions up to 13 October 2025

Voting Requirements:	Simple Majority
Attachments:	9.3.3A Work Health and Safety Policy (Current) 9.3.3B Work Health and Safety Policy (Amended)

#### Summary

This report proposes that Council endorse and adopt the amended Work Health and Safety (WHS) Council Policy as per Attachment 9.3.3B.

#### Background

The Shire's existing WHS Council Policy outlines the organisation's commitment to providing a safe and healthy working environment. A recent review identified the need to update the policy to better reflect shared responsibilities under the *Work Health and Safety Act 2020 (WA)* and to ensure compliance with current legislative obligations.

The proposed amendments were developed in consultation with the WHS Focus Group and reviewed by the Executive Leadership Team (ELT), who endorsed the updated policy for Council consideration. Both the current and amended versions are attached for reference.

#### Comment

Key updates to the WHS Council Policy include:

- Expanding responsibility for WHS beyond the CEO to include all employees, contractors, volunteers, and councillors.
- Adding a definition for Person Conducting a Business or Undertaking (PCBU).
- Clarifying the policy's application across all Shire workplaces.
- Making minor enhancements to the Policy Statement to broaden scope and reinforce accountability.

#### Consultation

Nil

#### Strategic Implications

Aspiration	Performance
Outcome 12	Visionary Leadership and Responsible Governance
Objective 12.1	Maintain a high standard of leadership, corporate governance, and customer service

#### Legislative Implications

The policy aligns with the *Work Health and Safety Act 2020 (WA)* and *Work Health and Safety Regulations 2022 (WA)*. Adoption of the updated policy ensures the Shire's ongoing compliance with statutory obligations as a Person Conducting a Business or Undertaking (PCBU).

### Policy Implications

Upon adoption, the amended WHS Council Policy will supersede the existing version, ensuring alignment with contemporary legislative requirements and best practice in workplace health and safety management.

### Financial Implications

There are no direct financial implications associated with this report.

### Economic Implications

Nil

### Social Implications

The revised policy reinforces the Shire's commitment to the health, safety, and wellbeing of its workforce and community, promoting a culture of shared responsibility.

### Environmental and Climate Change Considerations

Nil

### Risk Considerations

Risk Statement and Consequence	Failure to maintain and implement an up-to-date WHS Policy may result in non-compliance with statutory obligations.

### 9.3.4 Boddington Medical Centre – Accommodation Request

File Reference:	1.004
Applicant:	Nil
Previous Item:	Ordinary Council Meeting   Res 158/24
Author:	Executive Manager Corporate Services
Disclosure of Interest:	Nil
Voting Requirements:	Absolute Majority

#### Summary

Council is requested to consider a request from the Boddington Medical Centre to continue the use of the Old Police Station accommodation for General Practitioner (GP) Registrars at the conclusion of the current arrangement, commencing 31 January 2026.

#### Background

At its Ordinary Meeting held on the 23 October 2024, Council resolved to support a request from the Boddington Medical Centre for the use of a residential house and the Old Police Station accommodation to assist in attracting and retaining medical practitioners within the Shire. The resolution approved the Old Police Station for weekday use by GP Registrars at a discounted rate of \$100 per night, recognising that affordable accommodation is essential to addressing local healthcare workforce shortages.

The arrangement has since proven successful, supporting the Boddington Medical Centre's GP training and registrar placement program. Throughout 2025, the accommodation has been well utilised by GP Registrars. In August 2025, usage was reduced from four nights per week to three nights per week, reflecting changes to the Medical Centre's registrar roster.

With the current agreement now ceasing, the Boddington Medical Centre has requested to continue the arrangement for a 12 month period, commencing 31 January 2026. It is proposed that the nightly rate should increase to \$105 (including GST).

This renewal would ensure continuity of support for GP Registrar placements in Boddington and maintain access to weekday accommodation critical to attracting medical professionals to the district.

#### Comment

The shortage of General Practitioners in Boddington continues to be a significant issue impacting access to healthcare services. The provision of weekday accommodation has been an important factor in attracting and retaining medical professionals through the GP Registrar training program.

The Boddington Medical Centre continues to demonstrate its commitment to the community through the recruitment of additional doctors and participation in medical training programs. The presence of GP Registrars has improved service availability and reduced patient wait times. Renewal of the accommodation arrangement for 2026 will support continuity of care and further enhance healthcare access for local residents.

At the time of decision at the Ordinary Council Meeting in October 2025, the overall revenue from January to September 2024 was \$9,275, compared with \$23,352 for the same period from 1 January to September 2025. This increase demonstrates that providing accommodation to support the GP Registrar program has generated a positive financial outcome while delivering

clear community benefits.

Based on three nights per week at \$105 (including GST) per night, the arrangement would generate approximately \$14,891 (excluding GST) per annum. The proposed increase to \$105 per night (excluding GST) is in line with the increase applied to the Shire's adopted Fees and Charges.

Although the Boddington Medical Centre has indicated a current requirement for three nights' use per week, it is recommended that approval be granted for up to four nights. This approach provides flexibility should the arrangements change during 2026. Approving up to four nights ensures continuity of service without the need to return to Council for a minor administrative amendment, while maintaining oversight of usage within the existing parameters of the accommodation arrangement.

### Consultation

Boddington Medical Centre

### Strategic Implications

Aspiration	People
Outcome 2	A healthy and active community
Objective 2.1	Improve access to health facilities and services
Action 2.1.2	Advocate for increased health services in Boddington, including an in-person Doctor service at the Hospital

### Legislative Implications

In accordance with *Section 3.58 of the Local Government Act 1995 (Disposition of Property)*, the provision of accommodation at a discounted rate constitutes a disposal of property.

The arrangement is exempt from the requirements of *Section 3.58 under Regulation 30(2)(b), Local Government (Functions and General) Regulations 1996*, as the property is being provided to a body whose purpose is of a benevolent and public nature. The use of the Old Police Station accommodation by the Boddington Medical Centre directly supports the provision of essential medical services to the community and is therefore considered an exempt disposition.

### Policy Implications

Nil

### Financial Implications

The proposed arrangement will generate a consistent income stream of approximately \$14,891 per annum based on four nights' use per week at \$105 per night.

This represents a small rate adjustment to reflect current costs, while maintaining affordability for the Medical Centre. The arrangement continues to support operational cost recovery and has a positive net impact on the budget, without reducing weekend tourist accommodation availability.

### Economic Implications

The continuation of this arrangement supports stable medical services, which in turn contributes to population stability, workforce retention, and the local economy through consistent

healthcare access.

#### Social Implications

Access to reliable and consistent healthcare remains a priority for the community. Supporting the Medical Centre's accommodation needs helps maintain the availability of doctors in Boddington and demonstrates the Shire's ongoing commitment to improving community wellbeing.

#### Environmental and Climate Change Considerations

Nil

#### Risk Considerations

Risk Statement and Consequence	The primary risk relates to reduced weekday availability of the Old Police Station for tourist bookings. However, failure to continue the arrangement could risk the loss of GP Registrars, impacting healthcare access and community satisfaction.
Risk Rating (prior to treatment or control)	High
Principal Risk Theme	Reputational
Risk Action Plan (controls or treatment proposed)	Nil

### 9.3.5 Consideration of Advertised Differential Rates

File Reference: 3.0039  
Applicant: Nil  
Previous Item: Ordinary Council Meeting | 63/25  
Special Council Meeting | 97/25  
Author: Executive Manager Corporate Services  
Disclosure of Interest: Nil  
Voting Requirements: Simple Majority  
Attachments: 9.3.5A Statement of Objects and Reasons

#### Summary

This report has been prepared for Council to consider submissions received as part of the advertising of the proposed differential rates, and to authorise a request to the Minister for Local Government, Industry Regulation and Safety to approve the proposed differential rates.

#### Background

At the Ordinary Council Meeting held on 27 June 2025, Council resolved to advertise the Statement of Objects and Reasons together with the proposed differential rates and minimum payments for Unimproved Valuation (UV) properties for the 2025/2026 financial year.

Following this, and noting that no submissions were received, Council at its 23 July 2025 meeting resolved to proceed with the application to the Minister for Local Government, Industry Regulations and Safety seeking approval to impose differential rates for the UV Commercial and UV Mining categories.

Subsequently, the Minister's Office advised that the application could not be finalised, as consultation on all differential rating categories was required before a decision could be made. As outlined in the previous report, the Shire had been awaiting new Gross Rental Valuation (GRV) data for Rural Residential properties, which had been delayed by the Valuer General's Office. To avoid delays to the budget process, the Shire proceeded with consultation on the UV categories only at that time.

The new GRV valuations were received in late September 2025, and at the Special Council Meeting held on 30 September 2025, Council resolved to proceed with advertising the proposed differential rates and minimum payments for all rating categories.

The following table details the proposed 'rate in the dollar' and minimum payment.

Rating Category	Rate in \$	Minimum Rate
GRV General	0.083499	\$1,052
GRV Rural Residential	0.058650	\$1,052
GRV Mining	0.139166	\$1,052
UV Rural	0.003815	\$1,052
UV Mining	0.026823	\$1,052
UV Commercial	0.018591	\$1,052
UV Rural Residential	0.007536	\$1,052

## Comment

The advertising period for this round of differential rates and minimum payments commenced on 1 October and will close on 22 October 2025.

At the time of preparing this agenda item, the local public notice period remains open and will conclude on Wednesday, 22 October 2025. To date, there have been no submissions. Should any submissions be received during the remaining notice period, they will be tabled at the Council meeting for consideration.

The purpose of levying rates remains to meet the Shire's budget requirements and deliver on the outcomes of the Council Plan and supporting strategic documents, including the Long Term Financial Plan, Asset Management Plan, and Workforce Plan.

The proposed UV differential rates are consistent with those previously advertised and submitted to the Minister in July 2025. The Shire is therefore seeking to proceed with the application on the same basis, noting that the rates in the dollar remain unchanged.

## Consultation

Public notice has been provided as required under the Local Government Act 1995, including:

1. Shire website and Facebook (30 September 2025)
2. Community Connect eNewsletter (1 October 2025)
3. Noticeboards at the Shire Administration Office and Library (1 October 2025)

Copies of the Statement of Objects and Reasons were made available at the Shire Administration Building and on the website.

## Strategic Implications

Aspiration	Performance
Outcome 12	Visionary Leadership and Responsible Governance
Objective 12.2	Responsibly manage Shires finances, human resources and assets

## Legislative Implications

*Local Government Act 1995 – Part VI* deals with levying of differential rates

- Sections 6.32 and 6.33 state that Council may impose differential rates based on differential categories.
- Section 6.35 states that Council may impose a minimum payment for each category.
- Section 6.35(4) limits local governments from imposing a minimum payment on more than 50% of the properties in a category.
- Section 6.36 requires the local government to give the appropriate notice of its intention to impose differential rates and minimum payments in respect to each differential rate category.

## Policy Implications

Nil

## Financial Implications

Rate revenue directly impacts the funds available to deliver services and programs in the Council Plan.

### Economic Implications

The Shire undertakes a wide range of services and activities which are funded by rates. Many of these services and activities directly result in an economic benefit for the Shire.

### Social Implications

Rate revenue is used to carry out a range of community oriented activities which impact on the social fabric of the community.

### Environmental and Climate Change Considerations

Funding from rate revenue is used to carry out environmental projects as well as support agencies such as the Peel-Harvey Catchment Council. There is continued demand for these activities.

### Risk Considerations

Risk Statement and Consequence	Risks in relation to the imposition of differential rates include: the need to fund the requirements of the local government plans and strategies and the balance between this need and the community ability to pay. Failure to meet legislative requirements is another key risk.
Risk Rating (prior to treatment or control)	Moderate
Principal Risk Theme	Reputational / Financial
Risk Action Plan (controls or treatment proposed)	No further actions proposed

## Statement of Objects and Reasons

This Statement is published by the Shire of Boddington in accordance with Section 6.36 of the Local Government Act 1995 to advise the public of its objectives and reasons for implementing differential rates.

The purpose of levying rates is to meet Council's budgetary requirements in each financial year in order to deliver services, facilities and community infrastructure. Property valuations provided by the Valuer General are used as the basis for the calculation of rates each year.

Section 6.36 of the Local Government Act provides the ability to differentially rate properties based on zoning and/or land use as determined by the Shire of Boddington. The application of differential rating maintains equity in the rating of properties across the Shire, enabling the Council to provide facilities, services and infrastructure to the entire community and visitors to the area.

Summary of the proposed minimum payments and rates in the dollar for 2025/26.

Rating Category	Rate in the Dollar	Minimum Rate

### Gross Rental Values (GRV)

The Local Government Act 1995 provides that properties of a Non-Rural purpose are assigned a Gross Rental Valuation (GRV), as supplied and reviewed annually by the Valuer General. GRVs are reviewed approximately every six years, with the current valuation effective from 1 July 2025. Interim valuations for changes such as subdivisions, amalgamations, or building alterations are provided regularly, enabling the Shire to recalculate rates and issue interim rate notices as needed.

#### GRV – General

This rating category covers all properties located within the Boddington and Ranford townsites that are zoned as residential, commercial, or general industry under the Shire's Local Planning Scheme.

#### Objects

To provide a base level of rating for properties valued under the Gross Rental Value (GRV) method. It specifically applies to properties within the townsite boundaries and excludes those categorised as GRV Mining or GRV Rural Residential, which are outside these boundaries.

#### Reasons

This rate ensures sufficient revenue to support the Shire's operations and deliver local government services and infrastructure, including, but not limited to, roads, parks, footpaths, and public facilities, benefiting residents and businesses.

#### GRV – Mining

This rating category covers all Mining Leases, Exploration Licenses, Prospecting Licences, Retention Licenses, General Purpose Leases, Special Prospecting Licences for Gold and Miscellaneous Licenses as defined under the Mining Act with a GRV valuation. It also includes properties with a GRV Valuation held by or leased by a Mining company for workers accommodation.

### Objects

To ensure an equitable distribution of rates by applying a higher rate in the dollar than GRV General, recognising the distinct land use and service demands associated with mining activities and properties designated for workers' accommodation.

### Reasons

The rates for mining properties are set to ensure an appropriate contribution toward the Shire's services and infrastructure, considering the unique demands placed by the resource sector. These demands include increased transport requirements, higher traffic volumes, and additional services associated with mining activities. Mining properties designated for workers accommodation, often with a relatively small land parcel and higher occupancy levels, have a greater potential to impact local infrastructure and services.

### **GRV – Rural Residential**

This rating category covers all properties with a GRV valuation which are outside the townsite boundary and are Non-Rural properties including properties zoned Residential, Rural Residential, Rural Smallholdings, Environmental Conservation and Special Use as per the Shire's Local Planning Scheme

### Objects

To ensure an equitable distribution of rates by applying a lower rate in the dollar than GRV General, recognising the unique characteristic and service levels of these properties.

### Reasons

This rate acknowledges the unique characteristics and reduced service demands of properties outside the townsite boundary, including larger land parcels and less reliance on townsite services. The lower rate in the dollar reflects the Shire's consideration of these factors while ensuring these properties contribute appropriately to the overall cost of maintaining infrastructure and delivering essential services.

### **Unimproved Values (UV)**

The Local Government Act 1995 provides that properties predominantly used for rural purposes are assigned an Unimproved Value (UV), as supplied and reviewed annually by the Valuer General. UV represents the market value of land in its natural state, excluding improvements like buildings, fences, or dams.

The UV-Rural rate in the dollar forms the basis for calculating other UV differential rates. Interim valuations are regularly provided by the Valuer General for properties undergoing changes such as subdivisions, amalgamations, or rezoning. In such cases, the Shire recalculates the rates and issues interim rate notices accordingly.

### **UV - General**

This rating category covers properties with a UV valuation and predominantly used for rural or farming practices.

### Objects

To provide a base level of rating for properties valued under the Gross Rental Value (GRV) method.

### Reasons

This rate reflects the level of rating required to raise the necessary revenue to operate efficiently and provide local government services and infrastructure.

### **UV - Mining**

This rating category covers all Mining Leases, Exploration Licenses, Prospecting Licences, Retention Licenses, General Purpose Leases, Special Prospecting Licences for Gold and Miscellaneous Licenses as defined under the Mining Act with a UV valuation. It also includes properties with a UV valuation that are held for mining purposes.

### Objects

To ensure an equitable distribution of rates by applying a higher rate in the dollar than UV General, recognising the distinct land use and service demands associated with mining activities.

### Reasons

This differential rate is higher than UV-General to improve fairness and equity outcomes by:

- Applying a premium to compensate for the different valuation method and comparatively lower valuation level compared to equivalent properties in built-up areas.
- Applying a premium to reflect the following key points:
  - A mining buffer was originally identified in 2007 to assist in accommodating bauxite and gold mining and to reduce land use conflict. The mining buffer protects mining operations from sensitive land uses and development which could prejudice the extraction (now and in the future) of mineral and basic raw material resources.
  - Mining operations have resource implications on other Shire services and assets including environmental health, emergency management, town planning services and administration.
  - The impact of higher road infrastructure maintenance costs to the Shire as a result of frequent vehicle use over extensive lengths of roads.

### **UV - Commercial**

This rating category covers all properties with a UV valuation with any intensive usage which is significantly different from agricultural or horticultural production.

### Objects

To ensure an equitable distribution of rates by applying a higher rate in the dollar than UV General, recognising the cost impacts to the Shire from this type of development.

### Reasons

This category is rated higher to reflect the higher infrastructure maintenance required from commercial activities within a rural zone.

### **UV – Rural Residential**

This rating category covers all properties with a UV valuation which are zoned Residential, Rural Residential, Rural Smallholdings, Environmental Conservation and Special Use as per the Shire's Local Planning Scheme

### Objects

To ensure an equitable distribution of rates by applying a higher rate in the dollar than UV General, recognising the unique characteristic and service levels of these properties.

### Reasons

This rate acknowledges the unique characteristics and increased service demands of properties compared to Rural properties, including smaller land parcels and greater reliance on townsite services. The higher rate in the dollar reflects the Shire's consideration of these factors while ensuring these properties contribute appropriately to the overall cost of maintaining infrastructure and delivering essential services.

### **Minimum Payments**

The setting of general minimum payment level within all rating categories is an important method of ensuring all properties contribute an equitable rate amount to non-exclusive services. The minimum payment has been set at \$1,052 for all rating categories.
