Summary

A Development Application for a tree farm (pine plantation) on Lot 1 Gold Mine Road, Bannister is recommended for conditional approval.

Background

A) The proposal

The applicant has lodged a Development Application seeking approval for a tree farm (pine plantation) to be established on Lot 1 Gold Mine Road, Bannister.

Details submitted by the applicant are provided in Attachment 8.1.1A. The applicant proposes to plant 29.1 hectares for the purpose of timber production and carbon abatement. Land will be secured for a minimum term of 30 years in accordance with the *Forest Products Commission Act (2000)* under a Share Farming Agreement.

B) The site

Details relating to the site:

- Lot 1 is 73.7377 hectares in area and is generally cleared;
- A seasonal creek borders the western boundary;
- There are no dwellings or outbuildings;
- It is located approximately 2.5 kilometres north of the Boddington townsite (see Attachment 8.1.1B); and
- It adjoins and is near rural and rural smallholding (hobby farm) properties along with the Water Corporation's sewerage treatment plant.

C) Advertising the Development Application

The Shire administration invited public comment on the Development Application for 14 days through writing to 9 adjoining/nearby landowners, all Councillors, the Bushfire Chief and the local bushfire captain. Details were also placed on the Shire website. The Shire

received 1 submission which was not supportive of the Development Application. This is provided in Attachment 8.1.1C. The key issues raised are:

- Negative impact on the community due to plantation owners not living in the district;
- Loss of land for farming or subdivision;
- Increased fire risk;
- Difficulty in controlling an increased number of feral animals; and
- Negative visual impacts.

Based on established practice, the Shire provided the applicant the opportunity to review and address the submission. Attachment 8.1.1D sets out the applicant's response.

D) Planning framework

There are various planning policies and environmental documents relevant to the application including State Planning Policies, Local Planning Policies and industry guidelines.

Attachment 8.1.1E summarises the key planning framework documents relating to the application. Other planning documents are outlined in the Statutory Environment and Policy Implications section.

The site is not classified as priority agricultural land by the State Government.

The site is identified as 'Rural' in the *Shire of Boddington Local Planning Strategy*.

The site is zoned 'Rural' in the *Shire of Boddington Local Planning Scheme No. 3* (LPS3). The site is also partially within Special Control Area 4 – Wastewater Treatment Buffer.

A 'tree farm' is a 'D' use in the Rural Zone as set out in the LPS3 Zoning Table (a development approval is required prior to the tree farm commencing).

The *Shire of Boddington Strategic Community Plan* supports a diversified economic base.

Much of the site is located within a bush fire prone area as designated by the Fire and Emergency Services Commissioner.

Comment

1. Overview

It is recommended that Council approve the Development Application subject to conditions. This follows assessment against the planning framework (including State guidance), LPS3, the Local Planning Strategy, considering the views of the submitter and information provided by the applicant. It is noted, for instance, that:

- The application is consistent with the planning framework including the objectives and requirements of the Rural zone in LPS3;
- No clearing of native vegetation is proposed;
- The plantation is compatible with the wastewater treatment plant;
- There are suitable separation distances to surrounding dwellings; and
- Timber resources are important to the district and region.

Based on WAPC policy, it is suggested there are not strong grounds to refuse the application. The State planning framework is generally in favour of plantations. Significantly, the property is not within a Landscape Protection Special Control Area and the Shire of Boddington does not contain land classified as State priority agricultural land.

It is suggested that if the plantation is suitably managed in accordance with the *Code of Practice for Timber Plantations in Western Australia* and development conditions are met, that environmental considerations, bushfire management, and impact on the Shire road system can be appropriately addressed.

While noting the above, there are planning considerations that need to be considered by the Council. Some of these are outlined below.

2. Length of development approval

The applicant estimates the project life will be approximately 30 years. It is recommended that the development approval be issued for a single rotation rather than including a second rotation or being an 'opened ended' approval. Should the landowner or applicant seek a second rotation or wish to replant the plantation area, they will be required to submit a new Development Application prior to beginning any works.

3. On-going bushfire management

The applicant will need to address on-going bushfire management. This includes maintaining firebreaks in accordance with the requirements of the Annual Firebreak Notice issued by the Shire under the *Bush Fires Act 1954*. The applicant's Fire Management Plan sets out risks and management responses.

Strategic Implications

The application is consistent with the Local Planning Strategy and the Strategic Community Plan.

Statutory Environment

Planning and Development Act 2005, Planning and Development (Local Planning Schemes) Regulations 2015 and LPS3. The Shire has no specific planning policy guidelines or local laws on tree plantations.

Policy Implications

There are various supporting documents which are relevant in assessing the Development Application including the *Local Planning Strategy, State Planning Policy 2.5 Rural Planning, Rural Planning Guidelines, Code of Practice for Timber Plantations in Western Australia, Guidelines for Plantation Fire Protection.*

Relevant Local Planning Policies include No. 5 *Developer and Subdivider Contributions* and No. 8 *Fire Protection Measures for New Development and Subdivisions*. Local Planning Policies are non-statutory documents which are designed to provide guidance to assist the Council in its decision making. Accordingly, the Council is not bound by the policies but is required to have regard to the policies in determining the Development Application.

Given the low number of tree farm Development Applications in the Shire for many years, it is suggested there is no current requirement to prepare a Local Planning Policy on tree farms.

Financial Implications

The applicant has paid the Development Application fee. The applicant has a right of review to the State Administrative Tribunal to review the Council's decision. If this occurred, the Shire would have associated costs.

Economic Implications

The proposal, if approved and implemented, can assist to support a more diversified economic base. Given the low number of new tree farms in the district in recent years, the Shire of Boddington does not have broader economic and social considerations compared to areas such as Rocky Gully (between Manjimup and Mount Barker) where a significant number of large scale tree farms were established.

Social Implications

One submitter raised issues regarding a range of matters.

Environmental Considerations

It is suggested there are minimal environmental issues given the land is already cleared.

Consultation

Adjoining/nearby landowners, other stakeholders and the community were invited to make comment on the Development Application and in response one submission was received (see Attachment 8.1.1C).

Options

The Council can:

1. Approve the Development Application with no conditions;
2. Approve the Development Application with conditions;
3. Refuse the Development Application (giving reasons); or
4. Defer the Development Application and require additional information.

Voting Requirements

Simple Majority

COUNCIL RESOLUTION 72/21

Moved: Cr Manez

That Council approve the Development Application for a tree farm (pine plantation) of approximately 29.1 hectares at Lot 1 on Deposited Plan 77112 Gold Mine Road, Bannister as set out in Attachment 8.1.1A subject to the following conditions:

1. The development hereby approved must be carried out generally in accordance with the plans and specifications submitted with the application and these shall not be altered and / or modified without the prior knowledge and written consent of the local government.
2. This development approval is for one rotation only. The applicant will be required to submit a new Development Application prior to a second rotation or beginning any replanting of the plantation area.
3. This development approval shall lapse and be of no further effect if the tree farm has not been substantially commenced by 30 June 2024. Where the Development Approval has lapsed, no further development is to be carried out.
4. Fire management measures outlined in the application shall be implemented on an on-going basis in accordance with:
 - i) The submitted Fire Management Plan (or future updates approved by the local government);
 - ii) The *Guidelines for Plantation Fire Protection* document published by the Department of Fire and Emergency Services; and
 - iii) The requirements of the Annual Firebreak Notice issued by the Shire of Boddington under the *Bush Fires Act 1954*.
5. The applicant is to prepare a separate Plantation Harvesting Plan in accordance with the *Code of Practice for Timber Plantations in Western Australia 2014* (or equivalent that is applicable at that time) and submit it to the local government for approval prior to the anticipated commencement of harvesting so that the proposed access haulage routes may be inspected by both parties.
6. The Plantation Operator/Manager shall notify the local government, a minimum of 12 months prior to any anticipated commercial harvesting occurring, so that the proposed access/haulage routes may be inspected by both parties.

Advice

- A) The attention of the Plantation Operator/Manager is drawn to the need to comply with the requirements of any Annual Firebreak Notice issued by the Shire of Boddington under the provisions of the *Bush Fire Act 1954*. Further, the Plantation Operator/Manager is required to advise the Shire's Chief Bush Fire Control Officer of any commercial harvesting activities that may be proposed during restricted or prohibited burning seasons.

- B) With reference to Condition 5, the local government will require the Plantation Operator/Manager to reimburse the cost of any road repairs that become necessary because of wear and other damage to the local road network caused by heavy haulage vehicles associated with the transport of harvested plantation trees. The local government will undertake an audit of the local road system proposed to be used for log transport prior to, and following, plantation harvesting to ascertain any remedial works required (and funds recoupable).
- C) In relation to Condition 5, the Plantation Harvesting Plan is also to include details on how waste products will be dealt with following the completion of harvesting works.
- D) Cultivation of land, spraying of pesticides or herbicides, or the application of nitrogenous fertilisers is not recommended within 30 metres of any stream. This provision does not preclude the carrying out of weed control in accordance with Department of Primary Industries and Regional Development recommendations or standard practices.
- E) The spraying of pesticides or herbicides is to be undertaken on the ground rather than via aerial methods.
- F) Part 14 of the *Planning and Development Act 2005* provides the right to apply to the State Administrative Tribunal for review of some planning decisions and you may wish to take professional advice to determine whether or not such a right exists in the present instance. The *State Administrative Tribunal Rules 2004* require that any such applications for review be lodged with the Tribunal.

Boddington Water Corp

1. INTRODUCTION

This property is currently owned by the Water Corporation and they are considering establishing approximately 30 ha of pine plantation for the purpose of timber production and carbon abatement through the planting of trees. Land will be secured for a minimum term of 30 years in accordance with the Forest Products Commission Act (2000) under a Sharefarming Agreement. Any documents will be lodged with a Deposited Plan with the Registrar of Titles.

This document outlines the following in relation to this plantation:

1. Introduction
2. Land information
3. Tree Farm Establishment Plan
4. Tree Farm Tending Plan
5. Fire Management Plan
6. Timber Harvesting Plan (interim)
7. Authorisation

2. LAND INFORMATION

2.1 Area

The planting area totals approximately 30 hectares, and it is situated in the Boddington Shire. The property is located approximately 2.5 km north of Boddington on lot 1 as per the attached concept map.

The general area is zoned for the purpose of agricultural. The area is currently used for grazing and parts were previously used for wastewater treatment. It is proposed that the majority of cleared suitable areas be established to softwood plantation during this winter.

The property is in the Murray River water catchment area having an annual rainfall of approximately 700 mm. This is not a Public Drinking Water Source Area (PDWSA)

2.2 Locality Map and access roads

A location map is attached. It can be seen from this plan that the access to the plantation area is via Gold Mine Rd

2.3 Natural features

2.3.1 Significant landscapes, streams, rivers, lakes, ponds, swamps, drains etc

A visual assessment of the property has been completed to identify any significant landscape features.

No significant landscape features have been identified for exclusion from planting. The general landscape features of the property will be maintained.

There is a lower level ephemeral stream with some natural vegetation on the west side of the property. A buffer has been placed on this waterway as shown in the concept map. This area is excluded from the new planting and, if present, the existing vegetation will be allowed to grow on. The salt level adjacent to the creek is also too high for plantation health.

2.3.2 Principal soil types

The principal soil types consist of duplex soils with sandy clay gravels over medium type clays.

2.3.3 Areas of native vegetation with high or low natural integrity

Forest Type – Jarrah/marri/wandoo

Extent – scattered islands throughout the location with some individual paddock trees

Condition – The upper story vegetation is generally OK though minimal understorey is present due to previous grazing.

Pests or diseases – NA

Proposed future management – Minimal management will take place due to the small size of the remnant islands. This will be dependent on Water Corporations plans.

2.3.4 Cultural and heritage values

The following actions have been taken to determine the presence of cultural and heritage sites on the property:

- A search for Heritage Council registered sites has been completed.
- Department of Biodiversity, Conservation and Attractions (DBCA) and/or Department of Indigenous Affairs database's have been checked for registered indigenous sites;
- The owners have been asked to identify cultural sites known to them.

A registered Indigenous Site is present on the property which is known as The Hotham River which runs along the creek line on the western boundary. The creek line is excluded from the proposed planting area and thus the area will not be disturbed. The known site does not have any restrictions on it.

2.3.5 Threatened and Priority Species and Ecological Communities

Where activities related to this tree farm are likely to directly or indirectly affect threatened and priority species of flora, fauna and ecological communities, the following Acts, Regulations and Plans will be complied with:

- *Environmental Protection (Clearing of Native Vegetation) Regulations (2004)*
- *Wildlife Conservation Act (1950)*
- *Environmental Protection and Biodiversity Conservation Act (1999)*

DBCA's IMB database has been checked. A threatened and priority species has been reported within 1 kilometre of the planting area. The registered site is of a threatened bird sighting and is located on the neighbouring property. The proposed planting won't have any effect on the site.

2.4 Improvements

2.4.1 Buildings

No houses or sheds are located on the farm.

2.4.2 Roads, bridges, creek crossings

There is an existing, unsealed road/track system throughout the farm that will allow for adequate access during establishment of the tree farm.

Establishment operations will not involve the requirement to construct or upgrade roads or creek crossings.

New/further road construction is not planned until harvest operations are imminent. Any future road construction within the tree farm areas will be located on the firebreaks as shown on the attached plantable area map.

2.4.3 Fences, gates, powerlines, Communication cables and dams

Fences are located both within and surrounding the property. The fences will be maintained with the aim of grazing livestock through the plantation area once trees are of adequate size. This will keep grass fuel levels down.

Power line easements

There are *no* power lines within the proposed tree farm area.

Communication cables

There are no underground communication cables present within the planting area. An appropriate break will be left unplanted so that the cables are left undisturbed.

Water Supply Pipes

There are no water supply pipes within the proposed planting area.

2.4.4 Sensitive Areas

Identification of sensitive areas has occurred by completing a reconnaissance inspection, speaking with the owner, interpreting aerial photographs and checking relevant databases. Sensitive areas that have been identified within, adjacent to and along the access ways to proposed tree farm areas are included below with the appropriate precaution required to protect them.

Consider:

- Vineyards
- Orchids
- Apiary sites
- Adjacent NP and reserves
- Organic Farms
- Public Drinking Water catchments
- Natural waterways, lakes, swamps etc
- Erosion hazard (E.g. runoff on steep slopes)
- Close Dwellings incl. Neighbours
- School bus stops

Nil sensitive areas have been noted through various checks. Neighbouring properties consist of grazing and cropping paddocks. A water treatment area has been noted to the west.

The status of sensitive areas and the requirement to undertake precautionary measures will be reviewed prior to a spray event, to ensure measures are current and appropriate including the location of neighbouring cereal crops.

3. TREE FARM ESTABLISHMENT PLAN

Tree farms should be located to achieve maximum commercial viability while ensuring that environmental, social, aesthetic and cultural values are not compromised. Appropriate planting design can help to redress environmental problems associated with rising water tables, salinity and erosion.

3.1 Species to be planted and source of stock

The site is to be planted with *Pinus radiata* (Monterey Pine) seedlings sourced from the FPC Manjimup Nursery.

3.2 Areas to be planted, compartment sizes

The plantable area map details the size of the compartments. These sizes are consistent with the *Guidelines for Plantation Fire Protection (FESA 2011)*.

3.3 Access roads and firebreaks

Access roads and firebreaks are shown on the plantable area map attached. External firebreaks are 15 metres wide with 6 metre wide internal firebreaks – *Guidelines for Plantation Fire Protection (FESA 2011)* Firebreak maintenance to local authority standards is the responsibility of the landowner.

3.4 Site preparation and planting technique

The site will be rip mounded with minimal disturbance to topsoil to minimise risk of erosion.

Trees are to be planted by hand

The stocking rate to be applied is 1250 seedlings per ha.

Note: Seedlings will be supplied in boxes. Boxed seedlings will be stored in a shed or under a tarp when in the field, prior to planting. Planting contractors will carry plants from a central plant dump from within the property to sections within the proposed planting area by 4 x 4 utilities and 4 x 4 All-Terrain Vehicle (ATV) motorbikes.

3.5 Direction of planting lines in relation to contours and natural drainage

The planting direction of trees will depend on slope and existing fence lines. The aim of the planting direction will be to keep planting lines straight but taking into account the slope as too not cause erosion.

3.6 Description of weed control methods and buffer zones

Depending on the weed species present and those predicted to germinate during the establishment phase, both broad and strip spray applications using a range of pesticides permitted for forestry use may be utilised.

The status of sensitive areas and the requirement to undertake precautionary measures will be reviewed prior to a spray event, to ensure measures are current and appropriate. (refer to the attached plantable area map).

All prescriptions to be applied will adhere to FPC specifications.

All operations will be carried out by licensed operators.

Expected treatments

Broad spraying and strip spraying will be required to control annual weeds and will be conducted in accordance with FPC's Technical Specification's.

3.7 Control of vermin and declared weeds

The site has been checked for the presence of vermin and declared weeds. Nil were noted onsite

3.8 Clearing of woody vegetation (native or exotic species), including paddock trees to be removed.

No areas of remnant vegetation, notifiable under the Soil and Land Conservation Act of Western Australia are to be cleared as part of the proposed planting.

Management of Logging Residue

Not applicable

4. TREE FARM TENDING PLAN

4.1 Fertilising schedule

Fertiliser is generally applied to softwood plantations at establishment and after first thinning. Forest Products Commission staff will monitor the progress of the tree farm over its lifetime and will prescribe fertiliser applications if nutrient deficiencies are highlighted from the analysis of foliar samples.

4.2 Weed management

Weed status will be monitored on a regular basis in the first year after establishment and on an intermittent basis after that.

It is expected that some second year weed control may be necessary as part of the ongoing maintenance to the tree farm area. All prescriptions to be applied will adhere to FPC specifications.

4.3 Monitoring and contingencies for disease and pests

The FPC is committed to minimising the risk of introduction and spread of pests, diseases and weeds, minimising damage from fire and disturbance activities, and mitigating the adverse effects of weather related events.

Plantings will be monitored on a fortnightly basis during the period September through to January during the first year after establishment and 3-6 monthly in subsequent years. Pests will be controlled as and when required using registered APVMA pesticides and licensed operators operating under all specifications as required by relevant authorities and acts.

4.4 Road and break maintenance

Firebreak maintenance to Local Authority guidelines is the responsibility of the landowner. The landowner will be further encouraged by the FPC to create and maintain permanent firebreaks.

4.5 Grazing strategy

The owners currently do graze livestock. Following establishment, the site is to be assessed after 3 years to determine if the trees are of a height to allow for grazing by livestock. Grazing will assist in keeping fuel levels low.

4.6 Firebreak Pruning

Pruning will be carried out on trees adjacent to firebreaks in order to ensure fire control access standards are maintained, consistent with *Guidelines for Plantation Protection – FESA (2011)*

4.7 Pruning and thinning schedule

Pine Sawlog

It is expected that the tree farm will be thinned twice before final harvest. The stocking of trees will be reduced by approximately 50% at each thinning. The thinnings will be from below, meaning that the remaining trees will be the best performing and will be spaced such that growth may be maximised. The schedule of operations will depend on the rate of growth achieved and the market opportunities available during the life of the plantation.

4.8 Treated Wastewater Irrigation

The Water Corporation, in agreement with FPC, have proposed that they may irrigate part or all of the plantation with treated wastewater in the future if available and necessary, subject to the Corporation providing 12 months notice of intent as a minimum and agreement on location and water volumes.

5. FIRE MANAGEMENT PLAN

The objective of the Fire Management Plan is to establish the infrastructure to prevent fires escaping from or entering tree farms and plantations and for suppression operations in the event of a fire. All fire control activities must adhere to the *Bush Fires Act (1954)*.

5.4 Risk of ignition

Potential ignition sources are mainly restricted to lightning strikes, powerlines, adjoining roads, vehicle exhaust sparks and escapes from burning operations on surrounding land.

5.5 Detection of fires

The landowner, neighbours and passers-by, and the existing brigade system will undertake fire detection.

In the event of a fire notification should be made via the 000 emergency number. The FPC Duty Officer should also be notified as soon as practicable.

5.6 Location of fire control equipment

All fire units that may be available are privately owned or Fire Brigade units derived from various locations in the area.

The Shire houses a grader, a loader, contracted water tanker, all available for use in a fire emergency.

The Boddington Bush Fire Brigade is the nearest brigade with a 2.4 urban unit plus other units from neighbouring brigades. Also, numerous 600L fire units would be available owned by private landowners. The Boddington Gold mine also has a fleet of firefighting resources.

The FPC houses 3 x fire trucks and a further selection of fire suppression units (vehicle and trailer mounted) that are manned during the fire season.

The FPC is also an associate member of Forest Industries Federation Western Australia (FIFWA). FIFWA supports the responsible and sustainable management of WA forests and plantations.

The plantations industry has recognised the importance of a unified approach in the control and management of wildfire near or within its plantation estate. Industry managers across various land districts have joined forces to create a specialist firefighting resource complete with its own fire suppression capabilities and intimate local knowledge that a fire managing authority can call upon in a wildfire situation.

This approach is supported by Local Government and State Government fire authorities and culminated in the formation of a Plantation Managers fire Agreement.

The FPC also maintains a duty officer roster over the prescribed fire season. The duty officer is a rotating position and is the principle point of contact for deployed crews. The duty officer will liaise with the incident over crew deployment & experience, shift changes and specialised equipment needs.

5.7 Initial attacks on fires

Initial attack on fires will be by the Bush Fire Brigade system coordinated by the local Fire Control Officer and Shires. DBCA may assist in suppression under the MOU with FPC depending upon other commitments and other operational imperatives.

Initial attack on a fire will depend on head fire rates of spread and fire intensities. It is proposed experienced personnel, DBCA or Brigade will assess each fire, in response to the following values in order of priority.

1. Human life;
2. Community assets, property or special values (including environmental values);
3. Cost of suppression in relation to values threatened.

With fire behaviour and values in mind response strategies should follow this order of priority as a guide;

1. Direct attack on headfires where Head Fire Rate of Spread (HFROS) allows;

2. Indirect attack on headfire by extinguishing flank fire working towards the headfire;
3. Limit fire spread to pre determined internal strategic firebreaks;
4. Limit fire spread to compartment breaks;
5. Limit fire spread to property boundary firebreaks where property is block planted;
6. Fall back to neighbouring properties, roads or where fire can be safely extinguished.

Given the distance of the nearest FPC Office from the property, it is unlikely that an FPC field officer would be able to attend a fire here at short notice. FPC will endeavour to provide assistance as soon as practicable. Local DBCA crews may be able to attend if requested by the local Brigade should resources prove insufficient, and providing there are not already commitments to higher priorities elsewhere.

5.8 Fire breaks

External firebreaks are planned to be 15 metres wide and internal breaks 6 metres wide as shown in the Fire Protection Plan attached. Firebreaks will be constructed and maintained in accordance with Shire Regulations and the *Guidelines for Plantation Fire Protection – FESA (2011)*

5.9 Method of road, track and firebreak maintenance

The FPC will maintain firebreaks in September/October to ensure the appropriate width of mineral earth break is obtained prior to the fire season. Where and when additional work is required, grading will be carried out.

5.10 Water supplies

Water points will be maintained to provide permanent water within a 20 minute turn around time. There are no proposals to construct any new water points as the current number of farm dams is adequate.

5.11 Direction indicators of water points, road signs and other features

All dams and other sources suitable for use as water points will be signposted with directional markers and a canister map will be located at the entrances to the plantation area.

5.12 Measures to protect infrastructure, powerlines, gas pipelines and Communication Cables

Plantation planning and establishment staff must be familiar with and adhere to where applicable, the following guide from: *Guidelines for Plantation Fire Protection - (FESA 2011)*

Plantation separation distances must reflect potential fire behaviour driven by local variations in topography, aspect and slope. The hazard separation zone:

- Between the plantation and an existing or approved habitable building must be a minimum of 100 metres, unless the building has been constructed to an appropriate higher standard.

- Between the plantation and an existing or approved non-habitable structure (ie. sheds and enclosed storage areas) must be minimum of 50 metres.

Guidelines dictate that an easement be left around pipelines, power lines and cables.

5.13 Surrounding fuels

Fuels consisting of a mix of grazing paddocks and native vegetation surround the planting area. There are no plans at this stage to carry out a fuel reduction program on or adjoining the property. Where DBCA adjoin the location, they do have rotational burning programs in place to keep fuel levels to an acceptable level.

6. TIMBER HARVESTING PLAN

6.1 Location of harvesting operation

The harvesting operation will take place over the entire area of the plantation as shown in the attached plantable area map. Extraction tracks and cartage routes will be determined prior to harvesting being due, in consultation with the Shire and in accordance with guidelines set by an industry body.

6.2 Timetable (to be updated at time of operations)

Pine Sawlog

First thinnings will occur when the tree farm is approximately 12 years of age, and approximately 20 years for the second thinning. Final harvest should occur around age 30.

6.3 Harvesting operations

Harvesting will generally be carried out using conventional timber harvesting equipment which currently consists of machine harvesters felling the trees, extraction by forwarders and loading on to trucks.

Pine Sawlog

In the first thinning every 5th row (E row) will be removed to allow access for the harvester. Trees will then be selectively removed to achieve the desired stocking. The second thin will also be a selective process and clearfall, with all the trees being removed.

6.4 Machinery and transport

The length of time until the planned final harvest means that it possible that technological innovations may alter industry standards.

The current standards are as follows;

- Machine harvesters - tracked excavators fitted with a felling/debarking head
- Forwarders - all wheel drive rubber tyred tractor
- Truck configurations - these are variable and are dependent on trafficability and access of sites as well as Local Authority Regulations

6.5 Environmental safeguards

Harvesting operations will comply with all aspects of the *Code of Practice for Timber Plantations in Western Australia*.

Roads will be maintained during harvesting operation to minimize erosion and preserve water quality.

The risk of introducing pests or diseases via harvesting activities will be assessed prior to harvesting and appropriate hygiene measures will be adopted.

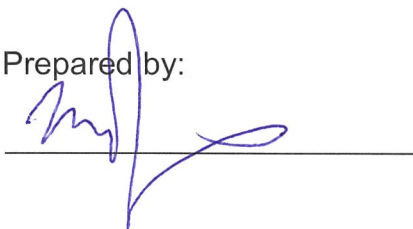

6.6 Safety

All associated operations will be as safe as possible and comply with *Occupational Health and Safety* and the *Safety and Health Code for Native Forest/ Hardwood Logging and Plantation Logging* will be observed.

Dear Graham,

File No _____
Date _____

I am writing in response to your letter we received on the 19th May regarding The Application for Development Approval- Proposed Pine Plantation – Lot 1 on Deposited Plan 77112 Gold Mine Road Boddington.

In our view the Pine Tree Plantation is not in the best interest of Boddington residents. As our farm directly borders this proposed development we would be directly affected. Please read below our list of concerns

- Land in the Boddington shire that has gone into tree plantations in the past, such as those on Newmarket Road has had a negative effect on the community as they are run by corporate bodies who aren't living in the Boddington community. This has resulted in ~~few~~ farming families and their workmen leaving the community.
- Tree farms use land that could otherwise be used for local farming or subdivision that consequently brings industry to the town and community.
- That particular block of land is medium loamy clay and unsuitable for Pine Tree Plantations to thrive.
- It poses a local fire risk to us and other close residents as once the fire hits tree plantations it can become uncontrollable and could put lives and properties at risk.
- Plantations harbor feral vermin such as pigs and kangaroos, which become difficult to control once inside a tree plantation.
- Aesthetically looking at a tree plantation is not appealing and we feel no more tree plantations in the community are needed.
- The harvesting of the trees occurs approx. every twenty years.

We are happy to discuss these concerns further and strongly believe that the Pine Plantation should not go ahead.

Kind Regards
Simon and Natalie Kelsall

Dear Mr Stanley

**RESPONSE TO CONCERNS FOR LOT1 GOLD MINE ROAD - PLANTATION
DEVELOPMENT PLANNING APPLICATION**

I am writing this letter in response to the concerns raised by a neighbouring landowner regarding FPC's Development Application for a Proposed pine plantation on Lot 1 Goldmine Road.

As you are aware the land in question is owned by the Water Corporation (WC). WC and the Forest Products Commission (FPC) are working together to establish plantations on various sites in the South West for the purpose of timber production and carbon sequestration.

In response to the potential issues raised in the submission received from the neighbouring property owner I would provide the following comments:

- Concern of families leaving the community. The subject property is relatively small compared to other farms and does not have any dwellings onsite. It is unlikely to support a farming family on its own. Therefore, the proposed plantation is unlikely to have any negative effects on the Boddington population.
- Having timber plantations in the local area diversifies the local economy. All the works are carried out by contractors who will visit the town and potentially use local services as required whether it be mechanics, food supplies, fuel services and possibly accommodation. This could potentially have more spin offs than just being leased to an existing land holder who is already established in the community.
- The soil on this site has been assessed as suitable for the successful establishment and growth of a pine plantation. Soil assessment was completed using a trailer mounted drill rig.
- The letter states that when a fire hits the tree area, it will become uncontrollable. While fires in pine plantations can generate high intensity, they will generally produce much lower rates of spread compared to fires in open paddocks due to reduced wind speeds. While suppressing fires in plantations can be challenging, in rural landscapes the slower rates of spread in plantations can often be used to get ahead of the fire. When

establishing plantations on private land the FPC always abides by local government firebreak requirements and the 'Guidelines for Plantation Fire Protection' published by DFES. In time, when the trees are old enough, we will encourage grazing by adjacent landowners, under formal agreement, to keep grass levels down and reduce the fire risk. The site will still have ample pastured area for livestock to graze.

- Stating that plantations harbor feral vermin such as pigs and kangaroos is a very broad comment. I am not familiar with Boddington's pig issue, if any, but if this were to become a problem in the future within the proposed plantation area, the FPC would certainly work with neighbours to put in control measures to reduce the problem. FPC plantations are monitored regularly for the presence of pest plants and animals. As for kangaroos, I do not see this native animal being a concern and having a refuge site would be considered positive in many people's eyes.
- Landscape aesthetics is obviously a matter of personal taste. In my (and I am sure many other's) opinion, pine plantations are very pleasing to the eye and compliment the agricultural landscape, particularly when established in an integrated format as proposed in this case. Plantations also have other benefits including using excess water, reducing the salinity risk and habitat provision. This site does have a saline problem adjacent to the western boundary, which is a result of historical clearing activity. The proposed planting will also assist in providing protection to adjacent open paddock areas and potentially shelter stock against strong wind events.
- In approximately 3 years when the trees are tall enough to withstand grazing, we would encourage neighbouring farmers to graze through the tree area through a formal agreement to reduce the fire risk by the reduction of pasture and weed species and also increasing and diversifying returns from the site.
- The letter says the trees are harvested every 20 years. Pine plantations have several harvesting events which are approximately 10 years apart. Also, during the life of the plantation, there are regular annual tending and maintenance operations.

Please do not hesitate to contact me via the details above if you have any other questions regarding the proposed plantation.

Yours sincerely

Matthew Jones

5.6 Tree farming

Tree farming is an umbrella term used to describe the planting of trees to generate economic return and/or environmental benefits. It has been a rapidly emerging industry in a number of rural locations across the State. Usually this has involved the planting of trees for harvest. However, more recently the planting of trees for carbon sequestration has emerged as a new rural land use. Tree farming which involves harvesting is a primary production activity that also sequesters carbon. The different types of tree farms, i.e. integrated, chip logs or saw logs, require varied planning approaches.

WAPC policy in regard to tree farming is:

- (a) tree farming is supported and encouraged on rural land as a means of diversifying rural economies and providing economic and environmental benefit;
- (b) tree farming should generally not occur on priority agricultural land;
- (c) tree farming should generally be a permitted use on rural land, except where development of a tree farm would create an extreme or unacceptable bushfire risk or when responding to specific local circumstances as identified in a strategy or scheme;
- (d) local governments should manage the location, extent and application requirements for tree farming in their communities through local planning strategies, schemes and/or local planning policies;
- (e) in planning for tree farming, local government considerations should include but are not limited to, potential bushfire risk, environmental and economic factors, water availability and recharge,

visual landscape impacts, transport impacts of tree farming (where harvesting is proposed), planting thresholds, appropriate buffers, and location relative to conservation estates and sensitive land uses;

- (f) where tree farm proposals are integrated with farm management for the purpose of natural resource management and occupy no more than 10 per cent of the farm, the proposal should not require local government development approval; and
- (g) the establishment of tree farms does not warrant the creation of new or smaller rural lots.

5.7 Animal premises

Animal premises are important contributors to the food needs of Western Australia's residents and to the State's economy. In order to operate effectively they require ready access to consumers, access to services and freight, appropriate environmental or climatic conditions, and the ability to respond to changes in the market. As a result, animal premises are generally located in the vicinity of road, rail and port infrastructure and population centres. Relocation of existing animal premises away from approaching urban fronts will not be possible for all businesses, nor is it a reasonable expectation.

Many animal premises are subject to environmental regulation, but others, most notably poultry farms, are not. Where animal premises are not subject to environmental regulation, planning decision-makers may need to consider a broader range of environmental factors and resolve potential land use conflict.

WAPC policy in regard to animal premises is:

- (a) animal premises are a rural land use, and are generally supported and encouraged on rural land provided rural amenity and environmental impacts can be effectively managed;
- (b) animal premises that require large sites or buffers, and could limit existing or potential industrial land uses, should generally not be located in State strategic industrial areas or within their buffers;
- (c) expansion of existing animal premises may be supported where off-site impacts (such as odour, dust or noise) are mitigated or managed to achieve maintenance or reduction of impacts, in accordance with an accepted code of practice;
- (d) in addition to environmental issues, planning decision-makers must consider the following matters in assessing proposals –
 - (i) the staging of the proposal and ultimate design capacity;
 - (ii) the transport of animals to and from the site;
 - (iii) the handling and disposal of deceased or 'retired' animals on or off-site;
 - (iv) the transport, handling and/or disposal of animal feed and/or waste on or off-site;
 - (v) outdoor pens or roaming areas for animals;
 - (vi) the potential impacts of operating hours;
 - (vii) shed configuration, including rotation and/or automation;
 - (viii) servicing, including location and size of effluent disposal ponds; and

Planning for tree farms

The desirability of tree farms varies considerably between local government areas. Community views regarding tree farms can be obtained and be incorporated into a strategy to provide future direction for this land use. Where there is community support, strategy considerations could include:

- the areas / districts in which tree farming is most suitable;
- whether tree farms can be used to address environmental management issues or provide screening/ improved landscapes;
- the use of tree farms as supplementary income for broadacre farmers; and
- tree farms as an economic development tool which may be combined with downstream processing.

The Code of Practice for Timber Plantations in Western Australia (2006) sets out standards for plantation establishment and management. It contains information on environmental care, silviculture, harvesting and relevant legislation.

In areas where climate change is making traditional farming operations unviable, tree farms for the purpose of carbon sequestration may provide a viable alternative.

SPP 2.5 supports tree farms in rural areas and promotes local government approval regimes that respond to community views and local circumstances. The approvals regime can be used to encourage or discourage some or all forms of tree farming.

Matters to consider in relation to approval requirements include:

- the type of tree farm – a tree farm that will be regularly harvested will have different impacts to a tree farm established for carbon sequestration;
- whether the land is general agriculture or priority agriculture – tree farms are generally not recommended on priority agricultural land;
- the type of trees being planted – this will affect integration with the local environment or bushfire risk;
- whether there is an adequate transport strategy if the crop is to be harvested; and
- whether there is a maximum size of tree crop allowed prior to development approval being required. As a guide, under the *Code of Practice for Timber Plantations in Western Australia* (2006) published by the Forest Industries Federation WA Inc., a plantation is designated as a stand of trees 10 hectares or larger.

8.1 Fire management

Fire control and bushfire risk is a planning consideration governed by *State Planning Policy 3.7 - Planning in Bushfire Prone Areas* (SPP 3.7). Some densely planted tree farms may have a substantially higher fire risk than broadacre crops, so the implications of locating tree farms close to fire sensitive land uses such as hay plants, State forests and residential development needs to be considered. Applications for a proposed tree farm should identify and address bushfire hazard as if it already existed, in accordance with SPP 3.7.

A Notification on Title to the effect that the land is within a bushfire prone area and may be subject to a Bushfire Management Plan should be a condition of approval. The Bushfire Management Plan should set out the short, medium and long term management strategies for the bushfire hazard and represent an ongoing commitment by the landowner/proponent or responsible authority to undertake bushfire risk management measures for the life of the development.

8.2 Environmental benefit

A benefit from tree farms is their potential to address environmental issues, such as salinity, soil erosion, land degradation, waterlogging and other natural resource management (NRM) matters by replacing the tree cover that was removed through past agricultural practices. Integrated tree farms, as discussed in Part 8.4 in particular, address NRM objectives.

Consultation with the local NRM organisation about identifying areas suitable for rehabilitation is recommended. In many cases these groups have undertaken extensive studies and research into local catchments.

8.3 Visual impact

Some tree farm proposals may improve landscape values by addressing land degradation or screening unsightly facilities such as quarries, abattoirs or strategic industrial areas. Other proposals, which may obscure particular landscape features, may be seen to detract from the natural or rural landscapes. If landscape protection is a matter of importance to the local community, it may be appropriate to consider limits on tree farms or excluding areas of high landscape values.

When considering landscape provisions the WAPC's Visual Landscape Planning in Western Australia Manual (2007) is a recommended point of reference. For more information contact the Department of Planning.

8.4 Integrated tree farming

Since integrated tree farms, as defined in SPP 2.5, are primarily established for NRM purposes and the tree crop is a secondary purpose, the policy position established in SPP 2.5 is that development approval should not be required for this land use. If required, it may be beneficial to establish a local planning policy or scheme amendment to clarify this.

Some of the matters to consider are:

- the species to be planted;
- the proposed width of the tree rows;
- whether the trees cover 10 percent or more of the farm's productive land area;
- whether the trees are on land previously under crop or pasture;
- whether the tree farm proposals are integrated into existing farm management; and
- whether it is intended to harvest the trees.

smallholding area if there is a characteristic unique to that area that justifies the imposition of area-specific provision(s).

- (d) Not support proposals to establish tree plantations on land identified (in this Strategy) as suitable for future rural-smallholdings development.

3.2.3 Rural

As predominately a rural Council, the Shire covers approximately 1,900km², of which roughly half is made up of 'Rural' zoned land.

Strategies:

- (a) Protect valued rural land for sustainable primary production and other rural land uses.
- (b) Provide support for continued operation and expansion of primary production enterprises where rural amenity and environmental impacts can be appropriately managed.

Actions

The Shire of Boddington will:

- (a) Ensure development is compatible with a reasonable standard of rural amenity.
- (b) Ensure sensitive land uses are not introduced to areas that could limit established future primary production and other compatible uses.

3.3 Infrastructure

3.3.1 Water

Potable water sources such as the catchments surrounding dams are valuable resources that need to be carefully managed and protected, to ensure that they can continue to provide potable water in the longer-term. The planning system can also support measures to promote development that minimises water use, supports water that is fit-for purpose and promotes re-use.

Strategies:

- (a) Consider the potential impact of development on public drinking water source areas when assessing and determining planning proposals.
- (b) Ensure that any development in a public drinking water source area is compatible with the protection and management of

water resources for public drinking water.

- (c) Encourage land management practices which are consistent with best management practices, as set out in the relevant drinking water source area protection plan.

Actions

The Shire of Boddington will:

- (a) Identify public drinking water source areas as a special control area in the new local planning scheme.
- (b) Include provisions in the new local planning scheme, which seek to minimise the potential for pollution and land degradation within public drinking water source areas. These land use controls would apply in addition to the land use controls that normally apply to a zone and would be enforced through the public drinking water source special control area.
- (c) Seek advice from the Department of Water and Environmental Regulation, where a proposal may prejudice the quality or quantity of water supplies for public use.
- (d) Have due regard for the Department of Water and Environmental Regulation's advice, *State Planning Policy 2.7 Public Drinking Water Source Policy, Boddington District Water Management Strategy* and any relevant water source protection plans when assessing and determining applications for planning approval.
- (e) Promote and enhance water management and conservation.
- (f) Require that new development has a sufficient supply of potable water with quality addressing the *Australian Drinking Water Quality Guidelines 2004* (or any updates).

3.3.2 Wastewater

The Shire of Boddington's reticulated sewerage and treatment infrastructure represents best-practice wastewater disposal and the ongoing operation of the wastewater treatment plant should be protected, to ensure that it can continue to support the Shire of Boddington's growth and development in the longer-term.

- (d) Limit and avoid future development which could prejudice the extraction of basic raw materials and mineral resources.
- (e) Support the continued use of land within the mining buffer area for general agricultural purposes.

Actions

The Shire of Boddington will:

- (a) Identify the mining buffer area as a special control area in the new local planning scheme.
- (b) Include provisions in the new local planning scheme to control development within the mining buffer special control area.
- (c) Continue to seek (and have due regard for) the Department of Mines, Industry Regulation and Safety's advice in respect of development applications which may affect basic raw materials and mineral resources, the extraction of those resources or the buffer areas required for extraction operations.
- (d) Continue to seek advice from the Department of Jobs, Tourism, Science and Innovation regarding the preparation of local planning documents and during the consideration of any statutory planning proposals that may impact upon Worsley's bauxite mining operations under the *Alumina Refinery (Worsley) Agreement Act 1973*.
- (e) Support identified 'long term' investigation areas once the region's mining operations are complete or where it can be demonstrated that land use conflicts will be avoided.
- (f) Limit and avoid future proposals that could prejudice the extraction of basic raw materials and mineral resources.
- (g) Continue to work with the Department of Mines, Industry Regulation and Safety to safeguard areas within the mining buffer, where there is a high likelihood of basic raw materials or mineral resources being present.
- (h) Prepare a gravel extraction plan.
- (i) Continue to work with the State Government, Newmont and other stakeholders to consider the future of the Newmont Boddington Gold mining camp and incentives to facilitate

development and population growth in Boddington.

- (j) Continue to work with the State Government, mining operators and community to plan for the future long-term use of rehabilitated mining sites, consistent with industry best practice.
- (k) Include, in the local planning scheme, mining operations as a use within the zoning table (Table 1) and list it as a D use in all zones and the state forest reservation.
- (l) Update scheme arrangements to include a reference to section 120 of the Mining Act to establish a clear link to the 'planning-arm' by providing a trigger for Ministerial involvement.

3.4.2 Agriculture

The Shire of Boddington's rural areas should be used for agricultural production (which contributes significantly to the Shire of Boddington's economy), while providing for a range of rural pursuits which are compatible with the capability of the land and retain the rural character and amenity of the locality. In some (limited) circumstances, rural areas can also provide opportunities for non-agricultural land uses which are not detrimental to agricultural productivity or the environment.

Farmland

Strategies

- (a) Support the continued use and management of cleared agricultural land for sustainable agricultural purposes.
- (b) Encourage the establishment and adoption of new farming practices.
- (c) Promote rural uses compatible with the capability of the land.

- (d) Highlight that approval for or the existence of two or more dwellings on one lot is not to be construed as justification for subdivision.
- (e) Limit further subdivision of rural land.

Actions

The Shire of Boddington will:

- (a) Include broad acre agricultural areas within a Rural zone in the new local planning scheme.
- (b) Not support requests to transfer land identified for rural/agricultural use by this Strategy, from a Rural zone to the Rural Residential or Rural Smallholdings zone.
- (c) Not support further subdivision of agricultural land unless doing so would be consistent with the Western Australian Planning Commission's rural land use planning policies¹⁷.
- (d) Update scheme arrangements to provide provision for a second dwelling in planned circumstances. Support an additional dwelling where lots are larger than 40ha, and the proposal demonstrates servicing arrangements for access, water and wastewater and deals with amenity and landscape matters.
- (e) Support the construction of an additional dwelling on a lot where a dwelling is included on the municipal heritage inventory and/or the State Heritage Register and arrangements (to the satisfaction of the Shire of Boddington and/or the State Heritage Office) have been made for the dwelling's heritage values to be conserved and maintained.

3.4.3 Industry

The Shire of Boddington's industrial areas provide opportunities for a wide range of industrial and ancillary activities to be undertaken; however, those activities should not have a detrimental impact on the amenity of adjacent areas.

Strategies

- (a) Support investigations aimed at identifying, securing and developing new opportunities for light and general industrial development near Boddington.
- (b) Support investigations aimed at identifying, securing and developing new opportunities for agri-businesses, transport logistics and industrial development at North Bannister.

Actions

The Shire of Boddington will:

- (a) Liaise with relevant stakeholders in respect of the provision and development of suitably serviced industrial land within the Shire of Boddington.
- (b) Update this Strategy to reflect opportunities for new industrial development, if:
 - (i) there is a demonstrable need for additional land suitable for industrial development; and
 - (ii) investigations identify land suitable for industrial development.
- (c) Include a General Industry zone and appropriate land use controls in the new local planning scheme.
- (d) Require proponents of industrial development to demonstrate that impacts/emissions (including noise, dust and other impacts) meet the relevant environmental and regulatory standards.
- (e) Require appropriate technical investigations and structure planning to support industrial and associated development at North Bannister.

3.4.4 Tourism

The Peel region is a popular tourist destination for visitors from the Perth metropolitan area, interstate and overseas; however, tourism remains a minor industry in the Shire of Boddington, albeit it one with growth potential.

In this respect, the Shire of Boddington's image as a tourist destination could be improved by

¹⁷ These policies are available from:
<http://www.planning.wa.gov.au/>

- (e) set out procedures for the assessment and determination of development applications;
- (f) set out procedures for contributions to be made to the costs of providing infrastructure in connection with development through development contribution plans;
- (g) make provision for the administration and enforcement of this Scheme; and
- (h) address other matters set out in Schedule 7 of the *Planning and Development Act 2005*.

9. AIMS OF THE SCHEME

The aims of the Scheme are to:

- (a) encourage, direct and control quality and orderly development in the Scheme area so as to promote and protect the health, safety, and general economic and social well-being of the community, and the amenity of the area;
- (b) promote sustainable development that integrates consideration of economic, social and environmental goals for the Scheme area;
- (c) provide a sufficient supply of serviced and suitable land for housing, rural living, commercial and industrial activities, community facilities, recreation and open space;
- (d) assist employment and economic growth by facilitating the timely provision of suitable land for retail, commercial, industrial and tourist development, as well as providing opportunities for home-based employment;
- (e) seek to minimise land use conflict between current mining activities and areas identified as being prospective for minerals with sensitive land uses;
- (f) maximise the local benefit of mining activities that occur within the Scheme area;
- (g) support rational decisions being made in regard to land use and that the assessment and classification of land resources is made on the basis of land capability and land suitability;
- (h) manage the use and development of land by means of zoning and development controls to achieve compatibility between land uses, and the preservation and where possible the enhancement of amenity for urban and rural uses;
- (i) appropriately take account of flooding, fire and other risks;
- (j) maintain and protect valuable areas of agricultural production and conserve its non-urban character whilst accommodating other complementary rural activities;
- (k) retain the primacy of the Boddington town centre as the commercial and cultural centre of the Scheme area;
- (l) promote appropriately located and designed tourist development;
- (m) encourage an efficient use of existing infrastructure and an increased usage of sustainable energy sources;
- (n) conserve existing local Aboriginal and historic heritage;
- (o) maintain and enhance the positive aspects of a country lifestyle enjoyed by the inhabitants of the Scheme area through appropriate control over the layout and design of developed areas by fostering a distinctive character based on good design principles;
- (p) improve the management of the natural resources of the Scheme Area;

8.1.1 E Planning Framework

- (q) conserve, protect and enhance the biodiversity (genetic, species and ecosystem diversity, environmental values and natural heritage) of the Scheme area and its environs by ensuring that land use and development is undertaken sustainably with biodiversity values at the fore-front of decision-making;
- (r) recognise and, where possible, take account of the adverse cumulative impacts on biodiversity, and environmental and heritage values;
- (s) improve the means of access into and around the Scheme area and to ensure the safe and convenient movement of people including pedestrians, cyclists and motorists;
- (t) provide for the growth of the Boddington and Ranford townsites and nearby rural living areas in a land use pattern which reduces pressure to convert agricultural land to non-agricultural uses;
- (u) guide the location of urban, rural residential and rural smallholding subdivision/development in order to:
 - (i) minimise impacts on rural land;
 - (ii) protect and enhance the rural landscape and environmental values;
 - (iii) recognise the potential for environmental repair and ensure its enhancement and management in subdivision and development proposals;
 - (iv) be appropriately serviced in a sustainable manner that does not place inappropriate demands on the local government or servicing authorities in terms of upgrading or maintaining services; and
 - (v) avoid impacting mineral resources (noting that there is a need for sequential land use of extracting minerals, where possible, prior to subdivision and intensive development);
 - (vi) provide guidance and controls for future residential, rural residential, rural small holding, commercial, industrial and tourist development within the municipality;
 - (vii) assist in the effective implementation of State and region plans, strategies and policies;
 - (viii) adopt a set of Local Planning Policies which will achieve the stated objectives.

10. RELATIONSHIP WITH LOCAL LAWS

Where a provision of this Scheme is inconsistent with a local law, the provision of this Scheme prevails to the extent of the inconsistency.

11. RELATIONSHIP WITH OTHER LOCAL PLANNING SCHEMES

There are no other local planning schemes of the Shire of Boddington which apply to the Scheme area.

12. RELATIONSHIP WITH REGION PLANNING SCHEME

There are no region planning schemes which apply to the Scheme area.

PART 3 - ZONES AND USE OF LAND

16. ZONES

- (1) Zones are shown on the Scheme Map according to the legend on the Scheme Map.
- (2) The objectives of each zone are as follows -

Table 2 - Zone objectives

Zone name	Objectives
Residential	<ul style="list-style-type: none"> To provide for a range of housing and a choice of residential densities to meet the needs of the community. To facilitate and encourage high quality design, built form and streetscapes throughout residential areas. To provide for a range of non-residential uses, which are compatible with and complementary to residential development.
Rural Residential	<ul style="list-style-type: none"> To provide for lot sizes in the range of 1 ha to 4 ha. To provide opportunities for a range of limited rural and related ancillary pursuits on rural-residential lots where those activities will be consistent with the amenity of the locality and the conservation and landscape attributes of the land. To set aside areas for the retention of vegetation and landform or other features which distinguish the land.
Rural Smallholdings	<ul style="list-style-type: none"> To provide for lot sizes in the range of 4 ha to 40 ha. To provide for a limited range of rural land uses where those activities will be consistent with the amenity of the locality and the conservation and landscape attributes of the land. To set aside areas for the retention of vegetation and landform or other features which distinguish the land.
Rural	<ul style="list-style-type: none"> To provide for the maintenance or enhancement of specific local rural character. To protect broad acre agricultural activities such as cropping and grazing and intensive uses such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use. To maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage. To provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the Rural zone. To provide for a range of non-rural land uses where they have demonstrated benefit and are compatible with surrounding rural uses.
Commercial	<ul style="list-style-type: none"> To provide for a range of shops, offices, restaurants and other commercial outlets in defined townsites or activity centres. To maintain the compatibility with the general streetscape, for all new buildings in terms of scale, height, style, materials, street alignment and design of facades. To ensure that development is not detrimental to the amenity of adjoining owners or residential properties in the locality.

18. INTERPRETING ZONING TABLE

- (1) The permissibility of uses of land in the various zones in the Scheme area is determined by cross-reference between the list of use classes on the left-hand side of the zoning table and the list of zones at the top of the zoning table.

- (2) The symbols used in the zoning table have the following meanings -

P means that the use is permitted if it complies with all relevant development standards and requirements of this Scheme;

I means that the use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of the land and it complies with all relevant development standards and requirements of this Scheme;

D means that the use is not permitted unless the local government has exercised its discretion by granting development approval;

A means that the use is not permitted unless the local government has exercised its discretion by granting development approval after advertising the application in accordance with clause 64 of the deemed provisions;

X means that the use is not permitted by this Scheme.

Note: 1. The development approval of the local government may be required to carry out works on land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the carrying out of works on, and the use of, land.

2. Under clause 61 of the deemed provisions, certain works and uses are exempt from the requirement for development approval.

3. Clause 67 of the deemed provisions deals with the consideration of applications for development approval by the local government. Under that clause, development approval cannot be granted for development that is a class X use in relation to the zone in which the development is located, except in certain circumstances where land is being used for a non-conforming use.

- (3) A specific use class referred to in the zoning table is excluded from any other use class described in more general terms.

- (4) The local government may, in respect of a use that is not specifically referred to in the zoning table and that cannot reasonably be determined as falling within a use class referred to in the zoning table -

8.2.1 Monthly Financial Statements – June 2021

Disclosure of Interest:	Nil
Author:	D Long – Finance Consultant
Attachments:	8.2.1A Monthly Financial Statements – June 2021 (under separate cover)

Summary

The Monthly Financial Report for 30 June 2021 is presented for Councils consideration.

Background

The Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996 require local governments to prepare monthly reports containing the information that is prescribed.

Comment

The Shire prepares the monthly financial statements in the statutory format along with other supplementary financial reports consisting of:

- (a) Statement of Comprehensive Income by Function/Program;
- (b) Statement of Comprehensive Income by Nature/Type;
- (c) Statement of Financial Activity;
- (d) Summary of Net Current Asset Position;
- (e) Statement of Explanation of Material Variances;
- (f) Statement of Financial Position;
- (g) Statement of Cash Flows;
- (h) Detailed Operating and Non-Operating Schedules;
- (i) Statement of Cash Back Reserves; and
- (j) Loan Borrowings Statement.

MATERIAL VARIANCE COMMENTARY ON YEAR TO DATE

Regulation 34 of the *Local Government (Financial Management) Regulations 1996* require local governments to prepare annual budget estimates and month by month budget estimates so that comparatives can be made to Year to Date (YTD) Actual amounts of expenditure, revenue and income. Attached to this report is a copy of the month by month cumulative budget estimates, set out in the Statement of Financial Activity format.

At its budget meeting, Council adopted a material variance threshold of \$10,000 or 10%. For interpretation purposes, this means any variance at Function/Program level that is greater than 10% and exceeds \$10,000 in value is reported on and commentary is provided to explain the YTD budget estimate to YTD actual variance. The material variance is shown on the Statement of Financial Activity, in accordance with the *Local Government (Financial Management) Regulations 1996*.

The material variance commentary is now provided in a separate statement, called the Statement of Explanation of Material Variances. This statement categorises the variance commentary according to reporting Functions/Programs and groups the variances by

Operating Revenue, Operating Expenditure, Non-Operating/Capital Revenue, and Capital Expenditure.

The Statement of Financial Activity as at 30 June shows a closing surplus of \$1,147,180. This surplus is only preliminary as there are a series of year end accounting adjustments that need to be made, including further invoices to come from suppliers. A more definitive estimated closing surplus will be available in the coming weeks.

Statutory Environment

Local Government Act 1995

Section 6.4–Specifies that a local government is to prepare such other financial reports as are prescribed.

Local Government (Financial Management) Regulations 1996:

Regulation 34 states:

- (1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:
 - (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
 - (b) budget estimates to the end of month to which the statement relates;
 - (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
 - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
 - (e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5, and 6 prescribe further details of information to be included in the monthly statement of financial activity.

8.2.2 List of Payments – June 2021

Disclosure of Interest: Nil
Author: Finance Administration Officer
Attachments: 8.2.2A List of Payments (CONFIDENTIAL) under separate cover

Summary

The Local Government (Financial Management) Regulations 1996 require the preparation of a List of Payments made from the Council's bank accounts.

Background

A list of the payments made in each month is to be prepared and presented to a meeting of Council in the following month.

This list of payments is to be reviewed by Council separately from the monthly financial statements. This will ensure that the requirement of the Financial Regulations for the list of payments made in one month to be presented to the Council meeting in the following month, will be met even if the financial statements are not presented to that meeting.

Councillors have the opportunity to query or inspect invoices before the meeting to satisfy themselves before the item comes before Council.

Comment

The List of Payments for the month of March 2021 is presented in Attachment 8.2.2A.

Statutory Environment

Local Government (Financial Management) Regulations 1996

13. Payments from municipal fund or trust fund by CEO, CEO's duties as to etc.

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared –
 - (a) the payee's name; and
 - (b) the amount of the payment; and
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing –
 - (a) for each account which requires council authorisation in that month –
 - (i) the payee's name; and
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction; and
 - (b) the date of the meeting of the council to which the list is to be presented.

- (3) A list prepared under subregulation (1) or (2) is to be —
- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

8.6.3 Small Business Friendly Local Government Charter

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	A1495
Disclosure of Interest:	Nil
Author:	Economic & Community Development Officer
Attachments:	8.6.3A Western Australian Small Business Friendly Local Government Charter.

Summary

Council to consider signing the Small Business Friendly Local Government Charter to demonstrate commitment to work with, and support local small business.

Background

The Small Business Development Corporation (SBDC) has developed the Small Business Friendly Local Government (SBFLG) initiative to recognise those Local Governments (LGA's) in Western Australia that are committed to supporting small business in their local areas.

Participating Local Government Authorities sign the Small Business Friendly Local Government Charter (Attachment: 8.6.3A) to demonstrate they are committed to work with, and actively support local small business.

Taking part in this initiative involves working with, and supporting, small businesses by adopting three (3) "standard" activities and at least three (3) "Flexible" activities each year.

Local Governments who participate in this program are required to complete a simple report card every six months to the SBDC on their progress towards achieving the commitment made.

There are currently over forty nine (49) local governments in Western Australia who have signed the Charter.

Comment

The benefit of the Shire signing up to the SBFLG program include:

- Marketing the Shire as "Small Business Friendly";
- Providing a positive platform to liaise with local businesses;
- Being part of a network of like-minded local governments where ideas can be shared for small business growth and experiences;
- Access to other programs run by the SBDC, including the Small business Friendly Approvals Program;
- Growing and developing the local economy.

If the Shire of Boddington were to sign up to the SBFLG program, some of the activities that could be delivered to assist in the growth and development of local small business include:

- Adopting a policy to pay invoices from small business suppliers within 30 days.

This could be a simple process to implement and would be supportive of local business particularly in this COVID environment. Would involve no extra financial outlay.

- Providing small business information on the Shires website and promotion on television in Administration areas.

Information that is received at the Shire and is relevant to small business is currently placed on the Shire website, promoted in Snippets in the Bodd News and at times emailed directly to relevant local businesses. Local business have also been contacted direct by phone to let them know of relevant grants i.e. COVID \$2,000 grant June long weekend lock down. This will continue, with the opportunity being to expand the database to ensure all businesses are captured. This involves no extra financial outlay.

Providing relevant small business information is something we currently do and are in the process of advertising for small business (as well as community organisations) to provide their artwork so we can update the information on the television screens. This has a financial impact as a consultant is being paid to format this information.

- Supporting 'buy local' shopping campaigns

This project would be aimed at locals who shop outside of the district. When signed up to the Charter the Shire would be able to work with SBDC to incorporate signage, media kits, and other material. This may require a small budget (\$500) for banners, signage etc. Promotion could include local websites, posters, signs, banners etc.

- Meeting with and consulting members of the local small business community to improve our understanding of their needs.

The participation of the Shire in this program will allow us to form a working relationship with the SBDC which may yield additional business development opportunities, including the "Buy Local Campaigns" and other small business friendly projects.

Strategic Implications

Strategic Community Plan 2019 – 2029

Pillar 2: A thriving and diverse economy.

- 2.8 Maintain strong relationships with the major businesses in the Shire, and partner to deliver events and resources to promote local business and products.

Nil

Financial Implications

There is no cost to Council to sign the Small Business Friendly Local Government Charter, however, a financial allocation in the 2021/22 Budget may be considered to support this initiative.

Economic Implications

The participation of the Shire in this program will allow the Shire to form a working relationship with the SBDC which may yield additional business development opportunities, including the "Buy Local Campaigns" and other small business friendly projects. This will support the economic development of the town.

Social Implications

Having successful and vibrant local businesses is essential to the ongoing growth of the Shire.

Charter

Commitment to this Charter is a requirement for participation in the Small Business Friendly Local Governments (SBFLG) initiative and outlines what the local government agrees to do to support small business in their area.

1. Commitment to small business

The local government agrees to:

- a) recognise that the small business community is an important stakeholder;
- b) undertake regular and targeted consultation with this group;
- c) work towards understanding how its local small business community operates, its needs and goals, and the key challenges;
- d) provide networking and other development opportunities for its local small business community; and
- e) actively engage, where appropriate, with the Small Business Development Corporation (SBDC) on matters affecting small business.

2. Commitment to customer service

The local government agrees to:

- a) maintain open lines of communication with small businesses through both formal and informal approaches
- b) provide clear advice and guidance to small businesses with a focus on assisting them to understand and meet their regulatory obligations, and to work with them to achieve compliance;
- c) publish a set of clear service standards setting out what small businesses can expect from them;
- d) consider the needs of local small business owners for whom English is not a first language; and
- e) publish a link on its website to take small business owners to resources available on the SBDC website, including the Business Licence Finder.

3. Administration and regulation

The local government agrees to:

- a) take reasonable action to limit unnecessary administrative burdens on small business such as:
 - i. only asking for information that is absolutely necessary;
 - ii. not asking for the same information twice;
 - iii. working collaboratively with other local governments;
- b) undertake regular policy reviews to limit their impact on small businesses, and to test new policies and procedures for 'small business friendliness'; and
- c) ensure that its officers have the necessary knowledge and skills to apply plans and regulations in a consistent manner.

4. On-time payment policy

The local government agrees to work towards ensuring all invoices from small business suppliers are paid within 30 days.

5. Small business engagement

The local government agrees to regularly meet and consult with the small business community, including small business operators and members of representative bodies, to assist their understanding of small business needs in their local area.

6. Dispute resolution

The local government agrees to implement a timely, cost-effective and non-judicial process to manage any disputes it may have with small businesses and to publish details of this on its website. The process could include referring the dispute to an independent dispute resolution service (such as that offered by the SBDC).

7. Additional activities to support small business

In addition to items 4, 5, and 6 above, the local government agrees to implement at least three other activities to improve the operating environment for small businesses within its authority. Details of the initiatives are to be included in the local government's bi-annual reports to the SBDC.

8. Progress reports

The local government agrees to:

- a) provide the SBDC with a biannual progress report that outlines the results achieved in relation to its small business friendly initiatives, including its policy relating to small business being paid on-time, business advisory group, and dispute resolution process; and
- b) forward success stories and case studies to the SBDC in relation to the SBFLG initiative when requested.

9. Promotion and marketing of the program

The local government:

- a) agrees that the Mayor and Chief Executive Officer will make a public statement in relation to its commitment to the SBFLG initiative, and to post this statement on its website;
- b) will be provided with a logo which it agrees to use in accordance with the SBFLG style guide supplied by the SBDC; and
- c) is encouraged to promote the SBFLG initiative by displaying the approved logo on its online and printed marketing and communication materials.

10. Contact details

The local government agrees:

- a) that the primary contact for the SBFLG initiative will be the Chief Executive Officer and that a secondary contact will also be nominated, as a delegate of the Chief Executive Officer; and

8.6.4 Lease - Boddington Men's Shed Inc.

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	CPRO050
Disclosure of Interest:	Nil
Author:	Economic and Community Development Officer
Attachments:	8.6.4A Draft Lease Boddington Men's Shed Inc.

Summary

For Council to consider renewing the lease with the Boddington Men's Shed Inc., (BMSI) located at Reserve 20758, 50 Johnstone Street, Boddington, being comprised of Lot 500 on Deposited Plan 55398 and being a portion of the land contained in Crown Land Title Volume L 3147 Folio 905.

Background

At the February 2014 Ordinary Meeting, Council considered the draft lease and resolved the following:

That Council:

1. offer the draft Lease for the Boddington Old Works Depot, included at Attachment 8.7.6A, as amended, to the Boddington Men's Shed Inc;
2. delegates to the Chief Executive Officer the authority to:
 - a. negotiate any minor changes to the final terms of the lease; and
 - b. execute a finalised Lease Agreement with the Boddington Men's Shed Inc.

This item was taken back to the May 2014 Ordinary Council meeting after the BMSI requested the term of the lease be increased from a term of two (2) years with a further option of one (1) year to a seven (7) year term with a further option of three (3) years.

At the May 2014 Ordinary Meeting, Council considered this request and resolved the following:

That Council:

1. Accede to the request by the BMSI and approve a Term of seven (7) years with a Further Term of three (3) years;
2. delegates to the Chief Executive Officer the authority to:
 - a. amend the Term and Further Term accordingly in the draft lease included at Confidential Attachment 8.7.3A;
 - b. negotiate any other minor changes to the final terms of the lease;
 - c. offer the amended draft lease for the Boddington Old Works Depot to the Boddington Men's Shed Inc; and
 - d. execute a finalised Lease Agreement with the Boddington Men's Shed Inc.

Comment

The BMSI is a not for profit volunteer group. They have a modest annual membership fee to ensure all members of the community can participate.

The members assist residents with small repair jobs where on occasions they receive a small re-imburement to cover the cost of materials.

The BMSI designed and created a chair for Father Christmas to utilise at the 2020 Lighting of the Christmas Tree. This chair will now be available for community groups to use as part of their annual Christmas celebrations.

The BMSI are currently investigating the possibility of replacing the old transportable (previously the Shire staff crib room) that they utilise for a meeting and kitchen space. The transportable is in extremely poor condition and is currently too small for the group's needs.

This organisation provides an important social service to the community with an opportunity for those socially isolated, elderly or with disabilities an opportunity to socialise with other local community residents in a safe environment.

The current Lease expires 14 September 2021. It is recommended that this lease be for twenty one (21) years. Tenure of lease is an element that funding bodies (e.g. Lotterywest) consider when community groups are housed on Crown or Local Government land. A twenty one (21) year lease also offers the community organisation long term stability moving forward.

Strategic Implications

The Shire of Boddington Strategic Community Plan 2019-2029 states:

"Pillar 1: A vibrant and connected community.

1.6 Facilities & services that support lifelong wellbeing.

1.10 Provide opportunities for engagement and connection for those at risk of social isolation (youth, people with a disability, older residents).

1.12 Support opportunities for volunteering and community connection.

Statutory Environment

Section 3.54 of the *Local Government Act 1995* gives Council the power to lease a Reserve with the approval of the Minister for Planning therefore approval will need to be sought for a lease to be entered into.

Section 3.58 of the *Local Government Act 1995* covers the disposal of property and the leasing of property is deemed to be a disposal.

S3.58(3) allows a local government to dispose of property without going to public auction or calling tenders if before agreeing to dispose of the property:

- (a) it gives local public notice of the proposed disposition –
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and
 - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;

- and
- (a) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

S3.58(4) requires the following details to be included in the public notice:

- (a) the names of all other parties concerned; and
- (b) the consideration to be received by the local government for the disposition; and
- (c) the market value of the disposition —
 - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
 - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition

Local Government Functions and General Regulations

30. Dispositions of property to which section 3.58 of Act does not apply

- 1) A disposition that is described in this regulation as an exempt disposition is excluded from the application of section 3.58 of the Act.
- 2) A disposition of land is an exempt disposition if —
 - a. the land is disposed of to an owner of adjoining land (in this paragraph called “the transferee”) and —
 - i. its market value is less than \$5 000; and
 - ii. the local government does not consider that ownership of the land would be of significant benefit to anyone other than the transferee;
 - b. the land is disposed of to a body, whether incorporated or not —
 - i. the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and
 - ii. the members of which are not entitled or permitted to receive any pecuniary profit from the body’s transactions.

1.2 Interpretation

In this Lease:

- (a) A reference to a person includes that person’s executors, administrators, successors and assigns;
- (b) A covenant, agreement, representation or warranty in favour of two (2) or more persons is for the benefit of them jointly and severally;
- (c) An agreement, representation or warranty given or made by two (2) or more persons shall bind them jointly and severally;
- (d) A reference to a professional or industry body includes a reference to the successor or substitute for that body; and
- (e) Unless repugnant to the context, a covenant by the Lessee to do or omit to do anything includes a covenant by an Authorised Person of the Lessee to do or omit to do that thing, and the Lessee is liable for all acts or omissions of an Authorised Person of the Lessee.

1.3 Performance of Functions by Minister

- (a) All acts and things which the Minister is required or empowered to do under this Lease must be done by the Minister or the Minister’s delegate appointed under section 9 of the LAA;
- (b) Where pursuant to this Lease payments and rights accrue to the Minister or obligations are imposed on the Minister the same are for the benefit and burden respectively of the Lessor unless the context otherwise requires.

1.4 Approval by the Lessor or Minister

In any case where under this Lease the doing or executing of any act, matter or thing by the Lessee is dependent on the approval or consent of the Lessor or the Minister such approval or consent will not be effective unless it is

given in writing and may be given or withheld by the Lessor or the Minister in the Lessor's reasonable discretion or the Minister's absolute discretion and may be given subject to such conditions as the Lessor or the Minister may reasonably determine unless otherwise provided in this Lease.

1.5 Consent of Western Australian Planning Commission

If for any reason this Lease required by law the consent of the Western Australian Planning Commission then this Lease is made expressly subject to and is conditional upon the granting of the consent of the Western Australian Planning Commission.

1.6 Discretion of the Lessor in its capacity as Relevant Authority

The parties agree and acknowledge that nothing in this Lease shall fetter or be construed as an attempt to fetter the discretion or the powers of the Lessor in its capacity as a Relevant Authority under any Written Law and in particular does not fetter the Lessor in its capacity as a Relevant Authority with regard to the approval or imposition of conditions of any approval required for any matter relating to the Leased Premises or this Lease.

2. Operative part

2.1 Lease of Leased Premises

Subject to the Minister's consent in respect of this Lease, in consideration of the Lessee agreeing to:

- (a) pay the money payable under this Lease; and
- (b) duly observe and perform the Lessee's Obligations.

the Lessor leases the Leased Premises and grants the Lessee's Rights to the Lessee for the Term commencing on the Commencement Date subject to the reservation of the Lessor's rights under this Lease.

2.2 Quiet enjoyment

The Lessor warrants that the Lessor has full capacity to grant this Lease, and if the Lessee:

- (a) pays the money payable under this Lease; and
- (b) duly observes and performs the Lessee's Obligations.

the Lessor agrees that the Lessee may quietly hold the Leased Premises and enjoy the Lessee's Rights during the Term without any disturbance from the Lessor or any person lawfully claiming through the Lessor, except to the extent that interruption, disturbance or interference arises because of the

exercise of the Lessor's rights or is otherwise permitted by any provision of this Lease.

2.3 Lessee responsible as if owner

The Lessee is subject to the same responsibilities relating to persons and property during the Term as if the Lessee were the owner of the Leased Premises.

2.4 Lessee Rights of Access and Egress over Land

The Lessee and any Authorised Person of the Lessee has full and free right and liberty to go pass and repass at all times and from time to time and for all purposes across any access-way, path or other open space within the Land adjoining the Leased Premises for the purpose of gaining access to the Leased Premises.

3. Reservation of Lessor's rights

Without limiting any other provisions of this Lease, the Lessor reserves the following rights:

(a) Improvements to Leased Premises:

the Lessor may at any time carry out improvements to the Leased Premises, including without limitation:

- (i) construct new buildings on the Land;
- (ii) alter, add to, extend, reduce the size of, or otherwise modify, existing buildings on the Land; and
- (iii) any other Lessor's Works,

but in exercising these rights, the Lessor shall use the Lessor's reasonable endeavours not to cause any undue interference with the conduct of the Lessee's Operations.

(b) Right to enter

- (i) the Lessee shall permit the Lessor to enter the Leased Premises at all reasonable times on the giving of reasonable notice, or immediately in the case of emergency, to:
- (ii) view the state of repair of the Leased Premises and to ensure compliance with the Lessee's Obligations;

- (iii) comply with any requirement or order of any local government or other statutory authority;
 - (iv) except that the Lessor shall use the Lessor's reasonable endeavours not to cause any undue interference with the conduct of the Lessee's Operations;
 - (v) The Lessor may enter the Leased Premises at any time for the purpose of doing anything which should have been done by the Lessee under this Lease including in relation to Health and Safety issues but which has not been done or has not been done properly;
- (c) Rights of Lessor and Lessor's Authorised Persons to Access and Egress
- (vi) The Lessor and any Authorised Person of the Lessor has full and free right and liberty to:
 - (vii) Go pass and repass at all times and from time to time and for all purposes across any access-way, path or other open space within the Leased Premises for the purpose of gaining access to any other part of the Land or any adjoining Land; and
 - (viii) Enter and remain upon any part of the Leased Premises for the purpose of installation, construction, extension, altering, improving, maintaining or inspection of any Service, Facility or Lessor's Fixture.

(d) Granting easements etc.

The Lessor may grant easements of support or any other easements or similar rights over any part of the Land or dedicate or transfer or otherwise deal with any part of the Land in favour of another person for any reason whatsoever except that the Lessor shall not without the Lessee's prior consent do anything which will substantially and permanently derogate from the quiet enjoyment of the Lessee's Rights by the Lessee.

4 Rent

4.1 Payment

The Lessee must pay the Rent to the Lessor in the manner specified in item 8 of Schedule 1, without any deduction, set off or abatement.

5 Supply of Services

- 5.1 The Lessee must pay to the Lessor or, if demand is made by a statutory or other Relevant Authority or provider of Services, to that statutory or other Relevant Authority or provider of Services, all amounts separately charged or assessed in respect of the Leased Premises or the Lessee for or in connection with Services to or for the benefit of the Leased Premises or the Lessee, including but not limited to electricity, gas, oil, fuel, water, telecommunications, power or other similar commodity, facility or services.
- 5.2 The Lessee must observe and comply with any conditions of supply of Service by the Lessor, or where no conditions of supply are imposed by the Lessor, observe and comply with the conditions of supply of Services imposed by any statutory or other Relevant Authority or provider of Services.
- 5.3 If any Service is not provided by the Lessor, the Lessee is responsibility to make the Lessee's own arrangements at the Lessee's own cost for the supply of the Service to the Leased Premises.

6 Use of Leased Premises and Facilities

- 6.1 The Lessee shall not:
 - (a) use the Leased Premises for any other purpose other than the Authorised Use specified in item 5 of Schedule 1 or for any purpose for which the Leased Premises was not designed or designated;
 - (b) use each Facility, Service, Item of Plant and Equipment or Lessor's Fixture for a purpose for which it was not designed or designated.
 - (c) hire, permit access to, or otherwise make the Leased Premises available to any person, company or organisation for the operation or delivery of commercial or profit making services or activities without on each occasion obtaining the prior written consent of the Lessor. The Lessor may withhold consent in its absolute discretion and without being required to give reasons.
- 6.2 The Lessee:
 - (a) shall comply with the Lessor's reasonable requirements for the use of each Facility, Service, item of Plant and Equipment and Lessor's Fixtures; and

(b) shall not do or omit to do anything which might interfere with or impair the efficient supply or operation of each Facility, Service, item of Plant and Equipment or Lessor's Fixture.

7 Security of Leased Premises

7.1 The Lessee shall:

(a) securely lock all doors, gates, windows or other openings to the Leased Premises when the Leased Premises is unoccupied; and

7.2 The Lessor may enter the Leased Premises at any time for any purpose in relation to security, but nothing in this clause makes the Lessor responsible in any way for the security of the Leased Premises.

8 Leased Premises Name in Lessee's Name

8.1 The Lessee shall not use the name of the Leased Premises in the Lessee's own name or in any business name without the consent of the Lessor, which consent will not be unreasonably withheld.

9 Covenant to repair and maintain

9.1 The Lessee shall:

(a) Maintain the Leased Premises in good condition except in respect of:

(i) fair wear and tear;

(ii) damage which is or will be reinstated from the proceeds of insurance;

(iii) structural damage which has not been caused by an act or omission of the Lessee or an Authorised Person;

(b) promptly repair any damage to the Leased Premises for which the Lessee is responsible to the satisfaction of the Lessor;

(c) keep the Leased Premises clean and free from rubbish;

(d) maintain the Lessor's Fixtures and the Facilities in the Leased Premises in good condition except in respect of fair wear and tear and damage which is or will be reinstated from the proceeds of an insurance policy, and where necessary, replace that Lessor's Fixture or the Facility to the satisfaction of the Lessor;

- (e) enter into and keep current a service contract with a reputable air-conditioning service company for the regular maintenance and service of any air-conditioning plant and equipment which services the Leased Premises;
- (f) maintain the Lessee's Fixtures in clean and good condition;
- (g) replace any light bulbs or fluorescent tubes in the Leased Premises when necessary; and
- (h) replace any broken glass in the Leased Premises.

9.2 If the Lessee does or proposes to do any alterations or additions to the Leased Premises, the Lessee must:

- (a) comply with all relevant requirements of an authority and all laws and standards;
- (b) before carrying out any work, obtain the Lessor's approval to the plans and specifications for the work;
- (c) carry out the work in a safe and proper manner;
- (d) use only good quality materials;
- (e) employ only qualified and competent persons; and
- (f) pay to the Lessor when the Lessor requests any expenses incurred by the Lessor in approving the work, including fees paid to architects, engineers, contractors or other advisors.

9.3 Lessee's Further Obligations

- (a) The conditions imposed by this clause 9.4 are in addition to the Lessee's repair and maintenance obligations imposed by clause 9.1.
- (b) The Lessee shall throughout the Term keep the Leased Premises in good repair and shall make good any damage to it howsoever caused and shall upon expiry or earlier termination of this Lease yield up the Leased Premises to the Lessor in a state of good repair.
- (c) Without prejudice to the generality of clause 9.1 and 9.3(b) for the avoidance of any doubt the Lessee is obliged to:-
 - i) Keep the Leased Premises in a safe condition and in good repair; and

- ii) effect all structural and other repairs and improvements necessary to the Leased Premises where necessary to bring them to and maintain them in a state of good repair; and
- iii) effect all structural and other repairs and improvements necessary to the Leased Premises to comply with the requirements of any Relevant Authority whether imposed on the Lessee as occupier or the Lessor as the Primary Interest Holder.

10 Positive covenants

The Lessee shall:

- (a) pay to the Lessor on demand all money paid by the Lessor on behalf of the Lessee in the discharge of any of the Lessee's liabilities under this Lease;
- (b) pay all duty, fines and penalties (if any) under the *Duties Act 2008 (WA)* on this lease;
- (c) keep the Facilities within the Leased Premises unobstructed;
- (d) report promptly to the Lessor in writing any of the following:
 - i) all damage or defects in the Leased Premises, the Lessor's Fixtures, the Plant and Equipment or the Facilities in the Leased Premises of which the Lessee is or ought to be aware;
 - ii) any breakage of glass in an exterior window or door in the Leased Premises;
 - iii) any malfunction of any Plant and Equipment or Facility either within the Leased Premises or used by the Lessee; and
 - iv) any circumstances likely to be a danger or cause any damage or danger to the Leased Premises, or any person in the Leased Premises, or on the Land of which the Lessee is aware;
- (e) remove on a regular basis rubbish which is not of a kind usually removed by the local government authority;
- (f) comply promptly with all legislation and by-laws affecting the Leased Premises or the use of the Leased Premises except for any structural work;
- (g) observe and comply with any conditions of supply of Services by the Lessor, or where no conditions of supply are imposed by the Lessor,

observe and comply with the conditions of supply of Services imposed by the relevant supply authority on the Lessor;

- (h) if any Service is not provided by the Lessor, make the Lessee's own arrangements for the supply of the Service to the Leased Premises;
- (i) prepare a fire and emergency plan which includes training programs and drills and which is approved by the Lessor, and at all times comply with that plan;
- (j) if the consent of any authority or a licence is required to carry on the Lessee's Operations from the Leased Premises, obtain and maintain the currency of that authority or licence; and

11 Negative covenants

The Lessee shall not:

- (a) except in relation to the Lessee's Works, without the Lessor's prior consent make any alteration to or addition to or demolish any part of the Leased Premises or remove or alter any of the Lessor's Fixtures, the Plant and Equipment or any Facility in the Leased Premises, except that the Lessor's consent shall not be unreasonably withheld to the installation, alteration or addition of partitioning in the Leased Premises;
- (b) without the prior consent of the Lessor and subject to such conditions as the Lessor may determine, mine, remove, extract, dig up or excavate any sand stone, gravel, clay, loam, shell or similar substance or permit any other person to undertake any such action however this clause 11(b) shall not apply to any removal, digging up or excavation as may be necessary to construct or undertake any improvement or alteration authorised by or under this Lease provided that any such removal, digging up or excavation is undertaken in accordance with the requirements of that authority;
- (c) do any act or thing which might result in excessive stress or floor loading to any part of the Leased Premises;
- (d) except for reasonable quantities for normal applications in connection with the use of the Leased Premises, bring onto, store or use any chemical or inflammable substance in the Leased Premises;
- (e) fail to comply with and observe the reasonable requirements of the Lessor in the use of the Plant and Equipment;

- (f) without the Lessor's prior consent use any Service, heating, cooling, lighting or power, except battery power, other than that provided by the Lessor;
- (g) without the Lessor's prior consent, install any electrical equipment in the Leased Premises which might overload the cables, switchboards or sub-boards through which electricity is connected to the Leased Premises;
- (h) do or omit to do anything which might cause the Leased Premises to deteriorate or become impaired except for fair wear and tear, to be obstructed, or to be in a condition other than a good and sanitary condition;

- (c) resulting from a notice, claim or demand against the Lessee to do or refrain from doing, anything except to the extent that the Lessor is

obliged by this Lease to pay for or contribute to the cost of compliance with the notice, claim or demand fails to do so;

- (d) the Lessee must indemnify and keep indemnified the Minister for Lands from and against all losses, claims, damages, demands, costs and expenses for whatsoever which may at any time be brought, maintained or made.

13.2 Nature of Indemnity

The obligation of the Lessee to indemnify the Lessor under this Lease or at law is not affected by the obligation of the Lessee to effect insurance.

14 Assignment

14.1 No assignment

The Lessee must not assign, mortgage or charge the Lessee's leasehold estate in the Leased Premises, nor sublet, part with possession or dispose of the Leased Premises in any way.

14.2 Property Law Act excluded

Sections 80 and 82 of the *Property Law Act 1969 (WA)* are excluded.

14.3 Lessor may consent to sublease

The Lessee will not be in breach of the covenant in clause 14.1 of this clause in respect of a sublease of the whole of the Leased Premises if both the Lessor and the Minister consent to the sublease. The Lessor's consent shall not be unreasonably withheld.

15 Damage, Destruction or Resumption

15.1 Definitions

In this clause 15:

- (a) 'Reinstatement Notice' means a notice given by the Lessor to the Lessee of the Lessee's intention to carry out the Reinstatement Works; and
- (b) 'Reinstatement Works' means the work necessary to:
 - i) reinstate the Leased Premises; or

- ii) make the Leased Premises fit for occupation and use or accessible by the Lessee.

15.2 Abatement

- (a) If the Leased Premises is damaged or destroyed so as to render any part of the Leased Premises wholly or substantially:

- i. unfit for occupation and use by the Lessee; or
- ii. inaccessible having regard to the nature and location of the Leased Premises and the normal means of access to them;

then from the date that the Lessee notifies the Lessor of the damage or destruction ('Damage Notice');

- iii. any money payable by the Lessee under this Lease; and
- iv. the covenant to repair and maintain;

will abate according to the nature and extent of the damage or destruction sustained.

- (b) If clause 15.2 (a) applies, the remedies for:

- (i) recovery of any money or a proportionate part falling due after the damage or destruction; or
- (ii) enforcement of the covenant to repair and maintain;

will be suspended (or partially suspended as the circumstances require) from the date of the Damage Notice until the Leased Premises is;

- (iii) restored;
- (iv) made fit for the Lessee's occupation and use; or
- (v) made accessible.

15.3 Either Party May Terminate

If clause 15.2(a) applies, either party may terminate this Lease by notice to the other unless the Lessor:

- (a) within ninety (90) calendar days of receiving the Damage Notice, gives the Lessee a Reinstatement Notice; and

- (b) diligently proceeds within a reasonable time to carry out the Reinstatement Works.

15.4 Lessee May Terminate

If the Lessor gives a Reinstatement Notice to the Lessee and fails to commence the Reinstatement Works within a reasonable time, the Lessee may terminate this Lease by giving not less than thirty (30) calendar days' notice to the Lessor and, at the expiration of that period, this Lease will terminate.

15.5 Exceptions

Clauses 15.2, 15.3 and 15.4 will not apply where:

- (a) the damage or destruction was caused or contributed to, or arises from any wilful act of the Lessee or an Authorised Person; or
- (b) an insurer under any policy effected by the Lessor under this Lease refuses indemnity or reduces the sum payable under the policy because of any act or default of the Lessee or an Authorised Person.

15.6 Lessor to Terminate

If the Lessor considers the damage to the Leased Premises renders it impractical or undesirable to carry out the Reinstatement Works, the Lessor may terminate this Lease by giving not less than thirty (30) calendar days' notice to the Lessee and, at the expiration of that notice, this Lease will terminate.

15.7 Antecedent Breaches

No liability will attach to either party because of termination of this Lease under this clause 15 but that termination will be without prejudice to the rights of either party for any antecedent breach or non-observance of any provision on this Lease.

15.8 Dispute Resolution

Any dispute arising out of the provisions of this clause 15 shall be determined by a single arbitrator under the provisions of the *Commercial Arbitration Act 1985 (WA)* and the parties may each be represented by a legal practitioner of their choice.

15.9 Lessor Not Obligated to Reinstate

Nothing in this Lease obliges the Lessor to reinstate the Leased Premises or the means of access to it.

15.10 Proceeds of Insurance

If the Leased Premises is damaged or destroyed and the Lease is terminated under this clause 15, the Lessee will have no interest in the insurance proceeds.

15.11 Resumption of Leased Premises

If the Leased Premises is resumed by any authority so as to render the Leased Premises inaccessible or substantially unfit for the occupation of the Lessee, this Lease may be terminated without compensation or other liability by either the Lessor or the Lessee by thirty (30) calendar days' notice to the other but without affecting the rights of either party against the other in respect of any previous breaches of the provisions of this lease.

16. Limited of Lessor's Liability

16.1 No warranties or representations

The Lessee acknowledges and agrees that:

- (a) all property in the Leased Premises shall be at the sole risk of the Lessee during the Term and the Lessor shall not be liable for any claim, loss or damage that the Lessee may suffer as a result of:
 - (i) any fault in the construction or state or repair of the Leased Premises, or the Lessor's Fixtures;
 - (ii) any defect in any of the Plant and Equipment, facilities or the Services;
 - (ix) any flow, overflow, leakage or breakdown of any water, air-conditioning, gas, power or other source of energy whether from the roof, walls, gutter or other parts of the Leased Premises;
- (b) the Lessor gives no warranty as to the use to which the Leased Premises may be put;
and
- (c) the Lessee has not relied on any representation or warranty of the Lessor in entering into this Lease and, for this purpose, the Lessee acknowledges that:

- (i) the Lessee has relied on the Lessee's own skill and judgement and has made the Lessee's own enquiries in determining the suitability of the Leased Premises for the Authorised Use and the Lessee's Operations, and
- (ii) the Lessee's occupation of the Leased Premises is conclusive evidence of the Lessee's acceptance of the Leased Premises as being in good order, repair and condition at the Commencement Date.

16.2 Suitability and Safety of Leased Premises

- (a) The Lessor does not represent or warrant:
 - (i) that the Leased Premises is suitable to be used for the Authorised Use; or
 - (ii) that the Leased Premises may lawfully be used for the Authorised Use.
- (b) Without affecting the generality of paragraph (a) above the Lessor does not represent or warrant that the zoning of the Leased Premises will allow the Leased Premises to be used for the Authorised Use whether with the approval or permission of the relevant planning authority or otherwise. It is the Lessee's responsibility to make its own enquiries about zoning and the Lessee warrants that before executing this Lease the Lessee has done so to the Lessee's own satisfaction.
- (c) The Lessee acknowledges having satisfied itself that the Leased Premises is suitable and safe to be used for the Authorised Use and agrees to take all measures necessary to ensure that the Leased Premises remains safe and free from hazards to the Lessee and all persons except entering the Leased Premises.

16.3 Lessor Not Liable

The Lessor is not liable to the Lessee and the Lessee will not make a claim against the Lessor in respect of any liability resulting from any accident, death, injury, damage to any property (including water damage), equipment, or machinery malfunction or interruption of services or other event of a similar nature in or affecting the Leased Premises unless caused by the negligence of the Lessor or any employee, contractor or agent of the Lessor.

16.4 Lessor only liable while Primary Interest Holder

The Lessor is only liable for any breaches under this Lease occurring while it is the Primary Interest Holder of the Land.

16.5 Interruption of Services

Except to the extent the Lessor is negligent, the Lessor shall not be liable to the Lessee for any loss or damage suffered by the Lessee for any malfunction, failure to function, or interruption of or to, the water, gas or electricity services, fire equipment or other services to or facilities contained in the Land or the Leased Premises, or for the blockage of any sewers, wastes, drains, gutters, downpipes or storm water drains from any cause.

17. Default

An event of default occurs if:

- (a) the Lessee fails to pay the Rent or Outgoings or other money payable under this Lease within five (5) Business Days of the date due for payment, regardless of whether demand has been made;
- (b) the Lessee fails to perform any of the Lessee's Obligations for ten (10) Business Days after the Lessor has given notice to the Lessee of the default;
- (c) the Lessee is in breach of any document other than this Lease giving the Lessee a right to occupy any part of the Land or the Leased Premises;
- (d) distress is levied or a judgement, order, security or encumbrance is enforced against any property of the Lessee;
- (e) a person is appointed under legislation to investigate or manage any part of the Lessee's affairs;
- (f) the Lessee ceases to carry on the Lessee's Operations from the Leased Premises;
- (g) an application is made to wind up or dissolve the Lessee; or
- (h) the Lessee resolves to wind itself up or otherwise dissolve itself.

18. Lessor's power on default

18.1 Lessor's right of possession

On the occurrence of an Event of Default, the Lessor may upon thirty (30) days' notice enter the Leased Premises and re-take possession, and on re-entry, the Term will immediately determine.

18.2 Lessor may remedy Lessee's default

(a) If an Event of Default occurs or the Lessee otherwise fails to perform any of the Lessee's Obligations, the Lessor may without prejudice to the Lessor's rights arising from the Event of Default or the failure to perform, remedy that Event of Default or the failure to perform as if the Lessor was the Lessee, at the Lessee's cost. The Lessee must pay to the Lessor all liabilities incurred by the Lessor in remedying an Event of Default or failure to perform.

(b) None of the following events constitute a re-entry or forfeiture or waiver of the Lessor's rights to recover in full all Rent and other money payable by the Lessee under the Lease:

(i) acceptance of the keys for the Leased Premises;

(ii) entry to the Leased Premises by the Lessor for the purpose of inspection or for the purpose of showing the Leased Premises to prospective lessees or to remedy an Event of Default; or

(iii) advertising the Leased Premises for re-letting.

18.3 No prejudice of Lessor's rights

Any re-possession or attempted re-possession of the Leased Premises by the Lessor or any demand for or acceptance of any of the money payable under this Lease will not:

(a) prejudice or affect the Lessor's rights under this Lease;

(b) release the Lessee from performing the Lessee's Obligations; or

(c) be deemed an election by the Lessor as to the exercise of the Lessor's rights under this Lease or at law.

18.4 Exercise of rights by Lessor

The Lessor may exercise the Lessor's rights under this Lease or at law notwithstanding laches, neglect or waiver in respect of any breach of the

Lessee's Obligations, and without giving notice except in accordance with this Lease or as required by law, and without having to prove detail default by the Lessee or the continuance of that default.

19. Essential terms

19.1 Breach of Essential Terms

- (a) If the Lessee's conduct constitutes breach of an essential term of this Lease and the Lessor elects to treat that breach as repudiation or the conduct otherwise constitutes repudiation of this Lease, the Lessee shall compensate the Lessor for all loss or damage suffered by reason of or arising from the repudiation.
- (b) Clause 4, 5, 6, 9, 11, 12 and 14 this Lease are deemed to be essential terms. This is not an exhaustive list of the essential terms of this Lease.

19.2 Lessor's Entitlement to Damages

The Lessor's entitlement to recover damages from the Lessee or any other person will not be limited or affected by any of the following:

- (a) if the Lessee abandons or vacates the Leased Premises;
- (b) if the Lessor elects to re-enter the Leased Premises or terminate this Lease;
- (c) if the Lessor accepts the Lessee's repudiation; or
- (d) if the parties' conduct (or that of any of their servants or agents) constitutes or may constitute a surrender by operation of law.

19.3 Lessor to Mitigate Damages

- (a) If the Lessee vacates the Leased Premises or if the Lessor accepts the Lessee's repudiation based on the Lessee's breach of an essential term of this Lease and terminates this Lease, the Lessor must take reasonable steps to mitigate its loss and endeavour to re-lease the Leased Premises on reasonable terms.
- (b) The entitlement to damages will be assessed on the basis that the Lessor has observed the obligation to mitigate damages.
- (c) The Lessor's conduct in mitigating its damages will not of itself constitute acceptance of the breach or repudiation or a surrender by operation of law.

20. Termination

20.1 Yield up Leased Premises

Subject to clause 20.3 the Lessee shall on Termination surrender and yield up the Leased Premises to the Lessor in good repair, order and condition in accordance with this lease, fair wear and tear excepted, and deliver to the Lessor all keys, access cards and other security devices for the Leased Premises.

20.2 Improvements to Vest in Crown

It is agreed that the provisions of section 92 of the LAA apply to this Lease except as varied by this Lease.

20.3 Remove Lessee's Fixtures

On or prior to Termination, the Lessee may but is not obliged to remove all of the Lessee's Fixtures and Fittings, and any other property, plant or equipment of the Lessee. Any of the Lessee's fixtures, fittings, property, plan or equipment that remains at or on the Leased Premises after Termination shall become the absolute property of the Lessor.

20.4 Dealing with Lessee's property not removed at Termination

The Lessor has the following rights in respect of the Lessee's property, including Lessee's Fixtures, which are not removed at Termination:

- (a) to remove and store the Lessee's property in an alternative Leased Premises at the Lessee's cost;
- (b) to sell or dispose of the Lessee's property and apply the proceeds of sale towards payment of any unpaid Rent or other money payable under this Lease; or
- (c) to elect that the Lessee's property is the absolute property of the Lessor and to deal with the Lessee's property as the Lessor sees fit.

And the Lessee shall indemnify the Lessor in respect of any loss or damage suffered by the Lessor as a result of the Lessee failing to remove all of the Lessee's property at Termination.

21. Miscellaneous

21.1 Lessee not to permit prohibited matters

If under this Lease the Lessee is required to do or is prohibited from doing any act, matter or thing the Lessee must also ensure that the Authorised Persons comply with that requirement or prohibition.

21.2 Lessor's consent

The Lessor may give a conditional or unconditional consent or approval at its absolute discretion to any matter in this Lease without giving any reasons for refusal of consent or approval.

21.3 Time for Payment

Any amount payable by the Lessee to the Lessor unless otherwise specified must be paid to the Lessor within twenty (20) Business Days after the Lessor gives a notice to the Lessee requiring payment.

21.4 Time of the essence

Time shall be of the essence in all respects.

21.5 Variation

This Lease may not be varied except in writing signed by all of the parties.

21.6 Further assurances

Each party to this Lease must execute and do all acts and things necessary to give full force and effect to this Lease.

21.7 Effect of execution

This Lease binds each person who executes it notwithstanding the failure by any other person to execute this Lease.

21.8 Entire Agreement

This lease constitutes the entire agreement between the parties and contains all the representations, warranties, covenants and agreements of the parties in relation to the subject matter of this Lease.

21.9 Headings

Except in the Schedules, the headings used in this Lease are for reference only and shall not affect the interpretation of this Lease.

21.10 Termination

The Termination of this Lease does not affect the Lessee's obligation to pay any money or do any act which is payable or which is to be done after Termination as provided by this Lease.

21.11 Cost of Complying with Obligations

Unless otherwise stated in this Lease, the Lessee must pay the cost of performing or complying with every obligation of the Lessee under this Lease.

21.12 Giving of notice

Any notice, approval, consent or other communication given under this Lease:

- (a) shall be in writing;
- (b) may be served on the recipient personally, or by leaving it at the recipient's last known address, or sent by pre-paid post to the recipient's last known address or sent by email to the recipient's email address (if known);
- (c) will be deemed to be served, if served personally, at the time of handing the notice to the recipient, if left at the recipient's last known address, at the time of leaving the notice at the recipient's last known address, if sent by pre-paid post to the recipient's last known address, on the second Business Day after the date of posting, if sent by email, on the same date as transmitted (if transmitted prior to 4.00pm on a Business Day) or the next Business Day (if transmitted at or after 4.00pm on a Business Day, or on a day not being a Business Day); and
- (d) if given by the Lessor, may be signed by the Lessor or a solicitor or agent of the Lessor.

21.13 Goods and services tax

- (a) In the Lease:

"GST" means any goods and services tax or similar value added tax levied or imposed in Australia pursuant to the GST Law or otherwise on a supply;

"GST Act" means *A New Tax System (Goods and Services Tax) Act 1999 (Cth)*;

"GST Law" has the same meanings as in the GST Act;

"Tax Invoice" includes any document or record treated by the Commissioner of Taxation as a tax invoice or as a document entitling a recipient to an input tax credit.

- (b) Words used in this clause which have a defined meaning in the GST Law have the same meanings as in the GST Law unless the context indicates otherwise.
- (c) The moneys payable under this Lease have been calculated without regard to GST, and the Lessor and the Lessee agree that the Lessor shall be entitled to charge an additional amount if the Lessor becomes subject to GST as a result of the grant of this Lease or any supply to the Lessee under or in connection with this Lease, and the following provisions shall apply;
 - i. the Lessee must do everything reasonably requested by the Lessor to ensure this Lease is treated as taxable for the purposes of the GST, the Lessee must pay the GST to the Lessor at the same time as the payment to which the GST related, and the amounts payable under this Lease are exclusive of GST.
 - ii. the Lessee must pay to the Lessor on demand any GST charged on goods and services acquired or payable or paid by the Lessor in connection with this Lease or the Leased Premises, including but not limited to any GST payable in connection with or in respect of the provision of any Services; and
 - iii. where the liability of the Lessee under this clause cannot be separately determined, the Lessee shall pay to the Lessor on demand an amount which is equal to the Lessee's proportion of the relevant GST.
- (d) A party's right to payment under this clause 22.20 is subject to a valid Tax Invoice being delivered to the party liable to pay for the taxable supply.

22. Option for further term

If and only if no earlier than six (6) months and no later than three (3) months before the date of Termination, the Lessee gives notice to the Lessor exercising an option of renewal for a Further Term, and the Lessor is satisfied that there is no Rent, Outgoings or other money payable under this Lease which is due but unpaid and there is no remedied breach of the Lessee's Obligations and there have been no breaches of any of the essential terms of this Lease during the Term, the Lessor shall grant the Lessee a lease of the Leased Premises for the relevant Further Term as the Rent payable immediately before Termination as varied and reviewed pursuant to this Lease and otherwise on the same terms and conditions of this Lease except for the option of renewal for the relevant Further Term, which shall cease to have any further effect.

23. Holding Over

If after termination, the Lessee continues to occupy the Premises with the consent of the Lessor, the Lessee shall become a monthly Lessee only of the Lessor and unless otherwise agreed;

- (a) The Rent shall be equal to one twelfth of the aggregate of the Rent and Outgoings payable by the Lessee immediately preceding the Termination; and
- (b) All other terms and conditions shall continue to apply mutatis mutandis as expressed or implied in this Lease.

24. Dispute Resolution

24.1 If a dispute arises out of or relates to this Lease (including without limitation in relation to the Rent review), or the breach, termination, validity or subject matter thereof, or as to any claim in tort, in equity or pursuant to any domestic or international statute or law, the parties to this Lease and the dispute expressly agree to endeavour in good faith to settle the dispute by mediation before having recourse to, arbitration or litigation.

24.2 A party claiming that a dispute has arisen, must give written notice to the other parties to the dispute specifying the nature of the dispute. On receipt of such notice, the parties to the dispute shall within seven (7) days of receipt of the notice meet together to resolve the dispute in good faith and acting reasonable.

24.3 If the dispute is not resolved within seven (7) days, or within such further period as the parties agree, then the dispute is to be referred to mediation. Such mediation is to be conducted by a mediator who is independent of the parties and appointed by agreement of the parties or, failing agreement within seven (7) days of receiving any party's notice of dispute, by the Chairman of the Western Australian Chapter of Institute

of Arbitrators and Mediators Australia (IAMA). The IAMA Mediation Rules shall apply to the mediation.

24.4 If the dispute is not resolved in mediation, then the parties may elect to have the dispute submitted to arbitration in accordance with the *Commercial Arbitration Act 2012 (WA)*.

24.5 If the dispute relates to the Rent, then the Rent shall be paid without abatement until the date of the award or agreement between the parties (whichever is the earlier) whereupon the Lessor will refund to the Lessee any Rent paid by the Lessee not required to be paid within the terms of the award or as agreed between the Lessor and Lessee.

8.6.5 Lease - Boddington Golf Club Inc.

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	CPRO 044
Disclosure of Interest:	Nil
Author:	Economic and Community Development Officer
Attachments:	8.6.5A Draft Lease-Boddington Gold Club Inc.

Summary

For Council to consider endorsing a lease with the Boddington Golf Club Inc., (BGC) located at Reserve 40315 (47.5241ha) 34 Adam Street Boddington, and being Lot 15740 on Deposited Plan 216453.

Background

Reserve 40315 was created in 1987 and is vested in the Shire of Boddington with power to lease for a period not exceeding twenty one (21) years.

Background research indicates that the BGC has been in operation since 1963, at the Old Golf Course Estate, Newmarket Road course until July 1986. It was around that time that the club moved to Adam Road site located on Reserve 40315. The majority of the work to construct the new golf course was done by volunteers and supported by the Bauxite mine.

The BGC relocation was facilitated by the Shire following the purchase of farming land. The land purchase enabled the Shire to facilitate a significant residential subdivision with proceeds being applied partly to the Community Club development. In 1986 construction of the Community Club was completed on lots 68 and 69 Adam Street.

The parallel developments of the Golf Club and the Community Club focused the Shire on leases for both community groups. The Community Club entered a lease arrangement for a twenty (20) year term commencing on 1st October 1987. A new lease was entered into commencing 1st October 2007 for a period of nineteen (19) years and eight months (expiry 31st May 2027).

No evidence has been found that similar efforts were directed to the BGC in 1987. Evidence has been found that approaches to BGC were made in 2007 to formalise a lease agreement.

In 2007 Council was presented with an Officers Recommendation as follows:

The lease between the Boddington Shire and the Boddington Golf Club for the land directly behind the Community Club be accepted as presented starting as of the 1st April 2007.

Council resolved:

That the item be deferred until the next meeting of Council for further inspection of the lease.

Reason for difference between Recommendation and Resolution: To allow Council's Officers to clarify and investigate the lease more thoroughly.

There appears to have been no further action on this item.

Comment

The Boddington Golf Club is a not for profit volunteer group. They have a modest annual membership fee to ensure all members of the community can participate.

Originally, Club membership was around eighty (80) residents. Over time the membership has declined with the current membership about twelve (12).

The grounds are used by many locals to walk, run, exercise their dogs, and as a childrens play area. Local horse riders use the perimeter of the grounds for exercising/riding their horses.

The Club was successful in 2016 with a grant from the Peel Development Commission's Community Chest Funding program to assist with the upgrade of the Golf Course greens. The Shire of Boddington assisted with the project which was for the removal of contaminated oil from sixteen (16) of the eighteen (18) greens.

On the weekend of the Lions Rodeo the Golf Course is used for overflow camping with the Shire managing the bookings. In 2020, the Golf Club members managed the booking in of the vans on the Friday and Saturday of the Rodeo, at both the Golf Course and the vacant land on Pollard Street.

It is recommended that this lease be for twenty one (21) years. Tenure of lease is an element that funding bodies (e.g. Lotterywest) consider when community groups are housed on Crown or Local Government land. A twenty one (21) year lease also offers the community organisation long term stability moving forward.

Strategic Implications

The Shire of Boddington Strategic Community Plan 2019-2029 states:

"Pillar 1: A vibrant and connected community.

1.6 Facilities & services that support lifelong wellbeing.

1.10 Provide opportunities for engagement and connection for those at risk of social isolation (youth, people with a disability, older residents).

1.12 Support opportunities for volunteering and community connection.

Statutory Environment

Section 3.54 of the *Local Government Act 1995* gives Council the power to lease a Reserve with the approval of the Minister for Planning therefore approval will need to be sought for a lease to be entered into.

Section 3.58 of the *Local Government Act 1995* covers the disposal of property and the leasing of property is deemed to be a disposal.

S3.58(3) allows a local government to dispose of property without going to public auction or calling tenders if before agreeing to dispose of the property:

- (a) it gives local public notice of the proposed disposition —
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and

- (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;
- and
- (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

S3.58(4) requires the following details to be included in the public notice:

- (a) the names of all other parties concerned; and
- (b) the consideration to be received by the local government for the disposition; and
- (c) the market value of the disposition —
 - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
 - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition

Local Government Functions and General Regulations

30. Dispositions of property to which section 3.58 of Act does not apply

- 1) A disposition that is described in this regulation as an exempt disposition is excluded from the application of section 3.58 of the Act.
- 2) A disposition of land is an exempt disposition if —
 - a. the land is disposed of to an owner of adjoining land (in this paragraph called “the transferee”) and —
 - i. its market value is less than \$5 000; and
 - ii. the local government does not consider that ownership of the land would be of significant benefit to anyone other than the transferee;
 - b. the land is disposed of to a body, whether incorporated or not —
 - i. the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and
 - ii. the members of which are not entitled or permitted to receive any pecuniary profit from the body’s transactions.

Policy Implications

Nil

Financial Implications

An annual lease fee of \$1.00 inclusive of GST is proposed as part of the draft lease.

Council has provided an annual sponsorship of \$500 per year towards the maintenance of the golf course since 2010/2011.

Economic Implications

1.4 Consent of Western Australian Planning Commission

If for any reason this Lease required by law the consent of the Western Australian Planning Commission then this Lease is made expressly subject to and is conditional upon the granting of the consent of the Western Australian Planning Commission.

2. Operative part

2.1 Lease of Leased Premises

Subject to the Minister's consent in respect of this Lease, in consideration of the Lessee agreeing to:

- (a) pay the money payable under this Lease; and
- (b) duly observe and perform the Lessee's Obligations.

the Lessor leases the Leased Premises and grants the Lessee's Rights to the Lessee for the Term commencing on the Commencement Date subject to the reservation of the Lessor's rights under this Lease.

2.2 Quiet enjoyment

The Lessor warrants that the Lessor has full capacity to grant this Lease, and if the Lessee:

- (a) pays the money payable under this Lease; and
- (b) duly observes and performs the Lessee's Obligations.

the Lessor agrees that the Lessee may quietly hold the Leased Premises and enjoy the Lessee's Rights during the Term without any disturbance from the Lessor or any person lawfully claiming through the Lessor, except to the extent that interruption, disturbance or interference arises because of the exercise of the Lessor's rights or is otherwise permitted by any provision of this Lease.

2.3 Lessee responsible as if owner

The Lessee is subject to the same responsibilities relating to persons and property during the Term as if the Lessee were the owner of the Leased Premises.

3. **Reservation of Lessor's rights**

Without limiting any other provisions of this Lease, the Lessor reserves the following rights:

(a) Improvements to Leased Premises:

the Lessor may at any time carry out improvements to the Leased Premises, including without limitation:

- (i) construct new buildings on the Land;
- (ii) alter, add to, extend, reduce the size of, or otherwise modify, existing buildings on the Land; and
- (iii) any other Lessor's Works,

but in exercising these rights, the Lessor shall use the Lessor's reasonable endeavours not to cause any undue interference with the conduct of the Lessee's Operations.

(b) Right to enter

- (i) the Lessee shall permit the Lessor to enter the Leased Premises at all reasonable times on the giving of reasonable notice, or immediately in the case of emergency, to:

- a) view the state of repair of the Leased Premises and to ensure compliance with the Lessee's Obligations;
- b) comply with any requirement or order of any local government or other statutory authority;
- c) carry out any maintenance, modification, installation or extension to the Leased Premises, the Plant and Equipment or cables, pipes or wires within the Leased Premises;
- d) view the Leased Premises with any persons interested in the Leased Premises or any part of the Leased Premises; and

except that the Lessor shall use the Lessor's reasonable endeavours not to cause any undue interference with the conduct of the Lessee's Operations;

- (ii) the Lessor may enter the Leased Premises at any time for the purpose of doing anything which should have been done by the Lessee under this Lease but which has not been done or has not been done properly.

(c) Granting easements etc.

The Lessor may grant easements of support or any other easements or similar rights over any part of the Land or dedicate or transfer or otherwise deal with any part of the Land in favour of another person for any reason whatsoever except that the Lessor shall not without the Lessee's prior consent do anything which will substantially and permanently derogate from the quite enjoyment of the Lessee's Rights by the Lessee.

4. Rent

The Lessee must pay the Rent to the Lessor in the manner specified in item 8 of Schedule 1, without any deduction, set off or abatement.

5. Outgoings and Bulk Supply of Electricity, Gas or PowerOutgoings separately assessed

The Lessee must pay to the Lessor or, if demand is made by a statutory or other public authority, to that statutory or other public authority, all amounts separately charged or assessed in respect of the Leased Premises or the Lessee for or in connection with Services to or for the benefit of the Leased Premises or the Lessee, including but not limited to telecommunications, electricity, gas and power charges and the cost of installation of any meter, wiring or other device necessitated by the use of telecommunications services, electricity, gas or power.

6. Use of Leased Premises and Facilities6.1 The Lessee shall not:

- (a) use the Leased Premises for any other purpose other than the Authorised Use specified in item 5 of Schedule 1 or for any purpose for which the Leased Premises was not designed or designated; and
- (b) use each Facility, Service, Item of Plant and Equipment or Lessor's Fixture for a purpose for which it was not designed or designated.

6.2 The Lessee:

- (a) shall comply with the Lessor's reasonable requirements for the use of each Facility, Service, item of Plant and Equipment and Lessor's Fixtures; and
- (b) shall not do or omit to do anything which might interfere with or impair the efficient supply or operation of each Facility, Service, item of Plant and Equipment or Lessor's Fixture.

7. Security of Leased Premises7.1 The Lessee shall:

- (a) securely lock all doors or other openings to the Leased Premises when the Leased Premises is unoccupied; and
- (b) if required by the Lessor install in the Leased Premises a security alarm system approved by the Lessor.

- 7.2 The Lessor may enter the Leased Premises at any time for any purpose in relation to security, but nothing in this clause makes the Lessor responsible in any way for the security of the Leased Premises.

8. Leased Premises Name in Lessee's Name

- 8.1 The Lessee shall not use the name of the Leased Premises in the Lessee's own name or in any business name without the consent of the Lessor, which consent will not be unreasonably withheld.

9. Covenant to repair and maintain

- 9.1 The Lessee shall:

- (a) Maintain the Leased Premises in good condition except in respect of:
 - (i) fair wear and tear;
 - (ii) damage which is or will be reinstated from the proceeds of insurance; and
 - (iii) structural damage which has not been caused by an act or omission of the Lessee or an Authorised Person;
- (b) promptly repair any damage to the Leased Premises for which the Lessee is responsible to the satisfaction of the Lessor;
- (c) keep the Leased Premises clean and free from rubbish;
- (d) maintain the Lessor's Fixtures and the Facilities in the Leased Premises in good condition except in respect of fair wear and tear and damage which is or will be reinstated from the proceeds of an insurance policy, and where necessary, replace that Lessor's Fixture or the Facility to the satisfaction of the Lessor;
- (e) enter into and keep current a service contract with a reputable air-conditioning service company for the regular maintenance and service of any air-conditioning plant and equipment which services the Leased Premises;
- (f) maintain the Lessee's Fixtures in clean and good condition;
- (g) replace any light bulbs or fluorescent tubes in the Leased Premises when necessary; and
- (h) replace any broken glass in the Leased Premises.

- 9.2 If the Lessee does not work, which affects the Leased Premises, such as the Lessee's Initial Works and the Lessee's Works and any fitting out, alterations, partitioning, work relating to Services, repairs or maintenance or required structural work, the Lessee must:

- (a) comply with all relevant requirements of an authority and all laws and standards;
- (b) before carrying out any work, obtain the Lessor's approval to the plans and specifications for the work;

- (c) carry out the work in a safe and proper manner;
- (d) use only good quality materials;
- (e) employ only qualified and competent persons; and
- (f) pay to the Lessor when the Lessor requests any expenses incurred by the Lessor in approving the work, including fees paid to architects, engineers, contractors or other advisors.

9.3 Lessee's Further Obligations

- (a) The conditions imposed by this clause 9.4 are in addition to the Lessee's repair and maintenance obligations imposed by clause 9.1.
- (b) The Lessee shall throughout the Term keep the Leased Premises in good repair and shall make good any damage to it howsoever caused and shall upon expiry or earlier termination of this Lease yield up the Leased Premises to the Lessor in a state of good repair.
- (c) Without prejudice to the generality of clause 9.1 and 9.4(b) for the avoidance of any doubt the Lessee is obliged to:-
 - i) improve the Leased Premises where necessary to bring it to a state of good repair including the rectification of any latent or inherent defects;
 - ii) effect all necessary structural repairs to the Leased Premises where necessary to bring them to and maintain them in a state of good repair; and
 - iii) effect all structural and other repairs and improvements necessary to the Leased Premises to comply with the requirements of any Governmental Agency whether imposed on the Lessee as occupier or the Lessor as the Primary Interest Holder.

10. Positive covenants

The Lessee shall:

- (a) pay to the Lessor on demand all money paid by the Lessor on behalf of the Lessee in the discharge of any of the Lessee's liabilities under this Lease;
- (b) pay to the Lessor on demand on a full indemnity basis all amounts payable by the Lessor in respect of legal costs and disbursements of and incidental to:
 - i) any breach of the Lessee's Obligations; and
 - ii) each action, suit, proceeding or matter arising out of or incidental to any document referred to in paragraph;
- (c) pay 50% of the amount payable by the Lessor in respect of legal costs and disbursements of and incidental to:
 - i) the instructions for and the registration, preparation, execution and stamping of this Lease and each other instrument required to be prepared and executed under this Lease;

- ii) each notice, search and inquiry given or made for the purpose of any document mentioned in paragraph (i);
- (d) keep the Facilities within the Leased Premises unobstructed;
- (e) report promptly to the Lessor in writing:
 - i) all damage or defects in the Leased Premises, the Lessor's Fixtures, the Plant and Equipment or the Facilities in the Leased Premises of which the Lessee is or ought to be aware;
 - ii) any breakage of glass in an exterior window or door in the Leased Premises;
 - iii) any malfunction of any Plant and Equipment or Facility either within the Leased Premises or used by the Lessee; and
 - iv) any circumstances likely to be a danger or cause any damage or danger to the Leased Premises, or any person in the Leased Premises, or on the Land of which the Lessee is aware;
- (f) remove on a regular basis rubbish which is not of a kind usually removed by the local government authority;
- (g) comply promptly with all legislation and by-laws affecting the Leased Premises or the use of the Leased Premises except for any structural work;
- (h) observe and comply with any conditions of supply of Services by the Lessor, or where no conditions of supply are imposed by the Lessor, observe and comply with the conditions of supply of Services imposed by the relevant supply authority on the Lessor;
- (i) if any Service is not provided by the Lessor, make the Lessee's own arrangements for the supply of the Service to the Leased Premises;
- (j) at all times comply with all fire and emergency training programs and drills of which at least two (2) Business Days' notice has been given to the Lessee by the Lessor and the Lessee must ensure that the Authorised Persons are made fully aware of all safety and emergency procedures for the Leased Premises;
- (k) on demand by the Lessor, pay the Lessor interest on any money payable under this Lease which is not paid on the due date calculated at the Rate from the due date for payment until the date of actual payment;
- (l) if the consent of any authority or a licence is required to carry on the Lessee's Operations from the Leased Premises, obtain and maintain the currency of that authority or licence; and

11. Negative covenants

The Lessee shall not:

- (a) except in relation to the Lessee's Works, without the Lessor's prior consent make any alteration to or addition to or demolish any part of the Leased Premises or remove or alter any of the Lessor's Fixtures, the Plant and Equipment or any Facility in the Leased Premises, except that the Lessor's consent shall not be unreasonably withheld to the installation, alteration or addition of partitioning in the Leased Premises;

8.6.5

13.3 Lessor may consent to assignment

The Lessee will not be in breach of the covenant in clause 13.1 of this clause in respect of an assignment if both the Lessor and the Minister consent to the assignment. The Lessor's consent shall not be unreasonably withheld.

13.4 Lessor may consent to sublease

The Lessee will not be in breach of the covenant in clause 14.1 of this clause in respect of a sublease of the whole of the Leased Premises if both the Lessor and the Minister consent to the sublease. The Lessor's consent shall not be unreasonably withheld.

14. Damage, Destruction or Resumption14.1 Definitions

In this clause 15:

- (a) 'Reinstatement Notice' means a notice given by the Lessor to the Lessee of the Lessee's intention to carry out the Reinstatement Works; and
- (b) 'Reinstatement Works' means the work necessary to:
 - i) reinstate the Leased Premises; or
 - ii) make the Leased Premises fit for occupation and use or accessible by the Lessee.

14.2 Abatement

- (a) If the Leased Premises is damaged or destroyed so as to render any part of the Leased Premises wholly or substantially:
 - (i) unfit for occupation and use by the Lessee; or
 - (ii) inaccessible having regard to the nature and location of the Leased Premises and the normal means of access to them;

then from the date that the Lessee notifies the Lessor of the damage or destruction ('Damage Notice');

- iii) any money payable by the Lessee under this Lease; and
- iv) the covenant to repair and maintain;

will abate according to the nature and extent of the damage or destruction sustained.

- (b) If clause 15.1(a) applies, the remedies for:

- (i) recovery of any money or a proportionate part falling due after the damage or destruction; or
- (ii) enforcement of the covenant to repair and maintain;

will be suspended (or partially suspended as the circumstances require) from the date of the Damage Notice until the Leased Premises is;

- (iii) restored;
- (iv) made fit for the Lessee's occupation and use; or
- (v) made accessible.

14.3 Either Party May Terminate

If clause 15.2(a) applies, either party may terminate this Lease by notice to the other unless the Lessor:

- (a) within ninety (90) calendar days of receiving the Damage Notice, gives the Lessee a Reinstatement Notice; and
- (b) diligently proceeds within a reasonable time to carry out the Reinstatement Works.

14.4 Lessee May Terminate

If the Lessor gives a Reinstatement Notice to the Lessee and fails to commence the Reinstatement Works within a reasonable time, the Lessee may terminate this Lease by giving not less than thirty (30) calendar days' notice to the Lessor and, at the expiration of that period, this Lease will terminate.

14.5 Exceptions

Clauses 15.2, 15.3 and 15.4 will not apply where:

- (a) the damage or destruction was caused or contributed to, or arises from any wilful act of the Lessee or an Authorised Person; or
- (b) an insurer under any policy effected by the Lessor under this Lease refuses indemnity or reduces the sum payable under the policy because of any act or default of the Lessee or an Authorised Person.

14.6 Lessor to Terminate

If the Lessor considers the damage to the Leased Premises renders it impractical or undesirable to carry out the Reinstatement Works, the Lessor may terminate this Lease by giving not less than thirty (30) calendar days' notice to the Lessee and, at the expiration of that notice, this Lease will terminate.

14.7 Antecedent Breaches

No liability will attach to either party because of termination of this Lease under this clause 15 but that termination will be without prejudice to the rights of either party for any antecedent breach or non-observance of any provision on this Lease.

14.8 Dispute Resolution

Any dispute arising out of the provisions of this clause 15 shall be determined by a single arbitrator under the provisions of the *Commercial Arbitration Act 1985 (WA)* and the parties may each be represented by a legal practitioner of their choice.

14.9 Lessor Not Obligated to Reinstat

Nothing in this Lease obliges the Lessor to reinstate the Leased Premises or the means of access to it.

14.10 Proceeds of Insurance

If the Leased Premises is damaged or destroyed and the Lease is terminated under this clause 15, the Lessee will have no interest in the insurance proceeds.

14.11 Resumption of Leased Premises

If the Leased Premises is resumed by any authority so as to render the Leased Premises inaccessible or substantially unfit for the occupation of the Lessee, this Lease may be terminated without compensation or other liability by either the Lessor or the Lessee by thirty (30) calendar days' notice to the other but without affecting the rights of either party against the other in respect of any previous breaches of the provisions of this lease.

15. Limited of Lessor's Liability

15.1 No warranties or representations

The Lessee acknowledges and agrees that:

- (a) all property in the Leased Premises shall be at the sole risk of the Lessee during the Term and the Lessor shall not be liable for any claim, loss or damage that the Lessee may suffer as a result of:
 - (i) any fault in the construction or state or repair of the Leased Premises, or the Lessor's Fixtures;
 - (ii) any defect in any of the Plant and Equipment, facilities or the Services;
 - (iii) any flow, overflow, leakage or breakdown of any water, air-conditioning, gas, power or other source of energy whether from the roof, walls, gutter or other parts of the Leased Premises;
- (b) the Lessor gives no warranty as to the use to which the Leased Premises may be put; and
- (c) the Lessee has not relied on any representation or warranty of the Lessor in entering into this Lease and, for this purpose, the Lessee acknowledges that:
 - (i) the Lessee has relied on the Lessee's own skill and judgement and has made the Lessee's own enquiries in determining the suitability of the Leased Premises for the Authorised Use and the Lessee's Operations, and
 - (ii) the Lessee's occupation of the Leased Premises is conclusive evidence of the Lessee's acceptance of the Leased Premises as being in good order, repair and condition at the Commencement Date.

15.2 Suitability and Safety of Leased Premises

- (a) The Lessor does not represent or warrant:
 - (i) that the Leased Premises is suitable to be used for the Authorised Use; or
 - (ii) that the Leased Premises may lawfully be used for the Authorised Use.
- (b) Without affecting the generality of paragraph (a) above the Lessor does not represent or warrant that the zoning of the Leased Premises will allow the Leased Premises to be used for the Authorised Use whether with the approval or permission of the relevant planning authority or otherwise. It is the Lessee's responsibility to make its own enquiries about zoning and the Lessee warrants that before executing this Lease the Lessee has done so to the Lessee's own satisfaction.

- (c) The Lessee acknowledges having satisfied itself that the Leased Premises is suitable and safe to be used for the Authorised Use and agrees to take all measures necessary to ensure that the Leased Premises remains safe and free from hazards to the Lessee and all persons except entering the Leased Premises.

15.3 Lessor Not Liable

The Lessor is not liable to the Lessee and the Lessee will not make a claim against the Lessor in respect of any liability resulting from any accident, death, injury, damage to any property (including water damage), equipment, or machinery malfunction or interruption of services or other event of a similar nature in or affecting the Leased Premises unless caused by the negligence of the Lessor or any employee, contractor or agent of the Lessor.

15.4 Lessor only liable while Primary Interest Holder

The Lessor is only liable for any breaches under this Lease occurring while it is the Primary Interest Holder of the Land.

15.5 Interruption of Services

Except to the extent the Lessor is negligent, the Lessor shall not be liable to the Lessee for any loss or damage suffered by the Lessee for any malfunction, failure to function, or interruption of or to, the water, gas or electricity services, fire equipment or other services to or facilities contained in the Land or the Leased Premises, or for the blockage of any sewers, wastes, drains, gutters, downpipes or storm water drains from any cause.

16. Default

An event of default occurs if:

- (a) the Lessee fails to pay the Outgoings or other money payable under this Lease within five (5) Business Days of the date due for payment, regardless of whether demand has been made;
- (b) the Lessee fails to perform any of the Lessee's Obligations for ten (10) Business Days after the Lessor has given notice to the Lessee of the default;
- (c) the Lessee is in breach of any document other than this Lease giving the Lessee a right to occupy any part of the Land or the Leased Premises;
- (d) distress is levied or a judgement, order, security or encumbrance is enforced against any property of the Lessee;
- (e) a receiver or receiver and manager or controller as defined in the Corporations Act is appointed in respect of any part of the Lessee's property;
- (f) a person is appointed under legislation to investigate or manage any part of the Lessee's affairs;
- (g) the Lessee ceases to carry on the Lessee's Operations from the Leased Premises;
- (h) where the Lessee is a company and:
 - (i) an application is made to a court for an order or an order is made that the Lessee be wound up;

- (ii) an application is made to a court for an order appointing a liquidator or provisional liquidator in respect of the Lessee;
- (iii) except for the purposes of reconstruction or amalgamation, the Lessee enters into as scheme of arrangement, deed of company arrangement or composition with, or assignment for the benefit of, all or any class of the Lessee's creditors;
- (iv) the Lessee resolves to wind itself up or otherwise dissolve itself;
- (v) the Lessee states that it is insolvent; or
- (vi) the Lessee takes any step to obtain protection or is granted protection from its creditors under any applicable legislation.

17. Lessor's power on default

17.1 Lessor's right of possession

On the occurrence of an Event of Default, the Lessor may without giving any further notice or demand enter the Leased Premises and re-take possession, and on re-entry, the Term will immediately determine.

17.2 Lessor may remedy Lessee's default

- (a) If an Event of Default occurs or the Lessee otherwise fails to perform any of the Lessee's Obligations, the Lessor may without prejudice to the Lessor's rights arising from the Event of Default or the failure to perform, remedy that Event of Default or the failure to perform as if the Lessor was the Lessee, at the Lessee's cost. The Lessee must pay to the Lessor all liabilities incurred by the Lessor in remedying an Event of Default or failure to perform.
- (b) None of the following events constitute a re-entry or forfeiture or waiver of the Lessor's rights to recover in full all Rent and other money payable by the Lessee under the Lease:
 - (i) acceptance of the keys for the Leased Premises;
 - (ii) entry to the Leased Premises by the Lessor for the purpose of inspection or for the purpose of showing the Leased Premises to prospective lessees or to remedy an Event of Default; or

17.3 No prejudice of Lessor's rights

Any re-possession or attempted re-possession of the Leased Premises by the Lessor or any demand for or acceptance of any of the money payable under this Lease will not:

- (a) prejudice or affect the Lessor's rights under this Lease;
- (b) release the Lessee from performing the Lessee's Obligations; or
- (c) be deemed an election by the Lessor as to the exercise of the Lessor's rights under this Lease or at law.

17.4 Exercise of rights by Lessor

The Lessor may exercise the Lessor's rights under this Lease or at law notwithstanding laches, neglect or waiver in respect of any breach of the Lessee's Obligations, and

without giving notice except in accordance with this Lease or as required by law, and without having to prove detail default by the Lessee or the continuance of that default.

18. Essential terms

18.1 Breach of Essential Terms

- (a) If the Lessee's conduct constitutes breach of an essential term of this Lease and the Lessor elects to treat that breach as repudiation or the conduct otherwise constitutes repudiation of this Lease, the Lessee shall compensate the Lessor for all loss or damage suffered by reason of or arising from the repudiation.
- (b) Clause 4, 5, 6, 9, 12 and 14 this Lease are deemed to be essential terms. This is not an exhaustive list of the essential terms of this Lease.

18.2 Damage for Breach of Essential Terms

Any loss or damage for the unexpired residue of the Term suffered by the Lessor as a result of the Lessee's breach of an essential term may be recovered as damages at any time.

18.3 Lessor's Entitlement to Damages

The Lessor's entitlement to recover damages from the Lessee or any other person will not be limited or affected by any of the following:

- (a) if the Lessee abandons or vacates the Leased Premises;
- (b) if the Lessor elects to re-enter the Leased Premises or terminate this Lease;
- (c) if the Lessor accepts the Lessee's repudiation; or
- (d) if the parties' conduct (or that of any of their servants or agents) constitutes or may constitute a surrender by operation of law.

18.4 Lessor to Mitigate Damages

- (a) If the Lessee vacates the Leased Premises or if the Lessor accepts the Lessee's repudiation based on the Lessee's breach of an essential term of this Lease and terminates this Lease, the Lessor must take reasonable steps to mitigate its loss and endeavour to re-lease the Leased Premises on reasonable terms.
- (b) The entitlement to damages will be assessed on the basis that the Lessor has observed the obligation to mitigate damages.
- (c) The Lessor's conduct in mitigating its damages will not of itself constitute acceptance of the breach or repudiation or a surrender by operation of law.

18.5 Calculation of Damages

Following repudiation by the Lessee if the Lessor terminates this Lease then, without prejudice to any other right or remedy, the Lessor may recover the money payable by the Lessee for the unexpired residue of the Term less any amount the Lessor obtains, or could in the Lessor's opinion reasonably be expected to obtain, by observing clause 19.4.

19. Termination

19.1 Yield up Leased Premises

The Lessee shall on Termination surrender and yield up the Leased Premises to the Lessor in a condition consistent with the compliance of the Lessee's Obligations during the Term and delivery to the Lessor all keys, access cards and other security devices for the Leased Premises.

19.2 Improvements to Vest in Crown

It is agreed that the provisions of section 92 of the LAA apply to this Lease except as varied by this Lease.

19.3 Remove Lessee's Fixtures

The Lessee must prior to Termination or on the termination of any period of holding over remove from the Leased Premises all of the Lessee's Fixtures and other property and any Lessor's Fixtures which the lessor requires to be removed, and make good any damage caused to the Leased Premises by the removal of the Lessee's property.

19.4 Making Good of Leased Premises on Termination

The Lessee shall, unless the Lessor agrees to the contrary, prior to Termination or on termination of any period of holding over, make good the Facilities, the Leased Premises and those parts of the Plant and Equipment affected by the Lessee's occupation of the Leased Premises and, for the purpose of clarification, making good the Leased Premises shall mean, notwithstanding the state of the Leased Premises at the Commencement Date, removing all fittings to the floors and walls, repainting the walls and repairing any damage to the floors or walls.

19.5 Lessor Can Make Good

If the Lessee does not comply with the obligation to make good as set out in clause 20.4, the Lessee shall pay the Lessor within ten (10) Business Days after the Lessor requests payment, any costs reasonably incurred by the Lessor to make good the Facilities, the Leased Premises and those parts of the Plant and Equipment affected by the Lessee's occupation of the Leased Premises. The obligation to pay those costs does not limit any other rights or the Lessor in relation to the Lessee's default.

19.6 Dealing with Lessee's property not removed at Termination

The Lessor has the following rights in respect of the Lessee's property, including Lessee's Fixtures, which are not removed at Termination:

- (a) to remove and store the Lessee's property in an alternative Leased Premises at the Lessee's cost;
- (b) to sell or dispose of the Lessee's property and apply the proceeds of sale towards payment of any unpaid Rent or other money payable under this Lease; or
- (c) to elect that the Lessee's property is the absolute property of the Lessor and to deal with the Lessee's property as the Lessor sees fit.

And the Lessee shall indemnify the Lessor in respect of any loss or damage suffered by the Lessor as a result of the Lessee failing to remove all of the Lessee's property at Termination.

20. Power of Attorney

The Lessee for valuable consideration irrevocably appoints the Lessor and (if the Lessor is a company) every director and secretary of the Lessor (jointly and severally) the Lessee's attorney for the purpose of:

- (a) withdrawing any caveat which the Lessee is obliged to withdraw but does not; and
- (b) doing anything else the Lessee is obliged to do under this Lease but does not do when required.

21. Trustee Provisions

If the Lessee has entered into this Lease in the capacity of trustee, whether or not the Lessor has any notice of the trust, the Lessee:

- (a) is taken to enter into this Lease both as trustee and in the Lessee's personal capacity and acknowledges that the Lessee is personally liable for the performance of the Lessee's obligations under this Lease;
- (b) will take any action necessary to ensure the assets of the trust are available to satisfy any claim by the Lessor for any default by the Lessee;
- (c) will assign to the Lessor any right of indemnity the Lessee has against the assets of the trust to the extent of the liability of the Lessee under this Lease; and
- (d) warrants that the Lessee has the power and authority under the terms of the trust to enter into this Lease.

22. Miscellaneous

22.1 Lessee not to permit prohibited matters

If under this Lease the Lessee is required to do or is prohibited from doing any act, matter or thing the Lessee must also ensure that the Authorised Persons comply with that requirement or prohibition.

22.2 Lessor's consent

The Lessor may give a conditional or unconditional consent or approval at its absolute discretion to any matter in this Lease without giving any reasons for refusal of consent or approval.

22.3 Certificates

A certificate signed by the Lessor or the Lessor's solicitors about a matter or a sum payable is sufficient evidence of the matter or sum stated in the certificate unless the matter or sum is proved to be false.

22.4 Exercise of rights by Lessor

The Lessor may exercise each right, power or remedy at its discretion, separately or concurrently with any other right, power or remedy, and

- (a) a single or partial exercise of a right, power or remedy does not prevent a further exercise of that right power or remedy;

- (b) a failure to exercise or any delay in the exercise of a right, power or remedy does not prevent its exercise;
- (c) the rights, powers and remedies of the Lessor are cumulative with and not exclusive of the rights, powers and remedies provided by law; and
- (d) any demand made shall not in any way be deemed to constitute a waiver by the Lessor of any breach or non-observance of a Lessee's Obligation and shall not prejudice any other right of the Lessor in relation to such breach.

22.5 Lessor may act by agent

All acts and things which may be done by the Lessor may be done by a solicitor, agent, employee or contractor of the Lessor.

22.6 Discretion of the Lessor

The Lessor and Lessee agree and acknowledge that nothing in this Lease shall fetter or be construed as an attempt to fetter the discretion or powers of the Lessor under any Written Law and in particular does not fetter the Lessor with regard to the approval or imposition of conditions on any approval required for the carrying out of the Lessee's Initial Works or the Lessee's Works in accordance with this Lease.

22.7 Time for Payment

Any amount payable by the Lessee to the Lessor unless otherwise specified must be paid to the Lessor within ten (10) Business Days after the Lessor gives a notice to the Lessee requiring payment.

22.8 Variation

This Lease may not be varied except in writing signed by all of the parties.

22.9 Further assurances

Each party to this Lease must execute and do all acts and things necessary to give full force and effect to this Lease.

22.10 Entire Agreement

This Lease constitutes the entire agreement between the parties and contains all the representations, warranties, covenants and agreements of the parties in relation to the subject matter of this Lease.

22.11 Proper Law

This Lease is governed by the law in force in Western Australia, or where applicable, the Commonwealth of Australia.

22.12 Severance

If any part of this Lease is or becomes unenforceable or void or voidable, that part will be severed from this Lease and those parts that are unaffected shall continue to have full force and effect.

22.13 Termination

The Termination of this Lease does not affect the Lessee's obligation to pay any money or do any act which is payable or which is to be done after Termination as provided by this Lease.

22.14 Cost of Complying with Obligations

Unless otherwise stated in this Lease, the Lessee must pay the cost of performing or complying with every obligation of the Lessee under this Lease.

22.15 Giving of notice

Any notice, approval, consent or other communication given under this Lease:

- (a) shall be in writing;
- (b) may be served on the recipient personally, or by leaving it at the recipient's last known address, or sent by pre-paid post to the recipient's last known address or sent by email to the recipient's email address (if known);
- (c) will be deemed to be served, if served personally, at the time of handing the notice to the recipient, if left at the recipient's last known address, at the time of leaving the notice at the recipient's last known address, if sent by pre-paid post to the recipient's last known address, on the second Business Day after the date of posting, if sent by email, on the same date as transmitted (if transmitted prior to 4.00pm on a Business Day) or the next Business Day (if transmitted at or after 4.00pm on a Business Day, or on a day not being a Business Day); and
- (d) if given by the Lessor, may be signed by the Lessor or a solicitor or agent of the Lessor.

23. Option for Further Term

8.6.6 Local Roads and Community Infrastructure Funding

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	GRSU015
Disclosure of Interest:	Nil
Author:	Chief Executive Officer
Attachments:	Nil

Summary

The Shire has successfully been allocated \$161,073 in round two of the federal government's Local Roads and Community Infrastructure Program (LRCIP), designed to implement local infrastructure. Eligible infrastructure projects must be nominated to the Department of Infrastructure, Transport, Regional Development and Communications by 31 July 2021, with construction to be completed before 30 June 2022. Council approval is sought for a list of projects that has been prioritised based on project readiness, social impacts and alignment with the Strategic Community Plan.

Background

As a stimulus measure, responding to the economic impacts of COVID19, the Department of Infrastructure, Transport, Regional Development and Communications (DITRDC) announced the Local Roads and Community Infrastructure Grant Program (LRCIP). The purpose of this program was to assist in a community-led recovery from COVID-19 by supporting local jobs, firms and procurement, to deliver eligible local road and community infrastructure projects which are in addition to projects the Shire had identified to undertake using own source funds.

LRCIP funded projects must meet the terms of the grant program. Local road projects must involve construction or maintenance of roads managed by local governments. Community infrastructure projects must involve the construction, maintenance and/or improvements to council-owned assets (including natural assets) that are generally accessible to the public.

Comment

A number of projects have been identified for potential funding:

Item	Detail	Estimated Cost
1. Footpath renewal	The repair of various footpaths throughout the Shire.	\$100,000
2. Playground	Installation of a playground at Ranford, including a connecting pathway. Total project cost, less the amount of \$25,000 allocated in the 2020/21 Budget (to be re-budgeted).	\$11,073
3. Lighting	Installation of solar lighting along Wuraming Avenue	\$50,000
4. Public Toilet refurbishment	Refurbishment of toilets adjacent to Shire office.	\$12,000

It is proposed to submit items 1 – 3 for consideration under the LRCI program, noting that it may be necessary to vary the projects (or financial allocation), depending on the assessment of their eligibility.

8.6.7 Financial Hardship Policy

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	Not Applicable
Disclosure of Interest:	Nil
Author:	Chief Executive Officer
Attachments:	8.6.7A draft financial hardship policy

Summary

Council approval is sought to adopt a Financial Hardship Policy, to recognise the impact that pandemics and disasters can have on ratepayers and debtors, and to provide some flexibility in relation to payment options where hardship can be demonstrated.

Background

On 16 April 2020 the Local Government Amendment (COVID-19 Response) Act 2020 was passed by Parliament and came into effect on 21 April 2020. This amendment included a recommendation for each local government to consider a Hardship Policy. The Minister's Order recognised that the local government is in the best position to assess whether a person in their district is in hardship. A formal Council adopted policy is considered beneficial to guide future responses to situations where the community and businesses are impacted by significant hardship.

The Western Australian Local Government Association (WALGA) has developed a model COVID-19 Financial Hardship Policy. The draft Shire of Boddington Financial Hardship Policy has been developed using the WALGA model as a guide.

Comment

The primary purpose of this Policy is to provide ratepayers and debtors with a clear understanding of the options and assistance available if they are experiencing hardship. The Policy provides guidance for determining hardship, and defines options relating to the possible granting of a postponement of the payment of debts, levied rates and charges and the waiving of interest charges.

The Shire already adopts a flexible approach to the collection of outstanding debts, including entering into mutually agreeable payment arrangements. Where a ratepayer enters into a payment arrangement, this will generally not be considered hardship under this policy and therefore will not be subject to the waiving of interest charges.

The Shire has other debtors including sporting clubs, community groups, and commercial leases which from time to time could experience financial difficulty. The circumstances for these clubs, groups or commercial tenants can be complex and the assessment of eligibility for support under this Policy would be managed on a case by case basis.

This Policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship. Factors contributing to serious hardship generally include but are not limited to:

- recent unemployment or underemployment
- low income or loss of income
- serious sickness or recovery from sickness

- impacts of natural disaster
- pandemics
- other difficult circumstances.

If a ratepayer is experiencing hardship there are options to postpone the payment of rates and service charges. These options include:

- a. Acceptance of temporarily reduced payments
- b. A moratorium on interest charges for up to 3 months, after such time, enter into a payment arrangement for a maximum of 12 months, provided the current year's debts/rates are paid each year within the arrangement.
- c. Waiving of administration fees
- d. Suspension of any pending court actions in relation to debt recovery.

In all applications for rates and charges postponement, the applicant will still be encouraged to continue to pay the portion of rates and charges that is affordable given their individual circumstances. This will be mutually agreed on a case-by-case basis.

COUNCIL DECISION – ITEM 8.6.7

COUNCIL RESOLUTION: 79/21

Moved: Cr Hoffman

That Council adopts the Financial Hardship Policy as detailed in Appendix 8.6.7A

FINANCIAL HARDSHIP POLICY

1. PURPOSE

1.1. The Shire of Boddington recognises the likelihood that pandemics, disasters and other significant events will increase the occurrence of financial hardship and vulnerability in the community.

1.2. The purpose of this Policy is to ensure that the Shire of Boddington provides fair, equitable, consistent and dignified support to ratepayers suffering hardship, while treating all members of the community with respect and understanding during difficult periods. This includes to:

- a. enable a ratepayer liable for sundry debts or rates and service charges, who is experiencing financial hardship or in situations of vulnerability, to make an application for assistance;
- b. ensure all ratepayers are treated fairly and consistently with respect and compassion when the Shire is considering their circumstances in recognising financial hardship and vulnerability;
- c. provide financial relief to Shire debtors/ratepayers who claim genuine hardship in meeting their obligation to pay their Rates and/or Charges;
- d. provide a decision making framework for the appropriate assessment of hardship applications.

2. SCOPE

2.1. This Policy applicable to all ratepayers and sundry debtors within the Shire of Boddington with:

- a. outstanding rates and service charges; or
- b. outstanding debts.

3. POLICY STATEMENT

3.1 The Shire recognises that debtors/ratepayers may experience financial hardship due to pandemics and other significant events. The Shire is committed to working with debtors/ratepayers to find an appropriate payment solution, for sundry debts and rates and service charges, where they are in financial hardship.

3.2 The debtor/ratepayer can only apply for Financial Hardship in relation to sundry debts and rates and charges levied:

- On their principal place of residence (owner and occupier); or
- On their small business (owner and operator with full-time occupation of the premises with the Shire of Boddington) that the applicant is responsible for the payment of.

Financial Hardship Criteria

3.3 While evidence of hardship will be required, the Shire recognises that not all circumstances are alike. The Shire will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- a. recent unemployment or under-employment
- b. sickness or recovery from sickness
- c. low income or loss of income
- d. unanticipated circumstances such as caring for and supporting extended family.

3.4 Ratepayers will be encouraged to provide any information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment/s and where possible, entering into a payment proposal. The Shire will consider all circumstances, applying the principles of fairness, integrity and confidentiality, whilst complying with statutory responsibilities.

Payment Arrangements

3.5 Payment arrangements facilitated in accordance with Section 6.49 of the Act will be of an agreed frequency and amount. These arrangements will consider the following:

- a. whether a debtor/ratepayer has made genuine effort to meet rate and service charge obligations in the past;
- b. whether the payment arrangement will establish a known end date that is realistic and achievable;
- c. size of debt and span of time over which the debt has accumulated;
- d. freehold ownership or mortgaged.

The debtor/ratepayer will be responsible for informing the Shire of any change in circumstances that may jeopardise the agreed payment schedule.

Interest Charges

3.6 A ratepayer that meets the Financial Hardship criteria will not attract interest or penalty charges on rates/service charge debt, for the period of time that a State of Emergency Declaration remains effective.

Non Compliance to Payment Plan

If a debtor/ratepayer does not comply with their payment arrangement and fails to contact the Shire to renegotiate the terms, the Shire will make all reasonable attempts to contact the debtor/ratepayer.

If the debtor/ratepayer misses three consecutive payments and fails to contact the Shire, the Shire reserves the right to cancel the payment arrangement for noncompliance. If an arrangement has been cancelled, penalty interest will recommence and the relevant cancellation fee will be applied (as per the Fees and Charges Schedule) as applicable.

The Shire is not obligated to offer a payment arrangement if the ratepayer has had three (3) payment arrangements cancelled because of non-payment or declined payments.

Debt recovery

3.7 The Shire will suspend its debt recovery processes while negotiating a suitable payment arrangement with a debtor/ratepayer. If legal proceedings have commenced, and the debtor/ratepayer lodges a financial hardship application, these proceedings will be temporarily suspended whilst the debtor/ratepayer's application for hardship is reviewed and assessed. If the debtor/ratepayer is successful with their application, no further legal action will be taken whilst the debtor/ratepayer is complying with their payment arrangement. All legal costs incurred prior to the lodgement of financial hardship application remain the responsibility of the debtor/ratepayer for payment.

The Shire reserves the right to recommence the legal proceedings if the debtor/ratepayer's payment arrangement is not adhered to. The Shire will make all reasonable attempts to contact the ratepayer to advise them of the next course of action.

Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance:

- a. remains as a debt on the property until paid;
- b. becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property;
- c. may be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and
- d. does not incur penalty interest charges.

Application Approval

The following concessions may be applied on a case-by-case basis:

- a. Acceptance of temporarily reduced repayments;
- b. A moratorium on interest charges for up to 6 months, after such time as agreed, enter into a payment arrangement for a maximum of 18 months, provided the current year's debts/rates are paid each year within the arrangement;
- c. Waiving of administration fees;
- d. Write off up to \$20 per calendar year of interest accrued during that financial year; and;
- e. Suspension of any pending court actions in relation to debt recovery.

Review

3.8 A debtor/ratepayer dissatisfied with the outcome of their application has the right to appeal to the Chief Executive Officer. Any such appeal must be made in writing and submitted to the Shire of Boddington.

Communication and Confidentiality

3.9 The Shire will maintain confidential communications at all times and undertake to communicate with a nominated support person or other third party at the Ratepayers request.

Summary

This report seeks to authorise the Chief Executive Officer for the purposes of receiving complaints and the withdrawal of complaints in accordance with Schedule 1, Clause 11(3) of the Local Government (Model Code of Conduct) Regulations 2021 (the Regulations) and also delegates to the CEO the power to appoint one or more other persons to receive complaints of alleged breaches of the Code of Conduct. This report also seeks Council endorsement of the form in which complaints of alleged breaches may be received (Attachment 8.6.8C).

Background

The Local Government (Model Code of Conduct) Regulations 2021 were gazetted on 2 February 2021 and took effect on 3 February 2021. This change immediately introduced a Model Code of Conduct that applies to every local government in Western Australia. A Council resolution is required to adopt the new Model Code of Conduct.

The Local Government (Model Code of Conduct) Regulations 2021 (Model Code) includes general principles and behaviours for Elected Members, Committee Members and Candidates, and repeals and replaces the Local Government (Rules of Conduct) Regulations 2007. The Model Code of Conduct is required to be uploaded on the Shire's website once adopted.

Under the Regulations, local governments are required to authorise one or more persons to receive complaints and withdrawals of complaints, and approve a complaint form in which complaints of alleged breaches of the Code may be made.

Comment

The purpose of the Code of Conduct is to guide decisions, actions and behaviours. It also recognises that there is a need for a separate code for Council Members, Committee Members and Candidates (as opposed to an employee Code of Conduct) to clearly reflect community expectations of behaviour and ensure consistency between local governments. The Model Code of Conduct – Explanatory Notes is provided as Attachment 8.6.8B, in relation to the new requirements.

Each local government was previously required to develop their own code of conduct and manage behaviour in accordance with that code. The new Regulations replace individual codes by introducing a Model Code that applies to all Council Members, Committee Members and Candidates. It also provides for a high-level process to deal with complaints to ensure a more consistent approach between local governments and across the sector.

The intent of the Model Code is to address behaviour through education rather than sanctions.

Local governments may not amend Division 2 (Principles) or Division 4 (Rules of Conduct). Additional behaviour requirements can be included in Division 3 (Behaviours) if deemed appropriate by the local government, provided these are consistent with the Model Code. It is recommended that the Model Code of Conduct is adopted as written and included as Attachment 8.6.8C for Council consideration.

It is recommended that the CEO be authorised for the purposes of receiving and withdrawing complaints of alleged breaches of the Model Code and the Code, and further, that the CEO be delegated the power to appoint one or more other persons to receive complaints and withdrawals of complaints.

A form for receipt of complaints of alleged breaches has been modelled on the template form provided by the Department of Local Government, Sport and Cultural Industries (Attachment 8.6.8C).

It is recommended that a Council policy be developed specifically dealing with the investigation of complaints for behavioural breaches. This future policy would provide guidance as to how an investigation would take place and how any decisions relating to the outcome of an investigation may be made. It is anticipated that having such a policy would provide fairness and transparency to the investigation process. A draft policy for this purpose will be presented to a future Council Meeting.

LOCAL GOVERNMENT (MODEL CODE OF CONDUCT) REGULATIONS 2021 – EXPLANATORY NOTES

These regulations bring into effect **sections 48 to 51** of the *Local Government Legislation Amendment Act 2019*.

In particular, the following will take effect: sections 5.102A, 5.103, 5.104 and 5.105.

	Regulation	Explanation
3	Model Code of Conduct	These regulations provide for the model code of conduct for council members, committee members and candidates in Schedule 1.
4	<i>Local Government (Rules of Conduct) Regulations 2007</i> repealed	This regulation repeals the <i>Local Government (Rules of Conduct) Regulations 2007</i> (Rules of Conduct Regulations) as they now form part of the Model Code regulations (Schedule 1, Division 4).
5	<i>Local Government (Administration) Regulations 1996</i> amended	<p>This regulation inserts new Part 9A – Minor breaches by council members - into the Model Code regulations. It replaces existing regulation 4 of the Rules of Conduct Regulations (Contravention of certain local laws) and instead inserts it into the Administration Regulations.</p> <p>Part 9A provides that a contravention of a local law that relates to the conduct of people at council or committee meetings is a minor breach for the purposes of section 5.105(1)(b) of the Act. This is not a rule of conduct, which is why it is separate to the provisions in the Model Code.</p>
6	<i>Local Government (Audit) Regulations 1996</i> amended	This regulation amends the statutory requirements for the compliance audit return to capture the adoption of the Model Code and deletes the reference to the Rules of Conduct Regulations.
7	<i>Local Government (Constitution) Regulations 1998</i> amended	This regulation amends Schedule 1 Form 7 (Declaration by elected member of council) of the Constitution Regulations to reference the code of conduct adopted by the relevant local government, rather than the Rules of Conduct Regulations.
	Schedule 1 – Model code of conduct	
1	Citation	New section 5.104 of the Local Government Act requires local governments to adopt the model code of conduct within three months of these Regulations coming into operation. Until the Model Code is adopted, in accordance with section 5.104(5), the model code is taken to be a local government's adopted code of conduct until the local government adopts a code of conduct.

	Regulation	Explanation
		<p>The Model Code, as drafted, provides a template for local governments to adopt the code as their own by inserting their local government name.</p> <p>In accordance with section 5.104(3), local governments can include additional behaviours under Division 3 that are not inconsistent with the Code, which may not currently be represented.</p> <p>To adopt the code, a resolution needs to be passed by an absolute majority. Once the code is adopted, it must be published on the local government's website.</p>
2	Terms Used	This clause defines "Act", "candidate", "complaint" and "publish". All other terms used have the same meaning as in the Act unless the contrary intention appears.
	Division 2 – General principles	
3	Overview of Division	As per new section 5.103(2)(a), the Model Code is to contain general principles to guide behaviour. These are set out in Division 2.
4	Personal Integrity	<p>This clause outlines specific personal integrity principles, including the need to:</p> <ul style="list-style-type: none"> act with reasonable care and diligence; act with honesty and integrity; act lawfully; identify and appropriately manage any conflict of interest; avoid damage to the reputation of the local government.
5	Relationships with others	This clause outlines principles for relationships with others, including the need to treat others with respect, courtesy and fairness, and maintain and contribute to a harmonious, safe and productive work environment.
6	Accountability	This clause outlines principles for accountability, including that decisions should be based on relevant and factually correct information and that a council or committee member should be open and accountable to, and represent, the community in the district.
	Division 3 - Behaviour	
7	Overview of Division	<p>As per new section 5.103(2)(b), the Model Code is to contain requirements relating to behaviour.</p> <p>This division sets the standards of behaviour which enable and empower members to meet the principles outlined in Division 2. Division 3 behaviour breaches are managed by local</p>

	Regulation	Explanation
		governments, and so the division also includes a mechanism to deal with alleged breaches. The emphasis is on an educative role to establish sound working relationships and avoid repeated breaches.
8	Personal Integrity	<p>This clause provides for behaviours for council members, committee members and candidates, as well as behaviours specific to council and committee members.</p> <p>Behaviours include that a council member, committee member or candidate must ensure their use of social media and other forms of communication comply with the code. Members must also not be impaired by alcohol or drugs in the performance of their official duties.</p>
9	Relationships with others	<p>This clause provides for behaviours related to relationships with others, including the requirement to:</p> <ul style="list-style-type: none"> • deal with the media in a positive and appropriate manner; • not use offensive or derogatory language when referring to another person; • not disparage the character of another council member, committee member, candidate or local government employee in connection with the performance of their official duties; and • not impute dishonest or unethical motives to another council member, committee member, candidate or local government employee in connection with the performance of their official duties.
10	Council or committee meetings	<p>This clause provides for behaviours when attending a council or committee meeting. This includes that a council member, committee member or candidate must not:</p> <ul style="list-style-type: none"> • act in an abusive or threatening manner towards another person; • repeatedly disrupt the meeting; or • make a statement that they know, or could reasonably be expected to know, is false or misleading.
11	Complaints about alleged breach	<p>This clause provides that a person may make a complaint alleging a breach of Division 3 by submitting the complaint in writing (in a form approved by the local government) within one month of the alleged breach occurring.</p> <p>The local government is to authorise at least one person to receive complaints and withdrawals of complaints.</p>

	Regulation	Explanation
12	Dealing with complaint	<p>This clause provides a process for dealing with complaints. Subclause (1) requires local governments to make a finding as to whether the breach occurred, unless the complaint is dismissed (clause 13), or withdrawn (clause 14).</p> <p>Before making a finding, the person to whom the complaint relates must be given a reasonable opportunity to be heard. A finding about whether the breach has occurred should be based on whether it is more likely than not that the breach occurred. This is the same premise used by the Standards Panel in its decision making.</p> <p>If a finding of breach is made, the local government can choose to take no further action or develop a plan to address the person's behaviour. This may include training, mediation, counselling or any other action considered appropriate. Subclause (5) requires that the local government must consult with the person to whom the complaint relates in preparing the plan.</p> <p>After a finding has been made, written notice of the outcome needs to be given to the complainant and the person to whom the complaint relates.</p>
13	Dismissal of complaint	This clause provides that a complaint must be dismissed if the behaviour occurred at a council or committee meeting, and the local government is satisfied that the behaviour has already been dealt with, or the person responsible for the behaviour has taken remedial action in accordance with the meeting procedures local law.
14	Withdrawal of complaint	This clause provides that a complainant may withdraw a complaint at any time before a finding is made.
15	Other provisions about complaints	This clause provides that a complaint about a candidate cannot be dealt with unless the candidate is elected. It also allows local governments to determine the procedure for dealing with complaints to the extent it isn't already provided for.
	Division 4 – Rules of conduct	
16	Overview of Division	<p>As per section 5.103(2)(c) of the Amendment Act, the Model Code contains rules of conduct. The rules of conduct are specific rules for which alleged breaches (minor breaches) are referred to the Standards Panel. A reference to a council member in this division includes a council member acting as a committee member.</p> <p>The Rules of Conduct Regulations are being repealed (see regulation 4 above) and replaced by this Division.</p>

	Regulation	Explanation
17	Misuse of local government resources	This clause is based on regulation 8 of the Rules of Conduct Regulations. It provides that a council member must not misuse local government resources, which includes local government property or services.
18	Securing personal advantage or disadvantaging others	This is based on regulation 7 of the Rules of Conduct Regulations. It provides that a council member must not make improper use of their office to gain advantage or cause detriment to the local government or any other person.
19	Prohibition against involvement in administration	This is based on regulation 9 of the Rules of Conduct Regulations. It provides that a council member must not undertake a task that contributes to the administration of the local government unless authorised by the local government (council) or CEO.
20	Relationship with local government employees	This is based on regulation 10 of the Rules of Conduct Regulations. It provides that a council member or candidate must not direct, influence, abuse or threaten a local government employee.
21	Disclosure of information	This is based on regulation 6 of the Rules of Conduct Regulations. It provides that a council member must not disclose information that is from a confidential document or was acquired at a closed meeting.
22	Disclosure of interests	This is based on regulation 11 of the Rules of Conduct Regulations. It provides that a council member must disclose impartiality interests, which includes interests arising from kinship, friendship or membership of an association.
23	Compliance with plan requirement	This is a new rule of conduct that provides for a minor breach if a council member does not comply with a plan requirement (see clause 12(4)(b)) imposed by the local government following a breach of a behaviour under Division 3.

Code of Conduct for Council Members, Committee Members and Candidates

Division 1 — Preliminary provisions

 - (b) to a person authorised under subclause (3); and
 - (c) within 1 month after the occurrence of the alleged breach.
- (3) The local government must, in writing, authorise 1 or more persons to receive complaints and withdrawals of complaints.

12. Dealing with complaint

- (1) After considering a complaint, the local government must, unless it dismisses the complaint under clause 13 or the complaint is withdrawn under clause 14(1), make a finding as to whether the alleged breach the subject of the complaint has occurred.
- (2) Before making a finding in relation to the complaint, the local government must give the person to whom the complaint relates a reasonable opportunity to be heard.
- (3) A finding that the alleged breach has occurred must be based on evidence from which it may be concluded that it is more likely that the breach occurred than that it did not occur.
- (4) If the local government makes a finding that the alleged breach has occurred, the local government may —
 - (a) take no further action; or
 - (b) prepare and implement a plan to address the behaviour of the person to whom the complaint relates.
- (5) When preparing a plan under subclause (4)(b), the local government must consult with the person to whom the complaint relates.
- (6) A plan under subclause (4)(b) may include a requirement for the person to whom the complaint relates to do 1 or more of the following —
 - (a) engage in mediation;
 - (b) undertake counselling;
 - (c) undertake training;
 - (d) take other action the local government considers appropriate.

- (7) If the local government makes a finding in relation to the complaint, the local government must give the complainant, and the person to whom the complaint relates, written notice of —
 - (a) its finding and the reasons for its finding; and
 - (b) if its finding is that the alleged breach has occurred — its decision under subclause (4).

13. Dismissal of complaint

- (1) The local government must dismiss a complaint if it is satisfied that —
 - (a) the behaviour to which the complaint relates occurred at a council or committee meeting; and
 - (b) either —
 - (i) the behaviour was dealt with by the person presiding at the meeting; or
 - (ii) the person responsible for the behaviour has taken remedial action in accordance with a local law of the local government that deals with meeting procedures.
- (2) If the local government dismisses a complaint, the local government must give the complainant, and the person to whom the complaint relates, written notice of its decision and the reasons for its decision.

14. Withdrawal of complaint

- (1) A complainant may withdraw their complaint at any time before the local government makes a finding in relation to the complaint.
- (2) The withdrawal of a complaint must be —
 - (a) in writing; and
 - (b) given to a person authorised under clause 11(3).

15. Other provisions about complaints

- (1) A complaint about an alleged breach by a candidate cannot be dealt with by the local government unless the candidate has been elected as a council member.
- (2) The procedure for dealing with complaints may be determined by the local government to the extent that it is not provided for in this Division.

Division 4 — Rules of conduct

Notes for this Division:

1. Under section 5.105(1) of the Act a council member commits a minor breach if the council member contravenes a rule of conduct. This extends to the contravention of a rule of conduct that occurred when the council member was a candidate.
2. A minor breach is dealt with by a standards panel under section 5.110 of the Act.

16. Overview of Division

- (1) This Division sets out rules of conduct for council members and candidates.
- (2) A reference in this Division to a council member includes a council member when acting as a committee member.

17. Misuse of local government resources

- (1) In this clause —

electoral purpose means the purpose of persuading electors to vote in a particular way at an election, referendum or other poll held under the Act, the *Electoral Act 1907* or the *Commonwealth Electoral Act 1918*;

resources of a local government includes —

- (a) local government property; and
 - (b) services provided, or paid for, by a local government.
- (2) A council member must not, directly or indirectly, use the resources of a local government for an electoral purpose or other purpose unless authorised under the Act, or by the local government or the CEO, to use the resources for that purpose.

18. Securing personal advantage or disadvantaging others

- (1) A council member must not make improper use of their office —
- (a) to gain, directly or indirectly, an advantage for the council member or any other person; or
 - (b) to cause detriment to the local government or any other person.
- (2) Subclause (1) does not apply to conduct that contravenes section 5.93 of the Act or *The Criminal Code* section 83.

19. Prohibition against involvement in administration

- (1) A council member must not undertake a task that contributes to the administration of the local government unless authorised by the local government or the CEO to undertake that task.
- (2) Subclause (1) does not apply to anything that a council member does as part of the deliberations at a council or committee meeting.

20. Relationship with local government employees

- (1) In this clause —

local government employee means a person —

- (a) employed by a local government under section 5.36(1) of the Act; or
 - (b) engaged by a local government under a contract for services.
- (2) A council member or candidate must not —
- (a) direct or attempt to direct a local government employee to do or not to do anything in their capacity as a local government employee; or
 - (b) attempt to influence, by means of a threat or the promise of a reward, the conduct of a local government employee in their capacity as a local government employee; or
 - (c) act in an abusive or threatening manner towards a local government employee.
- (3) Subclause (2)(a) does not apply to anything that a council member does as part of the deliberations at a council or committee meeting.
- (4) If a council member or candidate, in their capacity as a council member or candidate, is attending a council or committee meeting or other organised event (for example, a briefing or workshop), the council member or candidate must not orally, in writing or by any other means —
- (a) make a statement that a local government employee is incompetent or dishonest; or
 - (b) use an offensive or objectionable expression when referring to a local government employee.

- (5) Subclause (4)(a) does not apply to conduct that is unlawful under *The Criminal Code* Chapter XXXV.

21. Disclosure of information

- (1) In this clause —
- closed meeting** means a council or committee meeting, or a part of a council or committee meeting, that is closed to members of the public under section 5.23(2) of the Act;
- confidential document** means a document marked by the CEO, or by a person authorised by the CEO, to clearly show that the information in the document is not to be disclosed;
- document** includes a part of a document;
- non-confidential document** means a document that is not a confidential document.
- (2) A council member must not disclose information that the council member —
- derived from a confidential document; or
 - acquired at a closed meeting other than information derived from a non-confidential document.
- (3) Subclause (2) does not prevent a council member from disclosing information —
- at a closed meeting; or
 - to the extent specified by the council and subject to such other conditions as the council determines; or
 - that is already in the public domain; or
 - to an officer of the Department; or
 - to the Minister; or
 - to a legal practitioner for the purpose of obtaining legal advice; or
 - if the disclosure is required or permitted by law.

22. Disclosure of interests

- (1) In this clause —
- interest** —
- means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest; and
 - includes an interest arising from kinship, friendship or membership of an association.
- (2) A council member who has an interest in any matter to be discussed at a council or committee meeting attended by the council member must disclose the nature of the interest —
- in a written notice given to the CEO before the meeting; or
 - at the meeting immediately before the matter is discussed.
- (3) Subclause (2) does not apply to an interest referred to in section 5.60 of the Act.
- (4) Subclause (2) does not apply if a council member fails to disclose an interest because the council member did not know —
- that they had an interest in the matter; or
 - that the matter in which they had an interest would be discussed at the meeting and the council member disclosed the interest as soon as possible after the discussion began.

- (5) If, under subclause (2)(a), a council member discloses an interest in a written notice given to the CEO before a meeting, then —
 - (a) before the meeting the CEO must cause the notice to be given to the person who is to preside at the meeting; and
 - (b) at the meeting the person presiding must bring the notice and its contents to the attention of the persons present immediately before any matter to which the disclosure relates is discussed.
- (6) Subclause (7) applies in relation to an interest if —
 - (a) under subclause (2)(b) or (4)(b) the interest is disclosed at a meeting; or
 - (b) under subclause (5)(b) notice of the interest is brought to the attention of the persons present at a meeting.
- (7) The nature of the interest must be recorded in the minutes of the meeting.

23. Compliance with plan requirement

If a plan under clause 12(4)(b) in relation to a council member includes a requirement referred to in clause 12(6), the council member must comply with the requirement.

8.6.9 Robins Road - Extension to Agreement

Summary

Council approval is requested to extend the date for the re-establishment and re-opening of Robins Road, in accordance with a formal request from South32 Worsley Alumina.

Background

The temporary closure of a section of Robins Road was agreed between the Shire of Boddington and South32 Worsley Alumina (South32) in 2009. This agreement was amended in June 2013 to allow closure to 4 July 2021.

South32 made a commitment to the community to re-open this road following the completion of mining across the road reserve, and after the finalisation of the subsequent rehabilitation works.

In consultation and partnership with the Shire of Boddington, Worsley Alumina has been completing the work required for the re-opening of Robbins Road. Re-establishment of Robins Road has been discussed with Shire staff over the past few months.

Comment

In order to enable the completion of an acceptable and safe road, South32 has formally requested an extension to the re-opening date to 31 December 2021. Some tasks in the planning phase are still required to be completed, and an extension to the opening date is considered reasonable.

The request for extension is for a relatively short period, and will ensure that necessary measures are taken to mitigate risks in relation to the design and construction of the road.

A site visit was recently undertaken by Shire of Boddington and South32 staff, as well as being attended by an environmental consultant. This site visit identified the likelihood of additional time being required, beyond the requested 31 December 2021, to complete the project.

It is recommended that the extension is granted to 31 December 2021 as per the request from South32, however, in order to prepare for project delays, Council is requested to consider approving a 12 month extension to the re-opening date, being 4 July 2022.

Strategic Implications

Local Government Act 1995

3.50. Closing certain thoroughfares to vehicles

- 1) A local government may close any thoroughfare that it manages to the passage of vehicles, wholly or partially, for a period not exceeding 4 weeks.

- 1a) A local government may, by local public notice, order that a thoroughfare that it manages is wholly or partially closed to the passage of vehicles for a period exceeding 4 weeks.
- (2) The order may limit the closure to vehicles of any class, to particular times, or to such other case or class of case as may be specified in the order and may contain exceptions.
- (3) repealed
- (4) Before it makes an order wholly or partially closing a thoroughfare to the passage of vehicles for a period exceeding 4 weeks or continuing the closure of a thoroughfare, the local government is to —
 - (a) give local public notice of the proposed order giving details of the proposal, including the location of the thoroughfare and where, when, and why it would be closed, and inviting submissions from any person who wishes to make a submission;
 - (b) give written notice to each person who —
 - (i) is prescribed for the purposes of this section; or
 - (ii) owns land that is prescribed for the purposes of this section; and
 - (c) allow a reasonable time for submissions to be made and consider any submissions made.
- (5) The local government is to send to the Commissioner of Main Roads appointed under the Main Roads Act 1930 a copy of the contents of the notice required by subsection (4)(a).
- (6) An order under this section has effect according to its terms, but may be revoked by the local government, or by the Minister, by order of which local public notice is given.
- (7) repealed
- (8) If, under subsection (1), a thoroughfare is closed without giving local public notice, the local government is to give local public notice of the closure as soon as practicable after the thoroughfare is closed.
- (9) The requirement in subsection (8) ceases to apply if the thoroughfare is reopened.

3.50A. Partial closure of thoroughfare for repairs or maintenance

3. Despite section 3.50, a local government may partially and temporarily close a thoroughfare, without giving local public notice, if the closure —
 - (a) is for the purpose of carrying out repairs or maintenance; and
 - (b) is unlikely to have a significant adverse effect on users of the thoroughfare.

3.51. Affected owners to be notified of certain proposals

- (1) In this section —

“person having an interest”, in relation to doing anything, means a person who —

 - (a) is the owner of the land in respect of which that thing is done, or any land that is likely to be adversely affected by doing that thing;
 - (b) is shown on the title to any of the land mentioned in paragraph (a) as holding an interest in any of that land; or
 - (c) is prescribed for the purposes of this section.
- (2) This section applies to —
 - (a) fixing or altering the level of, or the alignment of, a public thoroughfare; or
 - (b) draining water from a public thoroughfare or other public place onto adjoining land.
- (3) Before doing anything to which this section applies, a local government is to —
 - (a) give notice of what is proposed to be done giving details of the proposal and inviting submissions from any person who wishes to make a submission; and

- (b) allow a reasonable time for submissions to be made and consider any submissions made.
- (4) The notice is to be given –
 - (a) in writing to each person having an interest; and
 - (b) if any land is likely to be adversely affected by the doing of the thing, by local public notice.

8.6.10 Relocation of Sculptures

Location:	Not Applicable
Applicant:	Not Applicable
File Ref. No:	RCSV002
Disclosure of Interest:	Nil
Author:	Chief Executive Officer
Attachments:	8.6.10A Boddington Sculpture Plan

Summary

For Council to consider approving a financial allocation in the 2021/22 year, to fund the relocation of the sculptures currently located at 30 (Lot 210) Bannister Road Boddington.

Background

The Shire currently leases the land at 30 Bannister Road Boddington for the purpose of providing a display for sculptures from the artist in residence program as well as from the inaugural sculpture competition. The lease of this land expires on 15 September 2021, and therefore a decision is required regarding the options for the future placement of the art pieces.

Comment

The Shire of Boddington has a number of public art works already placed around the Shire, with additional pieces owned by community and commercial business. There are a further *twenty one (21)* works that need to be relocated.

It is planned to relocate the sculptures to various locations around the town as per the Boddington Sculpture Plan (Attachment 8.6.10A).

The project needs to be completed by 15 September 2021, due to the expiry of the lease on 30 Bannister Road Boddington on that date, and to avoid any future liability in regard to the use of the land. In order to progress this, a financial allocation is requested to be approved by Council prior to the adoption of the 2021/22 Budget.

A financial allocation of \$15,000 is required, noting that this will be significantly offset by the non-continuation of the lease in the 2021/22 financial year.

Local Government Act – Section 6.8

6.8 Expenditure from municipal fund not included in annual budget

- 1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure:
 - a) is incurred in a financial year before the adoption of the annual budget by the local government; or
 - b) is authorised in advance by resolution*; or
 - c) is authorised in advance by the mayor or president in an emergency.

* Absolute majority required.

Policy Implications

Nil

Financial Implications

The total cost of this project is estimated at \$15,000. This cost is partially offset by the amount of \$7,850, which represents the savings if the lease of 30 Bannister Road Boddington is not continued.

Economic Implications

The progression of the Town Sculpture trail will provide an attraction for both local residents and visitors. The addition of tourism experiences to the town has a positive economic impact to local businesses who are directly or indirectly involved in the servicing of tourists.

Social Implications

Public art adds value to the cultural, aesthetic and economic vitality of the community, contributes to a community's identity, fosters community pride and a sense of belonging, and enhances the quality of life for residents and visitors.

Environmental Considerations

Consultation

The placement of sculptures has been discussed with some members of the community and businesses, where the works are proposed to be placed either in or near their facility.

Options

Council may choose to:

1. Enter into negotiations with the owner of 30 Bannister Road Boddington to extend the lease of the land, and allow the sculptures to remain in that location.
2. Approve the recommendation in line with the Boddington Sculpture Plan.
3. Approve the recommendation with alternative locations for the sculptures.
4. Determine that further consultation is required in relation to the proposed location of the sculptures.

Attachments:	8.6.11A BCRC MOU 8.6.11B BCRC Proposal 2021/22 8.6.11C BCRC Program of Events 2020/21

Summary

Council is requested to consider a proposal from the Boddington Community Resource Centre to continue services and events being delivered under the existing Memorandum of Understanding.

Background

In 2018 the Shire of Boddington agreed to provide funding to the BCRC of \$2,000 per month for two years ending 30 June 2020 to ensure their financial viability following their closure in June 2018. Further discussions were held with the BCRC in 2020 to develop a Memorandum of Understanding for a period of 2 years, and increase the funding to \$2,500 per month in return for the BCRC agreeing to organise a number of community events.

In August 2020, Council resolved:

To agree to provide funding of \$2,500 per month for the financial years 2020-21 and 2021-22 in return for the Boddington Community Resource Centre delivering two grant writing workshops per annum in addition to a number of community events
....."

Attachment 8.6.11C details the community events that were agreed for the 2020-21 year.

Comment

In July 2021, the BCRC provided a schedule of proposed events to be delivered under the second year of the MOU, as well as other items which Council may wish to consider funding through the budget process. The schedule is Attached at 8.6.11B. In summary, the items proposed to be funded under the \$2,500 per month arrangement are:

- Stargazing event
- Friday night Festival event
- Saturday Street Parade event
- Lighting of the Christmas Tree and Thank a Volunteer Events
- Grant writing workshops x 2
- Movie Nights x 2

The Summer in the Park series are excluded from the core events as they are dependent on other funding which is not yet confirmed. Inclusion of these in the base program would mean that the total funded projects are well over the \$30,000 allocation, and require a further budget allocation from Council.

Feedback from the BCRC is that the grant writing workshops in 2020/21 did not attract interest, despite heavy marketing and rescheduling. Currently the BCRC are seeking feedback from the community regarding the services they provide. It is proposed, following the feedback, the BCRC in liaison with the Shire, substitute the grant writing workshops for an alternative event / activity. Early discussions have indicated a business after hours event may be a viable option for replacement.

8.6.12 Tip Pass Proposal

Summary

Council is requested to consider an option to remove the restriction on the number of visits to the Boddington Refuse Disposal Site for residential landowners and tenants.

Background

The Shire of Boddington currently issues 4 tip passes on an annual basis to its residential ratepayers. This process is administered through the rating process and allows one cubic metre of rubbish per visit.

Comment

There are a number of options for managing waste within a local government, with the issuing of a limited number of free tip entries to a waste management facility being the most common. Some local governments provide their residents with unlimited entry to waste facilities for residential waste disposal. This strategy is predominantly implemented to reduce the amount of illegal dumping, which is costly to clean up, and has environmental implications.

The proposal for consideration is as follows:

- a tip pass is issued on an annual basis through the rates process with no limit on visits
- the tip pass would be issued to both townsite and rural properties
- tenants are eligible for a tip pass, upon providing sufficient evidence of residing in the Shire of Boddington
- commercial properties would be required to continue to pay for waste disposal, in accordance with current arrangements

The introduction of unlimited visits, and ability to issue tip passes to tenants, is likely to reduce illegal dumping of household items within the Shire.

It is possible that an initial spike in rubbish disposal may occur for several months, however, given no additional waste is being generated, it is likely that the amount of waste disposed at the tip will return to a normal level relatively quickly.

Currently, as green waste is free to dispose of, it is evident that some rubbish loads have metal and household goods mixed in with the green waste. Unlimited access should result in there being no need to contaminate different categories of waste, and will therefore assist in the management of the tip. To encourage responsible waste disposal, additional signage is proposed to be installed at the Refuse Disposal Site.

Financial Implications

The Shire of Boddington currently issue additional tip passes to businesses and residents for \$25, which allows one cubic metre of waste to be disposed of at the tip. Over the last two years, the income from the sale of tip passes has averaged approximately \$2,500 per annum. Assuming 50% of this income is from businesses, it is reasonable to determine that the Shire will realise a reduction in income of \$1,250 per annum.

In addition to the reduction in income, there is also likely to be a reduction in resourcing required to manage illegal dumping. Currently, an estimated 48 hours per annum of the Shire of Boddington workforce, are spent cleaning up and transferring rubbish to the waste facility.

Environmental Considerations

It is important to consider ways to educate the community on best practice waste disposal methods as a part of this initiative. Promoting recycling opportunities and other waste re-use options offer an alternative from landfill.

Options

Council may choose to:

1. Continue with the current option of issuing 4 tip passes to residents
2. Transition to an unlimited tip pass system
3. Defer a transition to an unlimited tip pass system until a future financial year
