

‘Carports’ Information Sheet: A carport is a roofed structure designed to accommodate one or more motor vehicles, is unenclosed and is without a door.

What can I build?

The Carports can be freestanding or attached to a dwelling and can be constructed from metal or wood.

Generally, in a residential zone, carports:

- less than 9m in length are permitted to have a nil setback from a side and 1m from a rear boundary;
- over 9m in length are permitted to have a 1.5m setback from a side or rear boundary;
- on a secondary street boundary require a 1.5m setback regardless of the length of the structure;
- attached to or detached from a dwelling are included in the front 6m average calculation;
- constructed at right angles to the street may have a minimum front setback of 3m.

Do I need a Building Permit?

A *Building Regulations 2012* state that construction, erection, assembly or placement a freestanding patio with a floor area of 10m² or less and an overall height of no more than 2.4m does not require a Building Permit.

All carports that are attached to another structure require a Building Permit, regardless of size or height.

How long does it take to get a Building Permit?

The *Building Act 2011* sets time frames in which the Shire of Boddington has to assess and determine an application for a Building Permit.

The applicable timeframe depends on whether the building application is Uncertified or Certified.

It is important that you are aware of allowed time frames prior to lodging your application and that your application documentation is complete at the time of submission.

Should further information be required by the Shire of Boddington in order to assess the building application, the applicant may be given up to 21 calendar days in which to provide the outstanding information.

If the information is not received within the 21 days, the application may

be refused unless mutual consent has been granted for a further 21 days.

Uncertified Building Applications

An Uncertified Building Application can be submitted for Class 10 structures, such as a carport.

The Shire of Boddington has up to 25 business days from the date of lodgement to assess the application and issue a Building Permit. The required Certificate of Design Compliance will be issued by the Shire of Capel as part of the application process.

Certified Building Applications

A Certified Building Application can be submitted for all Classes of structure.

Prior to lodging a Certified Building Application, a private Building Surveying Practitioner would need to be engaged to issue a Certificate of Design Compliance.

The Shire of Boddington has up to 10 business days from the date of lodgement to assess the application and issue a Building Permit.

How long until my permit expires?

A Building Permit is generally valid for two years from the date on which it was granted.

If more time is required to complete the building works, you can apply for an extension of time of up to a further six months by making a formal application and paying the prescribed fee.

What happens when I have completed my building works?

The nominated builder on the Building Permit must submit a Notice of Completion BA7 form to the Shire of Boddington within seven days.
